Captain of the Port Duluth or a designated on-scene representative. Vessels and personnel granted permission to enter the safety zone shall obey the directions of the Captain of the Port Duluth, their designated representative, or any Official Patrol displaying a Coast Guard Ensign.

This notice of enforcement is issued under authority of 33 CFR 165.943 and 5 U.S.C. 552 (a). In addition to this publication in the Federal Register, the Coast Guard will provide the maritime community with advance notification of the enforcement of this enforcement period via Broadcast Notice to Mariners or other suitable means. The Captain of the Port Duluth may be contacted via Channel 16, VFH–FM or at (218) 428–9357.

Dated: July 19, 2021.

F.M. Smith.
Commander, U.S. Coast Guard, Captain of the Port.

DEPARTMENT OF HOMELAND SECURITY
Coast Guard

33 CFR Part 165
[Docket No. USCG–2021–0573]

Safety Zone; Spirit Lake Dredging

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Notice of enforcement of regulation.

SUMMARY: The Coast Guard will enforce the USX Superfund Site Safety Zones: St. Louis River, and this notice of enforcement serves as a reminder to mariners this is still an enforced safety zone under Coast Guard regulations. Our regulation for safety zones within the Ninth Coast Guard District identifies this area is a regulated area within Spirit Lake Duluth, MN. In addition to this notice of enforcement in the Federal Register, the Coast Guard plans to provide notification of this enforcement period via the Local Notice to Mariners and marine information broadcasts.

Dated: July 19, 2021.

Frances M. Smith,
CDR, U.S. Coast Guard, Captain of the Port
USCG Duluth.

BILLING CODE 9110–04–P

DEPARTMENT OF HOMELAND SECURITY
Coast Guard

33 CFR Part 165
[Docket Number USCG–2021–0248]

RIN 1625–AA00

Safety Zone; Cumberland River, Nashville, TN

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone from mile marker 190.5 to 191.5 of the Cumberland River. The safety zone is needed to protect life and the marine environment from potential hazards created by Music City Grand Prix fireworks display. This rule prohibits persons and vessels from being in the safety zone unless authorized by the Captain of the Port Sector Ohio Valley or a designated representative.

DATES: This rule is effective from 9 p.m. until 10:30 p.m. on August 7, 2021.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to https://www.regulations.gov, type USCG–2021–0248 in the search box and click “Search.” Next, in the Document Type column, select “Supporting & Related Material.”

FOR FURTHER INFORMATION CONTACT: If you have questions about this rule, call or email Petty Officer Third Class Benjamin Gardner and Marine Safety Detachment Nashville, U.S. Coast Guard; telephone 615–736–5421, email Benjamin.t.gardner@uscg.mil.

I. Table of Abbreviations
CFR Code of Federal Regulations
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable. The Coast Guard was notified of the event without ample time for the NPRM process. We must establish this safety zone by August 7, 2021, and lack sufficient time to provide a reasonable comment period and then consider those comments before issuing this rule.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the Federal Register. Delaying the effective date of this rule would be contrary to public interest because immediate action is needed to ensure the safety of the participants and vessels during the Music City Grand Prix Fireworks Display on August 7, 2021.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The
B. Impact on Small Entities

This rule establishes a temporary safety zone on the Cumberland River, starting at mile marker 190.5 and ending at 191.5, extending from bank to bank within the river. The safety zone will be enforced from 9 p.m. to 10:30 p.m. on August 7, 2021. The duration of the zone is intended to protect personnel, vessels, and the marine environment in these navigable waters while the Music City Grand Prix Fireworks Display is taking place. No vessel or person will be permitted to enter the safety zone without obtaining permission from the Coast Guard or a designated representative.

IV. Discussion of the Rule

This rule establishes a temporary safety zone on the Cumberland River before or after the Music City Grand Prix Fireworks Display on August 7, 2021, will be a safety concern for anyone within a 1.0 mile radius of the fireworks barge. This rule is needed to protect personnel, vessels, and the marine environment in the navigable waters within the safety zone while the Music City Grand Prix Fireworks display is occurring.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protesters.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size, location, duration, and time-of-day of the safety zone. Vessel traffic will be able to safely transit around this safety zone which would impact a small designated area of the Cumberland River before or after the time of the events on each day. Moreover, the Coast Guard would issue a Broadcast Notice to Mariners via VHF–FM marine channel 16 about the zone, and the rule would allow vessels to seek permission to enter the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the FOR FURTHER INFORMATION CONTACT section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and you have questions concerning its provisions or options for compliance, please call or email the person listed in the FOR FURTHER INFORMATION CONTACT section.

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone lasting 1.5 hours spread over the course of 1 day that would prohibit entry within 1 mile of the fireworks barge. It is categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, implementing instructions, and Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone lasting 1.5 hours spread over the course of 1 day that would prohibit entry within 1 mile of the fireworks barge. It is categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1, A Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the ADDRESSES section of this preamble.

