

Vineyard Wind. On April 16, 2020 GARFO issued an amended incidental take statement associated with the 2013 Biological Opinion and determined that the issuance of the initial IHA was not likely to jeopardize the continued existence of North Atlantic right, fin, sei and sperm whales. On May 12, 2021, NMFS GARFO determined that their initial consultation remains valid for the Renewal IHA and that the Renewal IHA provides no new information about the effects of the action, nor does it change the extent of effects of the action, or any other basis to require reinitiation of the opinion.

Renewal

NMFS has issued a Renewal IHA to Vineyard Wind for the take of marine mammals incidental to conducting marine site characterization survey activities off the coast of Massachusetts in the areas of the Commercial Lease of Submerged Lands for Renewable Energy Development on the Outer Continental Shelf (OCS-A 0501 and OCS-A 0522) and along potential submarine cable routes to landfall locations in Massachusetts, Rhode Island, Connecticut, and New York. This Renewal IHA is effective from July 15, 2021 through June 20, 2022.

Dated: July 15, 2021.

Catherine Marzin,

Acting Director, Office of Protected Resources,
National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Hydrographic Services Review Panel Meeting for September 1–2, 2021

AGENCY: National Ocean Service (NOS), National Oceanic and Atmospheric Administration (NOAA).

ACTION: Announcement for open public meeting and notice of request for public comments.

SUMMARY: This serves as notice of a virtual public meeting for the NOAA Hydrographic Services Review Panel (HSRP) on September 1, 2021, 12:45–5:30 p.m. EST, and September 2, 2021, 1–5:30 p.m. EST via webinar. The HSRP agenda will be posted in advance on the website. Individuals or groups who want to comment on NOAA navigation services topics are encouraged to submit advance public comments and letters via email or via the question function in the webinar.

DATES: NOAA HSRP public virtual meeting will meet via webinar as follows:

1. September 1, 2021, 12:45–5:30 p.m., EST.

2. September 2, 2021, 1–5:30 p.m., EST.

ADDRESSES: You may submit public comments identified by “September 2021 HSRP meeting public comments” in the subject line of the message in advance of the meeting or request to be added to the meeting announcements list by sending an email request to: Virginia.Dentler@noaa.gov, and hydroservices.panel@noaa.gov.

FOR FURTHER INFORMATION CONTACT: Lynne Mersfelder-Lewis, HSRP program manager, Office of Coast Survey, NOS, NOAA, email: hydroservices.panel@noaa.gov, Lynne.Mersfelder@noaa.gov, and phone 240–533–0064.

SUPPLEMENTARY INFORMATION: Advance registration is required for the webinar at: <https://register.gotowebinar.com/register/5627376790601178124>. The agenda, speakers and time are subject to change, please refer to the website for the most updated information. The HSRP meeting agenda, draft meeting documents, presentations, and background materials are posted and updated online and can be downloaded prior to the meeting at: <https://www.nauticalcharts.noaa.gov/hsrp/hsrp.html> and <https://www.nauticalcharts.noaa.gov/hsrp/meetings.html>. Past HSRP recommendation letters, issue and position papers are located online at: <https://www.nauticalcharts.noaa.gov/hsrp/recommendations.html>.

Public comments are encouraged and requested on the navigation services portfolio for CO–OPS, NGS and OCS. Advance written statements will be shared with the HSRP members and will be included in the meeting public record. Due to the condensed nature of the meeting, each individual or group providing written public comments will be limited to one comment per public comment period with no repetition of previous comments. Comments can also be submitted in writing during the public comment period through the webinar. Comments will be read into the record, transcribed, and become part of the meeting record. Due to time meeting constraints, all comments may not be addressed during the meeting.

The Hydrographic Services Review Panel (HSRP) is a Federal Advisory Committee established to advise the Under Secretary of Commerce for Oceans and Atmosphere, the NOAA Administrator, on matters related to the responsibilities and authorities set forth

in section 303 of the Hydrographic Services Improvement Act of 1998, as amended, and such other appropriate matters that the Under Secretary refers to the Panel for review and advice.

