Paperwork Reduction Act of 1995

This direct final rule does not impose a new collection requirement under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3521). This direct final rule does not impose new recordkeeping or reporting requirements on State or local governments, individuals, businesses, or organizations. Although the direct final rule is applicable to an existing collection of information, the rule merely clarifies certain recordkeeping requirements that already apply to registrants using DEA Form 222 and therefore does not impose any new collection of information requirement. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently validOMB control number.

Congressional Review Act

OIRA has determined that this direct final rule is not a major rule as defined by Subtitle E of the Small Business Regulatory Enforcement Fairness Act of 1996 (known as the Congressional Review Act or CRA), 5 U.S.C. 804(2). This direct final rule will not result in an annual effect on the economy of $100 million or more; a major increase in costs or prices; or significant adverse effects on competition, employment, investment, productivity, innovation, or the ability of United States-based companies to compete with foreign-based companies in domestic and export markets. However, pursuant to the CRA, DEA is submitting a copy of this direct final rule to both Houses of Congress and to the Comptroller General.

List of Subjects

21 CFR Part 1305

Drug traffic control, Reporting and recordkeeping requirements.

For the reasons set out above, DEA amends 21 CFR part 1305 as follows:

PART 1305—ORDERS FOR SCHEDULE I AND II CONTROLLED SUBSTANCES

§ 1305.12 Procedure for executing DEA Forms 222.

* * * * *

(c) * * * The supplier’s DEA registration number may be entered by the purchaser or the supplier.

* * * * *

§ 1305.13 Procedure for filling DEA Forms 222.

* * * * *

(b) A supplier may fill the order, if possible and if the supplier desires to do so, and must record on the original DEA Form 222 its DEA registration number (if not previously entered by the purchaser) and the number of commercial or bulk containers furnished on each item and the date on which containers are shipped to the purchaser. * * *

BILLING CODE 4410–09–P

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

29 CFR Part 1910

[Docket No. OSHA–2020–0004]

RIN 1218–AD36

Occupational Exposure to COVID–19; Emergency Temporary Standard

AGENCY: Occupational Safety and Health Administration (OSHA), Department of Labor.

ACTION: Interim final rule; extension of comment period.

SUMMARY: The period for submitting public comments is being extended by 30 days to allow stakeholders interested in the emergency temporary standard (ETS) additional time to review the ETS and collect information and data necessary for comment.

DATES: The comment period for the interim final rule (ETS) that was published June 21, 2021, at 86 FR 32376, effective June 21, 2021, is extended. Comments on any aspect of the ETS and whether the ETS should be adopted as a permanent standard must be submitted by August 20, 2021.

ADDRESSES:

Written comments: You may submit comments and attachments, identified by Docket No. OSHA–2020–0004, electronically at www.regulations.gov, which is the Federal e-Rulemaking Portal. Follow the online instructions for making electronic submissions.

Instructions: All submissions must include the agency’s name and the docket number for this rulemaking (Docket No. OSHA–2020–0004). All comments, including any personal information you provide, are placed in the public docket without change and may be made available online at www.regulations.gov. Therefore, OSHA cautions commenters about submitting information they do not want made available to the public or submitting materials that contain personal information (either about themselves or others), such as Social Security Numbers and birthdates.

Docket: To read or download comments or other material in the docket, go to Docket No. OSHA–2020–0004 at www.regulations.gov. All comments and submissions are listed in the www.regulations.gov index; however, some information (e.g., copyrighted material) is not publicly available to read or download through that website. All comments and submissions, including copyrighted material, are available for inspection through the OSHA Docket Office. Documents submitted to the docket by OSHA or stakeholders are assigned document identification numbers (Document ID) for easy identification and retrieval. The full Document ID is the docket number (OSHA–2020–0004) plus a unique four-digit code (e.g., OSHA–2020–0004–1033). When citing materials in the docket, OSHA includes the term “Document ID” followed by the last four digits of the Document ID number (e.g., Document ID 1033).