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of $100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone lasting 1.5 hours spread over the course of 1 day that would prohibit entry within 1 mile of the fireworks barge. It is categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1, A Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the ADDRESSES section of this preamble.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.
List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

1. The authority citation for part 165 continues to read as follows:

Authority: 46 U.S.C. 70034, 70051; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

2. Add § 165.T08–0248 to read as follows:

§ 165.T08–0248 Safety Zone; Cumberland River, Nashville, TN.

(a) Location. The following area is a safety zone: All navigable waters of the Cumberland River from mile marker 190.5 to mile marker 191.5.

(b) Definitions. As used in this section, designated representative means a Coast Guard Patrol Commander, including a Coast Guard coxswain, petty officer, or other officer operating a Coast Guard vessel and a Federal, State, and local officer designated by or assisting the Captain of the Port Sector Ohio Valley (COTP) in the enforcement of the safety zone.

(c) Regulations. (1) Under the general safety zone regulations in subpart C of this part, you may not enter the safety zone described in paragraph (a) of this section unless authorized by the COTP or the COTP’s designated representative.

(2) To seek permission to enter, contact the COTP or the COTP’s representative by VHF–FM radio channel 16 or phone at 1–800–253–7465. Those in the safety zone must comply with all lawful orders or directions given to them by the COTP or the COTP’s designated representative.

(d) Enforcement periods. This section will be enforced from 9 p.m. until 10:30 p.m. on August 7, 2021.

Dated: July 14, 2021.

A.M. Beach,
Captain, U.S. Coast Guard, Captain of the Port Sector Ohio Valley.

BILLING CODE 9110–04–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

Finding of Failure To Submit a State Implementation Plan To Meet the 1987 24-Hour PM_{10} Standard; Moderate Area Requirements; West Pinal County; Arizona

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is making a finding that Arizona has not submitted a required revision to the Arizona State Implementation Plan (SIP) for the West Pinal County nonattainment area addressing Clean Air Act (CAA) requirements for a Moderate area attainment plan, related rules, and other analyses needed to attain the 1987 24-hour particulate matter (PM_{10}) National Ambient Air Quality Standard (NAAQS) by December 31, 2018. Under the CAA, Arizona was required to submit a moderate area PM_{10} attainment plan for West Pinal County no later than January 2, 2014, and so on December 21, 2015. On May 17, 2021, Arizona withdrew its Moderate area attainment plan submission. This finding establishes a deadline for EPA to promulgate a Federal Implementation Plan (FIP) to address these CAA requirements 24 months from the effective date of this finding. The CAA also provides for the imposition of sanctions if Arizona does not submit the required attainment plan within timeframes specified by the CAA.

DATES: This finding is effective on August 23, 2021.

ADDRESSES: The EPA has established a docket for this action identified by the following identification number, EPA–R09–OAR–2021–0373. Generally, documents in the docket for this action are available electronically at the www.regulations.gov website. Although listed in the index, some information is not publicly available, e.g., Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available through https://www.regulations.gov, or please contact the person identified in the FOR FURTHER INFORMATION CONTACT section for additional availability information.

If you need assistance in a language other than English or if you are a person with disabilities who needs a reasonable accommodation at no cost to you, please contact the person identified in the FOR FURTHER INFORMATION CONTACT section.

FOR FURTHER INFORMATION CONTACT: Jerry Wamsley, EPA Region IX, (415) 947–4111, wamsley.jerry@epa.gov.

SUPPLEMENTARY INFORMATION: Section 553 of the Administrative Procedure Act (APA), 5 U.S.C. 553(b)(B), provides that an agency may issue a rule without providing notice and an opportunity for public comment when that agency finds for good cause that notice and public procedure are impracticable, unnecessary, or contrary to the public interest. The EPA has determined that there is good cause for issuing this finding without prior proposal and opportunity for comment because there is little or no judgment involved for the EPA to make a finding of failure to submit SIPs or elements of SIPs required by the CAA, where states have not submitted a required SIP revision by the date specified by statute, made incomplete submissions, or, as in this case, withdrawn an existing submission. In such circumstances, EPA finds that notice and public procedures are unnecessary and that this constitutes good cause under 5 U.S.C. 553(b)(B).

Throughout this document, “we,” “us,” and “our” refer to the EPA.

Table of Contents

I. Background and Statutory Requirements
A. The PM_{10} NAAQS and the EPA’s Nonattainment Redesignation of West Pinal County
B. CAA Moderate PM_{10} Nonattainment Area Requirements for West Pinal County
C. Consequences of This Finding That Arizona Failed To Submit a PM_{10} Implementation Plan for West Pinal County
II. Final Action
III. Statutory and Executive Order Reviews
I. Background and Statutory Requirements
A. The PM_{10} NAAQS and the EPA’s Nonattainment Redesignation of West Pinal County

The EPA sets the NAAQS for certain ambient air pollutants at levels required to protect public health and welfare. Particulate matter with an aerodynamic diameter less than or equal to a nominal ten micrometers, or PM_{10}, is one of the ambient air pollutants for which the EPA has established health-based standards. The EPA revised the NAAQS (or “standards”) for particulate matter on July 1, 1987, replacing the standards for total suspended particulates (TSP.
