Agency Notice of Webinar; Announcement of U.S. Geological Survey (USGS), National Geospatial Program 3D Elevation Program FY21 Informational Training Webinar in Preparation for the Upcoming Release of the USGS Broad Agency Announcement for 3D Elevation Program

AGENCY: U.S. Geological Survey, Department of the Interior.

ACTION: Notice.

SUMMARY: The U.S. Geological Survey is proposing a program-sponsored informational training webinar to provide scripted training to prospective applicants. This 3D Elevation Program (3DEP) training has been developed to encourage applications from federal agencies, states, tribes, private industry and communities across the nation to support the acquisition of high-quality elevation data and a wide range of other three-dimensional representations of the Nation’s natural and constructed features.

DATES: The USGS Broad Agency Announcement (BAA) for 3DEP FY21 Informational Training Webinar will be held on August 11, 2021 1:00–2:30 p.m. ET.

ADDRESSES: Informational training webinar information is available at <https://usgs.gov/3DEP/BAA>.

FOR FURTHER INFORMATION CONTACT: For further information about this webinar contact Diana Thunen by email at gs_baa@usgs.gov, or by telephone at (303) 202–4279.

SUPPLEMENTARY INFORMATION: The goal of the 3DEP is to complete acquisition of nationwide lidar (IfSAR in AK) by 2023 to provide the first ever national baseline of consistent high-resolution elevation data—both bare earth and 3D point clouds—in a timeframe of less than a decade. The 3DEP initiative is

based on the results of the National Enhanced Elevation Assessment (NEEA), which indicated an optimal benefit to cost ratio for Quality Level 2 (QL2) data collected over 8-years to complete national coverage. The implementation model for 3DEP is based on multi-agency partnership funding for data acquisition, with the USGS acting in a lead program management role to facilitate planning and acquisition for the broader community through the use of government contracts and partnership agreements. The annual BAA is a competitive solicitation issued to facilitate the collection of lidar and derived elevation data for the 3DEP. It has been included in the annual Catalog of Domestic Federal Assistance under USGS 15.8 17. Federal agencies, state and local governments, tribes, academic institutions, and the private sector are eligible to submit BAA proposals. The 3DEP informational training webinar will introduce this opportunity to the wide array of prospective applicants and provide a summary of the BAA application procedures. Advanced Registration is required to attend the webinar. Webinar materials will be posted to usgs.gov/3DEP/BAA after the event.

Abstract: The Bureau of Indian Affairs (BIA) is seeking renewal of the approval for the information collection conducted under 25 CFR 11.600(c) and 11.606(c). This information collection allows the Clerk of the Court of Indian Offenses to collect personal information necessary for a Court of Indian Offenses to issue a marriage license or dissolve a marriage. Courts of Indian Offenses have been established on certain Indian reservations under the authority vested in the Secretary of the Interior by 5 U.S.C. 301 and 25 U.S.C. 2, 9, and 13, which authorize appropriations for "Indian judges." The courts provide for the administration of justice for Indian tribes in those areas where the tribes retain jurisdiction over Indians, exclusive of State jurisdiction, but where tribal courts have not been established to exercise that jurisdiction and the tribes has, by resolution or constitutional amendment, chosen to use the Court of Indian Offenses. Accordingly, Courts of Indian Offenses exercise jurisdiction under 25 CFR 11. Domestic relations are governed by 25 CFR 11.600, which authorizes the Court

of Indian Offenses to conduct and dissolve marriages.

In order to obtain a marriage license in a Court of Indian Offenses, applicants must provide the six items of information listed in 25 CFR 11.600(c), including identifying information, such as a Social Security number, information on previous marriage, relationship to the other applicant, and a certificate of the results of any medical examination required by applicable tribal ordinances or the laws of the State in which the Indian country under the jurisdiction of the Court of Indian Offenses is located. To dissolve a marriage, applicants must provide the six items of information listed in 25 CFR 11.606(c), including information on occupation and residency (to establish jurisdiction), information on whether the parties have lives apart for at least 180 days or if there is serious marital discord warranting dissolution, and information on the children of the marriage and whether the wife is pregnant (for the court to determine the appropriate level of support that may be required from the non-custodial parent). (25 CFR 11.601) Two forms are used as part of this information collection, the Marriage License Application and the Dissolution of Marriage Application.

Title of Collection: Law and Order on Indian Reservations—Marriage & Dissolution Applications.

OMB Control Number: 1076-0094.

Form Number: None.
