

available after August 26, 2021). The meeting applied an ecological model focusing on family of origin abuse across the lifespan, victimization by peers and friends, romantic and sexual partner violence, and community violence. Phase III included working groups to identify and describe research opportunities to further understand the role of violence in the health of SGM individuals. The working groups were comprised of these five domains:

- Demographics and Epidemiology
- Risk Factors and Pathways
- Preventive Interventions
- Treatment-focused Interventions
- Ethics and Logistical Challenges

Phase IV will involve moderated discussions with the presenters from the Phase III working groups to refine research opportunities needed to further our understanding of violence in SGM communities. Audience feedback, comments, and questions during this session will help further refine the proposed research opportunities.

**AGENCY:** U.S. Customs and Border Protection, Department of Homeland Security.

**ACTION:** General notice.

**SUMMARY:** This document announces that U.S. Customs and Border Protection (CBP) is adjusting certain customs user fees and corresponding limitations established by the Consolidated Omnibus Budget Reconciliation Act (COBRA) for Fiscal Year 2022 in accordance with the Fixing America's Surface Transportation Act (FAST Act) as implemented by the CBP regulations.

**DATES:** The adjusted amounts of customs COBRA user fees and their corresponding limitations set forth in this notice for Fiscal Year 2022 are required as of October 1, 2021.

#### SUPPLEMENTARY INFORMATION:

##### I. Background

##### A. Adjustments of COBRA User Fees and Corresponding Limitations for Inflation

On December 4, 2015, the Fixing America's Surface Transportation Act (FAST Act, Pub. L. 114-94) was signed into law. Section 32201 of the FAST Act amended section 13031 of the Consolidated Omnibus Budget Reconciliation Act (COBRA) of 1985 (19 U.S.C. 58c) by requiring the Secretary of the Treasury (Secretary) to adjust certain

customs COBRA user fees and corresponding limitations to reflect certain increases in inflation.

Sections 24.22 and 24.23 of title 19 of the Code of Federal Regulations (19 CFR 24.22 and 24.23) describe the procedures that implement the requirements of the FAST Act. Specifically, paragraph (k) in § 24.22 (19 CFR 24.22(k)) sets forth the methodology to determine the change in inflation as well as the factor by which the fees and limitations will be adjusted, if necessary. The fees and limitations subject to adjustment, which are set forth in appendix A and appendix B of part 24, include the commercial vessel arrival fees, commercial truck arrival fees, railroad car arrival fees, private vessel arrival fees, private aircraft arrival fees, commercial aircraft and vessel passenger arrival fees, dutiable mail fees, customs broker permit user fees, barges and other bulk carriers arrival fees, and merchandise processing fees, as well as the corresponding limitations.

##### B. Determination of Whether an Adjustment Is Necessary for Fiscal Year 2022

In accordance with 19 CFR 24.22, CBP must determine annually whether the fees and limitations must be adjusted to reflect inflation. For Fiscal Year 2022, CBP is making this determination by comparing the average of the Consumer Price Index—All Urban Consumers, U.S. All items, 1982-1984 (CPI-U) for the current year (June 2020-May 2021) with the average of the CPI-U for the comparison year (June 2019-May 2020) to determine the change in inflation, if any. If there is an increase in the CPI-U of greater than one (1) percent, CBP must adjust the customs COBRA user fees and corresponding limitations using the methodology set forth in 19 CFR 24.22(k). Following the steps provided in paragraph (k)(2) of § 24.22, CBP has determined that the increase in the CPI-U between the most recent June to May twelve-month period (June 2020-May 2021) and the comparison year (June 2019-May 2020) is 1.94<sup>1</sup> percent. As the increase in the CPI-U is greater than one (1) percent, the customs COBRA user fees and corresponding limitations must be adjusted for Fiscal Year 2022.

<sup>1</sup> The figures provided in this notice may be rounded for publication purposes only. The calculations for the adjusted fees and limitations were made using unrounded figures, unless otherwise noted.

*C. Determination of the Adjusted Fees and Limitations*

Using the methodology set forth in § 24.22(k)(2) of the CBP regulations (19 CFR 24.22(k)), CBP has determined that the factor by which the base fees and limitations will be adjusted is 11.009 percent (base fees and limitations can be found in appendices A and B to part 24 of title 19). In reaching this determination, CBP calculated the values for each variable found in paragraph (k) of 19 CFR 24.22 as follows:

- The arithmetic average of the CPI-U for June 2020–May 2021, referred to as (A) in the CBP regulations, is 261.992;
- The arithmetic average of the CPI-U for Fiscal Year 2014, referred to as (B), is 236.009;

- The arithmetic average of the CPI-U for the comparison year (June 2019–May 2020), referred to as (C), is 257.092;
- The difference between the arithmetic averages of the CPI-U of the comparison year (June 2019–May 2020) and the current year (June 2020–May 2021), referred to as (D), is 4.900;
- This difference rounded to the nearest whole number, referred to as (E), is 5;
- The percentage change in the arithmetic averages of the CPI-U of the comparison year (June 2019–May 2020) and the current year (June 2020–May 2021), referred to as (F), is 1.94 percent;
- The difference in the arithmetic average of the CPI-U between the current year (June 2020–May 2021) and the base year (Fiscal Year 2014), referred to as (G), is 25.984; and

- Lastly, the percentage change in the CPI-U from the base year (Fiscal Year 2014) to the current year (June 2020–May 2021), referred to as (H), is 11.009 percent.

*D. Announcement of New Fees and Limitations*
