Polyethylene Terephthalate (PET) Resin From Canada, China, India, and Oman; Notice of Commission Determination To Conduct Full Five-Year Reviews

ACTION: Notice.

SUMMARY: The Commission hereby gives notice that it will proceed with full reviews pursuant to the Tariff Act of 1930 to determine whether revocation of the countervailing duty orders on polyethylene terephthalate (“PET”) resin from China and India and the antidumping duty orders on PET resin from Canada, China, India, and Oman would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time. A schedule for the reviews will be established and announced at a later date.

DATES: July 7, 2021.

For further information concerning the conduct of these reviews and rules of general application, consult the Commission’s Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207 subparts A, D, E, and F (19 CFR part 207).

SUPPLEMENTARY INFORMATION: On July 7, 2021, the Commission determined that it should proceed to full reviews in the subject five-year reviews pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)). The Commission found that the domestic interested party group response to its notice of institution and the respondent interested party group response from Oman (86 FR 17197, April 1, 2021) were adequate and that the respondent interested party group responses from Canada, China, and India were inadequate. A record of the Commissioners’ votes, the Commission’s statement on adequacy, and any individual Commissioner’s statements will be available from the Office of the Secretary and at the Commission’s website.

Authority: These reviews are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to §207.62 of the Commission’s rules.

By order of the Commission.

Issued: July 12, 2021.