Document ID numbers are used to identify docket materials in this notice. However, OSHA identified supporting information in the ETS (86 FR 32376) by author name and publication year, when appropriate. The agency has also provided a spreadsheet in the docket that identifies the full Document ID for each reference cited in the ETS (see Document ID 1042). This information can be used to search for a supporting document in the docket at http://www.regulations.gov. Contact the OSHA Docket Office at 202–693–2350 (TTY number: 877–889–5627) for assistance in locating docket submissions.

FOR FURTHER INFORMATION CONTACT:

General information and press inquiries: Contact Frank Meilinger, Director, Office of Communications, U.S. Department of Labor; telephone (202) 693–1999; email: meilinger.francis2@dol.gov.

For technical inquiries: Contact Andrew Levinson, Directorate of Standards and Guidance, U.S. Department of Labor; telephone (202) 693–1950.
SUPPLEMENTARY INFORMATION: On June 21, 2021, OSHA issued an ETS to protect healthcare and healthcare support service workers from occupational exposure to COVID–19 in settings where people with COVID–19 are reasonably expected to be present.

The public comment period for the ETS was to close on July 21, 2021, 30 days after publication of the ETS. However, OSHA received requests from several stakeholders to extend the comment period by an additional 30 days, through August 20, 2021 (Document ID 1078; 1079; 1080; 1082; 1083; 1086; 1088; 1089). These stakeholders explained that they need additional time to thoroughly review the ETS, gather input from members, and prepare informed comments (see, e.g., Document ID 1078; 1079; 1080; 1082; 1083; 1086; 1087; 1088; 1089).

OSHA agrees to an extension and believes a 30-day extension of the public comment period is sufficient and appropriate in order to address these stakeholders requests. Therefore, the public comment period will be extended until August 20, 2021.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under the authority in 46 U.S.C. 70041. The Captain of the Port Maryland-National Capital Region (COTP) has determined that potential hazards associated with the power boat races would be a safety concern for anyone intending to operate within certain waters of the Choptank River at Cambridge, MD. The purpose of this rulemaking is to protect event participants, spectators, and transiting vessels on certain waters of Choptank River before, during, and after the scheduled event.

IV. Discussion of Comments, Changes, and the Rule

As noted above, we received no comments on our NPRM published June 7, 2021. There are no changes in the regulatory text of this rule from the proposed rule in the NPRM.

The COTP Maryland-National Capital Region is establishing special local regulations from 9 a.m. on July 24, 2021 until 6 p.m. on July 25, 2021. The special local regulations will be enforced from 9 a.m. to 6 p.m. on July 24th and those same hours on July 25th. The regulated area will cover all navigable waters within Choptank River and Hambrooks Bay bounded by a line connecting the following coordinates: Commencing at the shoreline at Long Wharf Park, Cambridge, MD, at position latitude 38°34′30″N, longitude 076°04′16″W; thence east to latitude 38°34′20″N, longitude 076°03′46″W; thence northeast across the Choptank River along the Senator Frederick C. Malkus, Jr. (US–50) Memorial Bridge, at mile 15.5, to latitude 38°35′30″N, longitude 076°02′52″W; thence west along the shoreline to latitude 38°35′38″N, longitude 076°03′09″W; thence north and west along the shoreline to latitude

invited comments on our proposed regulatory action related to this fireworks display. During the comment period that ended June 22, 2021, we received no comments.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the Federal Register. Delaying the effective date of this rule would be impracticable because the regulated area is needed prior to the start of the event on July 24, 2021, in order to safeguard the public from hazards from power boat racing, including risks of injury or death resulting from near or actual contact among participant vessels, spectator vessels or waterways users if normal traffic were to interfere with the event.

Authority and Signature

James S. Frederick, Acting Assistant Secretary for Labor for Occupational Safety and Health, U.S. Department of Labor, 200 Constitution Avenue NW, Washington, DC 20210, authorized the preparation of this document pursuant to the following authorities: Sections 4, 6, and 8 of the Occupational Safety and Health Act of 1970 (29 U.S.C. 653, 655, 657); Secretary of Labor’s Order 8–2020 (85 FR 58393 (Sept. 18, 2020)); 29 CFR 1910.1083; 1086; 1087; 1088; 1089).

Signed at Washington, DC, on July 12, 2021.

James S. Frederick,
Acting Assistant Secretary for Labor for Occupational Safety and Health.
