### Polyethylene Terephthalate Resin From the People's Republic of China and India: Final Results of the Expedited First Sunset Reviews of the Countervailing Duty Orders

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** As a result of these expedited sunset reviews, the Department of Commerce (Commerce) finds that revocation of the countervailing duty (CVD) orders on polyethylene terephthalate (PET) resin from the People's Republic of China (China) and India would be likely to lead to continuation or recurrence of countervailable subsidies at the levels as indicated in the "Final Results of Sunset Review" section of this notice.

**DATES:** Applicable July 23, 2021.

**FOR FURTHER INFORMATION CONTACT:** Joshua A. DeMoss, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3362.

#### SUPPLEMENTARY INFORMATION:

#### Background

On May 6, 2016, Commerce published the CVD orders on PET resin from China and India in the *Federal Register*.<sup>1</sup> On March 31, 2021, Commerce published the notice of initiation of the first sunset reviews of the *Orders*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).<sup>2</sup> Commerce received a notice of intent to participate from DAK Americas, LLC, Indorama

<sup>1</sup> See *Certain Polyethylene Terephthalate Resin from India and the People's Republic of China: Countervailing Duty Order (India) and Amended Final Affirmative Countervailing Duty Determination and Countervailing Duty Order (People's Republic of China)*, 81 FR 27977 (May 6, 2016) (*Orders*).

<sup>2</sup> See *Initiation of Five-Year (Sunset) Review*, 86 FR 16701 (March 31, 2021).

Ventures USA Inc., and Nan Ya Plastics Corporation, America (collectively, domestic interested parties) within the deadline specified in 19 CFR 351.218(d)(1)(i).<sup>3</sup> Each claimed interested party status under section 771(9)(C) of the Act as domestic producers engaged in the production of PET resin in the United States.

On April 30, 2021, Commerce received a substantive response from the domestic interested parties within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i).<sup>4</sup> On May 3, 2021, two respondent interested parties, CG Roxane, LLC (CG Roxane) and Niagara Bottling, LLC (Niagara), filed substantive responses pursuant to 19 CFR 351.218(d)(3), to the record of the China sunset review.<sup>5</sup> However, for the substantive responses of respondent interested parties to be considered adequate under this regulation, the respondents must account for, on average, more than 50 percent (volume or value) of total exports during the five-year period preceding the year of publication of the initiation notice, pursuant to 19 CFR 351.218(e)(1)(ii)(A). CG Roxane and Niagara failed to demonstrate this. We did not receive a substantive response from any other interested party in these proceedings.

On May 21, 2021, Commerce notified the U.S. International Trade Commission (ITC) that it did not receive an adequate substantive response from respondent interested parties.<sup>6</sup> As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce

<sup>3</sup> See Domestic Interested Parties' Letters, "Five-Year (Sunset) Review of the Countervailing Duty Order on Certain Polyethylene Terephthalate Resin from the People's Republic of China—Domestic Interested Parties' Notice of Intent to Participate," dated April 15, 2021; and "Five-Year (Sunset) Review of the Countervailing Duty Order on Certain Polyethylene Terephthalate Resin from India—Domestic Interested Parties' Notice of Intent to Participate," dated April 15, 2021.

<sup>4</sup> See Domestic Interested Parties' Letters, "Five-Year (Sunset) Review of the Countervailing Duty Order on Certain Polyethylene Terephthalate Resin from the People's Republic of China—Domestic Interested Parties' Substantive Response to Notice of Initiation," dated April 30, 2021 (China Substantive Response); and "Five-Year (Sunset) Review of the Countervailing Duty Order on Certain Polyethylene Terephthalate Resin from India—Domestic Interested Parties' Substantive Response to Notice of Initiation," dated April 30, 2021 (India Substantive Response).

<sup>5</sup> See CG Roxane's Letter, "Sunset Review of Polyethylene Terephthalate Resin from China and Oman: Response to Notice of Institution," dated May 3, 2021; and Niagara's Letter, "Sunset Review of Polyethylene Terephthalate Resin from China: Response to Notice of Institution," dated May 3, 2021.

<sup>6</sup> See Commerce's Letter, "Sunset Review for April 2021," dated May 21, 2021.

conducted expedited (120-day) sunset reviews of these *Orders*.