Matters To Be Considered

The panel is convening on issues relevant to NOAA’s navigation services, including offshore wind energy and data sharing for ocean mapping and technology to address ocean mapping in 40 meters and shallower. HSRP regularly discusses stakeholder use of navigation data, products and services, and other topics related to hydrographic surveys, nautical charting, coastal shoreline and ocean mapping, the National Spatial Reference System (NSRS) modernization efforts, navigation services contributions to resilience and coastal data and information systems to support planning for resilience to climate change, contributions to the blue economy, coastal and ocean modeling, PORTS® (Physical Oceanographic Real-Time System) sensor enhancements and expansion, Precision Marine Navigation, Electronic Navigation Charts and the sunset of RASTER charts, the scientific mapping and technology research projects of the cooperative agreements between NOAA and partners at the University of New Hampshire and the University of Southern Florida, and other topics. The meeting will include an update on the plans to address and implement two ocean and coastal mapping strategies—the Alaska Coastal Mapping Strategy (ACMS) and the “Establishing a National Strategy for Mapping, Exploring, and Characterizing the U.S. EEZ” (NOMECE), including the Standard Ocean Mapping Protocol (SOMP). Navigation services include the data, products, and services provided by the NOAA programs and activities that undertake geodetic observations, gravity modeling, coastal and shoreline mapping, bathymetric mapping and modeling, hydrographic surveying, nautical charting, tide and water level observations, current observations, flooding, resilience, inundation and sea level rise, marine and coastal modeling, geospatial and LIDAR data, and related data and topics. This suite of NOAA products and services support safe and efficient navigation, resilient coasts and communities, and the nationwide positioning infrastructure to support America’s climate needs and commerce. The Panel will hear about the missions and uses of NOAA’s navigation services, the value these services bring, and what improvements could be made. Other matters may be considered.

Special Accommodations

This meeting is physically accessible to people with disabilities and there will be sign language interpretation and captioning services. Please direct requests for other auxiliary aids to *Melanie.Colantuno@noaa.gov* at least 10 business days in advance of the meeting.

Kathryn L. Ries,

*Deputy Director, Office of Coast Survey,
National Ocean Service, National Oceanic
and Atmospheric Administration.*

BILLING CODE 3510-JE-P

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Papahānaumokuākea Marine National Monument & University of Hawaii Research Internship Program**

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on March 8, 2021, (86 FR 13340) during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic & Atmospheric Administration (NOAA), Commerce.

Title: Papahānaumokuākea Marine National Monument & University of Hawaii Research Internship Program.

OMB Control Number: 0648-0719.

Form Number(s): None.

Type of Request: Regular submission, extension of a current information collection.

Number of Respondents: 100.

Average Hours per Response:

Scholarship application: 1 hour;

Reference forms: 30 minutes; Support

Letter: 30 minutes.

Total Annual Burden Hours: 62.5.

Needs and Uses: This is a request for extension of a currently approved

information collection. The National Oceanic and Atmospheric Administration's (NOAA) National Ocean Service's Office of National Marine Sanctuaries (ONMS) Papahānaumokuākea Marine National Monument (PMNM) is sponsoring this collection. On June 15, 2006, President George W. Bush established the Papahānaumokuākea Marine National Monument (PMNM) by Presidential Proclamation 8031 under the authority of the American Antiquities Act, 16 CFR 431, to ensure the comprehensive, strong, and lasting protection of the coral reef ecosystems and related resources of the Northwestern Hawaiian Islands (NWHI). At a time when ocean resources around the world are in major decline, the designation of PMNM enabled nearly 140,000 square miles of U.S. land and waters of the region to receive the highest form of environmental protection in the country and created one of the largest marine conservation areas in the world. As part of PMNM's mission to characterize its natural resources, PMNM conducts annual coral reef monitoring expeditions to the NWHI. Additionally, as part of PMNM's education mission, PMNM is committed to providing educational opportunities for students and educators. In order to accomplish these two missions, PMNM has partnered with the University of Hawaii to offer research internships. Each year, a limited number of research internships will be awarded to outstanding undergraduate students in the marine sciences at the University of Hawaii. These internships consist of training students in SCUBA surveys of coral reef fauna, a research expedition to PMNM aboard a NOAA or contract ship, and the development of an independent research project with data from the expedition. Due to the fact that space is very limited for these internships, only a small number of internships can be offered each year. This request collects information from internship applicants in order to allow PMNM staff to select candidates which are best suited for its research internships. The collection of information will consist of an electronic application package, which will be solicited annually from undergraduate students applying for the internship. The application package will include (1) an application form with information on academic background and professional experiences, (2) reference forms by two educational or professional references, and (3) a support letter from one academic professor or advisor. All gathered information would be used only by staff of PMNM for the purpose

of selecting interns, and will not be shared with any other party. None of the information collected will be disseminated to the public.

Affected Public: Individuals.

Frequency: Annually.

Respondent's Obligation: Voluntary.

Legal Authority:

This information collection request may be viewed at *www.reginfo.gov*. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website *www.reginfo.gov/public/do/PRAMain*. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the collection or the OMB Control Number 0648-0719.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

BILLING CODE 3510-JE-P

CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC-2009-0102]

Collection of Information; Proposed Extension of Approval; Comment Request—Follow-Up Activities for Product-Related Injuries Including the National Electronic Injury Surveillance System (NEISS)

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: As required by the Paperwork Reduction Act of 1995, the Consumer Product Safety Commission (CPSC or Commission) requests comments on a proposed extension of approval for an information collection to obtain data on consumer product-related injuries, and follow-up activities for product-related injuries. The Office of Management and Budget (OMB) previously approved the collection of information under OMB Control No. 3041-0029. CPSC will consider all comments received in response to this notice before requesting an extension of approval of this collection of information from OMB.

DATES: Submit written or electronic comments on the collection of information by September 20, 2021.
