

publication of this notice in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all entries of LWRPT from Turkey entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**, as provided for by section 751(a)(2)(C) of the Act: (1) If a company-specific weighted-average dumping margin was previously established in a completed segment of this proceeding for any of the six companies listed above, then the cash deposit rate will continue to be equal to the company-specific weighted-average dumping margin established for the company in the most recently completed segment (except, if the rate is *de minimis*, *i.e.*, less than 0.5 percent, then the cash deposit rate will be zero percent); (2) for merchandise exported by a company not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for that company in the most recently completed segment of this proceeding in which the company was included; (3) if the exporter of the subject merchandise does not have its own rate but the producer has its own rate, the cash deposit rate will be the company-specific rate established in the most recently completed segment of the proceeding for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 27.04 percent, the all-others rate established in the less-than-fair-value investigation.⁴

These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's

presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

These final results of administrative review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h)(1).

Dated: July 27, 2021.

Strontium Chromate From France: Preliminary Results of Antidumping Duty Administrative Review; 2019-2020

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily finds that Société Nouvelle des Couleurs Zinciques (SNCZ) made sales of subject merchandise at less than normal value during the period of review (POR) May 17, 2019, through October 31, 2020. Interested parties are invited to comment on these preliminary results.

DATES: Applicable August 2, 2021.

FOR FURTHER INFORMATION CONTACT: Dennis McClure, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-5973.

SUPPLEMENTARY INFORMATION:

Background

In accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act), Commerce is conducting an administrative review of the antidumping duty order on strontium chromate from France.¹ On May 6, 2020, in accordance with 19 CFR 251.221(c)(1)(i), we initiated the administrative review of the *Order* covering SNCZ, the only company

requested for review.² For a complete description of the events between the initiation of this review and these preliminary results, *see* the Preliminary Decision Memorandum.³

Scope of the Order

The products covered by the *Order* are strontium chromate from France. The merchandise subject to review is currently classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) under subheading 2841.50.9100. Subject merchandise may also enter under HTSUS subheading 3212.90.0050. For a full description of the scope of this *Order*, *see* the Preliminary Decision Memorandum.⁴

Methodology

Commerce conducted this review in accordance with section 751(a) of the Act. We calculated export price and constructed export price in accordance with section 772 of the Act. We calculated normal value in accordance with section 773 of the Act.

For a full description of the methodology underlying these preliminary results, *see* the Preliminary Decision Memorandum. A list of topics discussed in the Preliminary Decision Memorandum is attached as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, the signed Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>.

Preliminary Results of the Review

We preliminarily determine that the following weighted-average dumping margin exists for the period May 17, 2019, through October 31, 2020:

Producer and/or exporter	Weighted-average dumping margin (percent)
Société Nouvelle des Couleurs Zinciques	14.65

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b)(1), Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this administrative review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

If SNCZ's weighted-average dumping margin is not *de minimis* (*i.e.*, less than 0.50 percent), upon completion of the final results, Commerce intends to calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for each importer's examined sales to the total entered value of those sales. Where we do not have entered values for all U.S. sales to a particular importer, we will calculate an importer-specific, per-unit assessment rate on the basis of the ratio of the total amount of dumping calculated for the importer's examined sales to the total quantity of those sales.⁵ To determine whether an importer-specific, per-unit assessment rate is *de minimis*, in accordance with 19 CFR 351.106(c)(2), we also will calculate an importer-specific *ad valorem* ratio based on estimated entered values. Where either SNCZ's weighted-average dumping margin is zero or *de minimis*, or an importer-specific *ad valorem* assessment rate is zero or *de minimis*, we will instruct CBP to liquidate appropriate entries without regard to antidumping duties.⁶ For entries of subject merchandise during the POR produced by SNCZ for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate such entries at the all-others rate⁷ if there is no rate for the intermediate company(ies) involved in the transaction.⁸

⁵ See 19 CFR 351.212(b)(1).

⁶ See 19 CFR 352.106(c)(2); see also *Antidumping Proceeding: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings; Final Modification*, 77 FR 8101, 8103 (February 14, 2012).

⁷ See *Order*.

⁸ For a full discussion of this practice, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.⁹

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review, as provided for by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for SNCZ will be equal to the weighted-average dumping margin established in the final results of this review (except, if that rate is *de minimis*, then the cash deposit rate will be zero); (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently-completed segment of this proceeding in which they were reviewed; (3) if the exporter is not a firm covered in this review or the underlying LTFV investigation but the producer is, then the cash deposit rate will be the rate established for the most recently-completed segment of this proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 32.16 percent, the all-others rate established in the LTFV investigation.¹⁰ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Disclosure, Public Comment, and Opportunity To Request a Hearing

We intend to disclose the calculations performed for these preliminary results of review to interested parties within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).
