Unified Agenda of Federal Regulatory and Deregulatory Actions

AGENCY: General Services Administration (GSA).

ACTION: Semiannual regulatory agenda.

SUMMARY: This agenda announces the proposed regulatory actions that GSA plans for the next 12 months and those that were completed since the fall 2020 edition. This agenda was developed under the guidelines of Executive Orders 12866 “Regulatory Planning and Review,” and Executive Order 13563 “Improving Regulation and Regulatory Review.” GSA’s purpose in publishing this agenda is to allow interested persons an opportunity to participate in the rulemaking process. GSA also invites interested persons to recommend existing significant regulations for review to determine whether they should be modified or eliminated. Published proposed rules may be reviewed in their entirety at the Government’s rulemaking website at http://www.regulations.gov.

Since the fall 2007 edition, the internet has been the basic means for disseminating the Unified Agenda. The complete Unified Agenda will be available online at www.reginfo.gov, in a format that offers users a greatly enhanced ability to obtain information from the Agenda database.

Because publication in the Federal Register is mandated for the regulatory flexibility agendas required by the Regulatory Flexibility Act (5 U.S.C. 602), GSA’s printed agenda entries include only:

1) Rules that are in the Agency’s regulatory flexibility agenda, in accordance with the Regulatory Flexibility Act, because they are likely to have a significant economic impact on a substantial number of small entities; and

2) Any rules that the Agency has identified for periodic review under section 610 of the Regulatory Flexibility Act.

Printing of these entries is limited to fields that contain information required by the Regulatory Flexibility Act’s Agenda requirements. Additional information on these entries is available in the Unified Agenda published on the internet. In addition, for fall editions of the Agenda, the entire Regulatory Plan will continue to be printed in the Federal Register, as in past years, including GSA’s regulatory plan.

FOR FURTHER INFORMATION CONTACT: Lois Mandell, Division Director, Regulatory Secretariat Division, 1800 F Street NW, 2nd Floor, Washington, DC 20405–0001, 202–501–2735.

Dated: March 11, 2021.

Krystal J. Brumfield, Associate Administrator, Office of Government-Wide Policy.

219. General Service Acquisition Regulation (GSAR); GSAR Case 2020–G512, System for Award Management Representation for Leases

Legal Authority: 40 U.S.C. 121(c)
Abstract: The General Services Administration (GSA) is proposing to amend the General Services Administration Acquisition Regulation (GSAR) to remove the requirement for lease offerors for non-high-security space to have an active System for Award Management (SAM) registration when submitting offers and instead allow offers up until the time of award to obtain an active SAM registration. Entities seeking Federal leases differ from the typical entities seeking Federal contracts in that common practice is to form a new entity for every new lease offer. Requiring representations from these entities prior to offer submission restricts competition.

Abstract: The General Services Administration (GSA) is proposing to amend the General Services Administration Acquisition Regulation (GSAR) to establish a new clause to allow for a pass-through of taxes under payments for lease construction. The real estate tax base for a newly built or renovated building is uncertain until a tax assessment is completed, which can be a year or more after occupancy in some jurisdictions. Removing the tax base from the shell rent of a lease and providing a pass-through of the real estate taxes in lieu of a real estate tax adjustment over a base during the term of the lease will remove an element of risk from the pricing of rent, will result in greater competition, and will lower rental rates.

Legal Authority: 40 U.S.C. 121(c); 5 U.S.C. 801; Pub. L. 115–232 sec. 889
Abstract: The General Services Administration (GSA) is proposing to amend the General Services Administration Acquisition Regulation (GSAR) to extend the requirements of section 889 of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2019 (Pub. L. 115–232) to lease acquisitions by requiring inclusion of the related Federal Acquisition Regulation (FAR) provisions and clause. Generally, the FAR does not apply to leasehold acquisitions of real property. However, several FAR provisions have been adopted based on statutory requirements through GSAR part 570. Section 889 applies to Government lease acquisitions and extension of the FAR requirements will ensure compliance.
