A. Overview of Information Collection

Title of Information Collection: Rent Reform Demonstration: 6-Year Follow-Up.

OMB Approval Number: 2528-0306.

Type of Request: Revision or extension of currently approved collection.

Form Number: N/A.

Description of the need for the information and proposed use:

The Department is conducting this study under contract with MDRC and its subcontractors (The Bronner Group, Quadel Consulting Corporation, and the Urban Institute). The project is a

random assignment trial of an alternative rent system. Families are randomly assigned to participate either in the new/alternative rent system or to continue in the current system. For voucher holders, outcomes of the alternative system are hypothesized to be increases in earnings, employment and job retention, among others. Random assignment will limit the extent to which selection bias drives observed results. The evaluation will document the progress of a group of housing voucher holders, who will be drawn from current residents, and the impact of the alternative rent system on the families as well as the administrative burden on Public Housing Agencies (PHAs). Three PHAs continue to participate in the long-term evaluation:

(1) Lexington Housing Authority (LHA), Lexington, Kentucky;

(2) Louisville Metro Housing Authority (LMHA), Louisville, Kentucky;

(3) San Antonio Housing Authority (SAHA), San Antonio, Texas; and

Data collection efforts include the families that are part of the treatment and control groups, as well as PHA staff. Data will be gathered through a variety of methods including informational interviews and discussions, direct observation, and analysis of administrative records. The work covered under this information request is for data collection proposed for the 6-year follow-up phase of the Rent Reform Demonstration.