#### Scope of the Orders

The merchandise covered by these orders is polyethylene terephthalate (PET) resin having an intrinsic viscosity of at least 0.70, but not more than 0.88, deciliters per gram. The scope includes blends of virgin PET resin and recycled PET resin containing 50 percent or more virgin PET resin content by weight, provided such blends meet the intrinsic viscosity requirements above. The scope includes all PET resin meeting the above specifications regardless of additives introduced in the manufacturing process. The merchandise subject to these orders is properly classified under subheading 3907.60.00.30 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the merchandise covered by these orders is dispositive.

#### Analysis of Comments Received

All issues raised in these sunset reviews are addressed in the Issues and Decision Memorandum, including the likelihood of continuation or recurrence of countervailable subsidies and the net countervailable subsidy likely to prevail if the *Orders* were revoked.<sup>7</sup> The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Services System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://enforcement.trade.gov/frn/index.html>. A list of the issues discussed in the decision memorandum is attached to the appendix to this notice.

#### Final Results of Sunset Reviews

Pursuant to sections 751(c)(1) and 752(b) of the Act, Commerce determines that revocation of the *Orders* would be likely to lead to continuation or recurrence of countervailable subsidies at the following rates:

<sup>7</sup> See Memorandum, "Issues and Decision Memorandum for the Expedited First Sunset Review of the Countervailing Duty Orders of Polyethylene Terephthalate Resin from the People's Republic of China and India," dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

#### Methionine From Japan: Final Affirmative Determination of Sales at Less Than Fair Value and Final Negative Determination of Critical Circumstances

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (Commerce) determines that imports of methionine from Japan are being, or are likely to be, sold in the United States at less than fair value (LTFV) for the period of investigation July 1, 2019, through June 30, 2020.

**DATES:** Applicable July 23, 2021.

**FOR FURTHER INFORMATION CONTACT:** Robert Scully, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0572.

#### SUPPLEMENTARY INFORMATION:

##### Background

On March 4, 2021, Commerce published in the **Federal Register** the preliminary affirmative determination in the LTFV investigation of methionine from Japan, in which we also postponed the final determination until July 19, 2021.<sup>1</sup> We invited interested parties to comment on the *Preliminary Determination*. A summary of the events that occurred since Commerce published the *Preliminary Determination* may be found in the Issues and Decision Memorandum.<sup>2</sup>

##### Scope of the Investigation

The product covered by this investigation is methionine from Japan. For a complete description of the scope of this investigation, see Appendix I.

##### Analysis of Comments Received

All the issues raised in the case and rebuttal briefs that were submitted by parties in this investigation are

<sup>1</sup> See *Methionine from Japan: Preliminary Affirmative Determination of Sales at Less Than Fair Value, Preliminary Affirmative Determination of Critical Circumstances and Postponement of Final Determination and Extension of Provisional Measures*, 86 FR 12625 (March 4, 2021) (*Preliminary Determination*), and accompanying Preliminary Decision Memorandum.

<sup>2</sup> See Memorandum, “Issues and Decision Memorandum for the Final Affirmative Determination in the Less-Than-Fair-Value Investigation of Methionine from Japan,” dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is attached to this notice as Appendix II. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/index.html>.

##### Verification

Commerce was unable to conduct on-site verification of the information relied upon in making its final determination in this investigation. However, we took additional steps in lieu of an on-site verification to verify the information relied upon in making this final determination, in accordance with section 782(i) of the Tariff Act of 1930, as amended (the Act).<sup>3</sup>

##### Changes Since the Preliminary Determination

Based on our analysis of the comments received, we have made certain changes to the margin calculations for Sumitomo Chemical Company, Ltd. (Sumitomo Chemical). For a discussion of these changes, see the Issues and Decision Memorandum.

##### All-Others Rate

Section 735(c)(5)(A) of the Act provides that the estimated weighted-average dumping margin for all other producers and exporters not individually investigated shall be equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated excluding rates that are zero, *de minimis*, or determined entirely under section 776 of the Act.

Commerce calculated an individual estimated weighted-average dumping margin for Sumitomo Chemical. Therefore, the only rate which is not zero, *de minimis*, or determined entirely under section 776 of the Act is the rate calculated for Sumitomo Chemical. Consequently, the rate calculated for Sumitomo Chemical is also assigned as the rate for all other producers and exporters.

<sup>3</sup> See Commerce’s Letter, “Request for Documentation,” dated March 17, 2021; see also Sumitomo Chemical’s Letter, “Methionine from Japan: Resubmission of March 25, 2021 Verification Questionnaire Response,” dated April 6, 2021.
