[Docket No. CP20–48–000]

Iroquois Gas Transmission System, L.P.; Notice of Revised Comment Period Deadline

On June 11, 2021, the Commission issued a notice setting August 2, 2021, as the date to file comments on the draft Environmental Impact Statement (EIS) for the Enhancement by Compression Project. The comment due date was based on the Environmental Protection Agency (EPA) issuing its **Federal Register** Notice of Availability of the EIS on the following Friday, June 18, 2021, consistent with EPA's filing guidance and procedures. However, in observance of Juneteenth (as announced on June 17, 2021), the EPA did not issue its **Federal Register** notice for the EIS until June 25, 2021. Per Title 40 Code of Federal Regulations Section 1506.11, it is the EPA's notice that establishes the beginning dates for comment periods on EISs. Therefore, the Commission is notifying all interested parties that the comment period now expires on August 9, 2021.

Dated: July 8, 2021.

Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208–3676 (toll free), or (202) 502–8659 (TTY). In lieu of electronic filing, you may submit a paper copy. Submissions sent via the U.S. Postal Service must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426.

Submissions sent via any other carrier must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, MD 20852. The first page of any filing should include docket number P–298–082. Comments emailed to Commission staff are not considered part of the Commission record.

The Commission's Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person whose name appears on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. *Description of Request:* The licensee requests Commission approval through the end of 2021 for a temporary variance of the minimum flow requirements below the Kaweah No. 1

and No. 2 diversions, as required by Article 405 of the project license. The licensee states that the projected runoff is extremely low, and current runoff in the Kaweah River and East Fork Kaweah River is at the lowest level in 20 years. Being that the licensee cannot accurately forecast long-term runoff during this extreme drought event, it is proactively requesting the temporary variance to allow it to balance available instream flow with its contractual water rights obligations, should it become necessary. Should drought conditions persist and the temporary variance is implemented, the licensee would deliver the minimum amount of water necessary through the respective diversion in order to meet its contractual water rights obligations; the licensee would not generate at the respective powerhouse(s) during implementation of the variance. The licensee would only implement the variance in the event that low inflow into the diversion dam(s) impairs the ability to meet both minimum instream flow releases and domestic water supply requirements. Additionally, the licensee proposes to monitor and report flow conditions to U.S. Fish and Wildlife Service and California Department of Fish and Wildlife during the temporary variance.

l. *Locations of the Application:* The Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's website at <http://www.ferc.gov/docs-filing/elibrary.asp>. n. *Comments, Protests, or Motions to Intervene:* Anyone may submit comments, a protest, or a motion to

intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.
