

diameter rebar with aluminum cap, set by Krier in 2004;

THENCE, North 39°45' West, on the southwest boundary of The Port Safety Roadhouse Trade Site, a distance of 488.08 feet to the westerly corner of The Port Safety Roadhouse Trade Site, on the southerly right-of-way boundary of the Nome-Council Highway monumented with a 5/8 inch diameter rebar with aluminum cap, set by Krier in 2004;

THENCE, North 42°55' East, on the southerly right-of-way boundary of the Nome-Council Highway, identical, in part, with the northwest boundary of The Port Safety Roadhouse Trade Site, a distance of 413.85 feet to the POINT OF BEGINNING containing 5.09 acres of land.

BASIS OF BEARINGS—South 47°57' East, being the bearing from corner No. 1, U.S. Survey No. 480, Alaska, a meander corner, to corner No. 2, U.S. Survey No. 480, Alaska, referenced to the true meridian.

Based on the past use of the subject parcel for a commercial establishment by Mr. Charles J. Reader and his late father, it is the authorized officer's decision to offer the proposed commercial lease with appropriate terms and conditions to Mr. Charles J. Reader on a non-competitive basis because competitive bidding would represent an unfair competitive and economic disadvantage to Mr. Charles J. Reader. As noted above, the use of this parcel constitutes an inadvertent trespass that was discovered by BLM in 2005, along with an encroachment into the Alaska Department of Transportation (ADOT) road right-of-way. The Reader family has since worked with BLM to settle the trespass and entered into short term permits for their occupation of public lands, including the stipulation requiring the permit holder obtain an encroachment permit from ADOT. Subsequent to the BLM's receipt of a proposal to lease public lands by Mr. Charles J. Reader that complies with all applicable requirements set forth at 43 CFR 2920.5, processing of the proposed lease will take place in accordance with 43 CFR 2920.6 and other applicable regulations.

Information and documentation regarding processing of the lease proposal is available as described in **ADDRESSES**, and reference should be made to the National Environmental Policy Act (NEPA) analysis to be conducted under Environmental Assessment DOI-BLM-AK-A010-2020-0013-EA. The BLM will not make a final decision on the lease until all required analyses are completed. If authorized, the lease would be subject

to provisions of the FLPMA, all applicable regulations of the Secretary of the Interior, including, but not limited to, 43 CFR part 2920, and to valid existing rights. The proposed lease would also be subject to the applicant obtaining an encroachment permit from the ADOT for the term of the lease, or written documentation from ADOT stating it concurs with the lease term. The land use permit and establishment of a land lease are consistent with the Kobuk Seward Peninsula Resource Management Plan approved in September 2008.

Upon publication of this notice in the **Federal Register**, the lands will be segregated from all other forms of appropriation under the public land laws, including the general mining laws, except for leasing under the mineral leasing laws, and disposals under the mineral material disposal laws.

Classification Comments: Interested persons may submit comments on the establishment of a land lease interest in these public lands. Comments on the classification is restricted to whether the lands are physically suited for the establishment of a land lease for commercial activities, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

Interested persons may submit comments regarding the establishment of a land lease and whether the BLM followed proper administrative procedures in reaching the establishment of a land lease interest.

Only written comments submitted by postal service or overnight mail addressed to "Field Manager, BLM Anchorage Field Office, 4700 BLM Road, Anchorage, Alaska 99507" will be considered properly filed. Electronic mail, facsimile, or telephone comments will not be considered properly filed.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Any adverse comments will be reviewed by the BLM Alaska State Director, who may sustain, vacate, or modify these realty actions. In the absence of any adverse comments, the decision will become effective August 27, 2021.

(Authority: 43 CFR 2920)

Chad B. Padgett,
State Director.

National Register of Historic Places; Notification of Pending Nominations and Related Actions

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: The National Park Service is soliciting electronic comments on the significance of properties nominated before July 17, 2021, for listing or related actions in the National Register of Historic Places.

DATES: Comments should be submitted electronically by August 12, 2021.

ADDRESSES: Comments are encouraged to be submitted electronically to *National_Register_Submissions@nps.gov* with the subject line "Public Comment on <property or proposed district name, (County) State>." If you have no access to email you may send them via U.S. Postal Service and all other carriers to the National Register of Historic Places, National Park Service, 1849 C Street NW, MS 7228, Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Sherry A. Frear, Chief, National Register of Historic Places/National Historic Landmarks Program, 1849 C Street NW, MS 7228, Washington, DC 20240, *sherry_frear@nps.gov*, 202-913-3763.

SUPPLEMENTARY INFORMATION: The properties listed in this notice are being considered for listing or related actions in the National Register of Historic Places. Nominations for their consideration were received by the National Park Service before July 17, 2021. Pursuant to Section 60.13 of 36 CFR part 60, comments are being accepted concerning the significance of the nominated properties under the National Register criteria for evaluation.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we

cannot guarantee that we will be able to do so.

BILLING CODE 4312–52–P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[Docket No. BOEM–2021–0018]

Research Lease Issuance for Marine Hydrokinetic Energy on the Pacific Outer Continental Shelf Offshore Oregon

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of lease issuance.

SUMMARY: This notice informs the public of the Bureau of Ocean Energy Management's (BOEM's) issuance of an executed, noncompetitive lease, Renewable Energy Lease No. OCS–P 0560, to Oregon State University for marine hydrokinetic research activities offshore Oregon and defines the size of the lease area. This notice is issued under BOEM's regulations.

FOR FURTHER INFORMATION CONTACT: Dr. Whitney Hauer, BOEM Pacific Region, Office of Strategic Resources, 760 Paseo Camarillo (Suite 102), Camarillo, California 93010, (805) 384–6263 or whitney.hauer@boem.gov.

SUPPLEMENTARY INFORMATION: On March 24, 2014, BOEM published in the **Federal Register** a public notice of an unsolicited request for an Outer Continental Shelf renewable energy research lease submitted by Oregon State University (OSU) for marine hydrokinetic (MHK) research activities. 79 FR 16050 (Mar. 24, 2014). The public notice included a request for competitive interest (RFCI) and a request for public comment.

After evaluating the comments received in response to the RFCI, on June 20, 2014, BOEM published in the **Federal Register** its determination that there was no competitive interest in the area requested by OSU. 79 FR 35377 (June 20, 2014). On February 16, 2021, BOEM issued a lease for MHK research activities to OSU for the PacWave South project, a proposed open ocean wave energy test center, to be located approximately 6 nautical miles offshore Newport, Oregon.

The total acreage of the lease area is approximately 4,270 acres. The lease area is comprised of 12 aliquots (*i.e.*, sub-blocks) within Official Protraction Diagram Newport Valley NL10–10 Blocks 6481 and 6531. The project easement is a 200-foot-wide corridor on which five cables will be located within Official Protraction Diagrams Newport Valley NL 10–10 Block 6531 and Salem NL 10–11 Blocks 6501 and 6551.

Lease issuance by BOEM is a prerequisite for a license from the
