SUPPLEMENTARY INFORMATION:

I. Background

Congress enacted the *Not Invisible Act of 2019* (Act), Public Law 116–166, 134 Stat. 766 (2020), to increase intergovernmental coordination to identify and combat violent crime within Indian lands and against Indians. Section 4 of the Act requires that the Secretary of the Interior (Secretary), in coordination with the United States Attorney General, establish and appoint commission members (both Federal and non-Federal) to a Joint Commission on Reducing Violent Crime Against Indians (Commission) to develop recommendations on actions the Federal Government can take to identify, coordinate, and combat violent crime on Indian lands and against Indians.

There are many Federal programs tasked with addressing violent crime. However, the agencies that operate these programs do not have an overarching strategy to properly deploy these resources in Indian Country and urban Indian communities. Program implementation often takes place without considering the unique needs of Native communities in this context. The Act addresses these concerns by providing an opportunity for the Federal Government to improve its efforts to combat the growing crisis of murder, trafficking, and the disappearance of Indigenous men and women.

II. Work of the Commission

Section 4(c)(2)(A) of the Act requires the Commission to develop recommendations on actions the Federal Government can take to help combat violent crime and within Indian lands and of Indians, including recommendations for:

(i) Identifying, reporting, and responding to instances of missing persons, murder, and human trafficking on Indian lands and of Indians;

(ii) legislative and administrative changes necessary to use programs, properties, or other resources funded or operated by the DOI and Department of Justice to combat the crisis of missing or murdered Indians and human trafficking on Indian lands and of Indians;

(iii) tracking and reporting data on instances of missing persons, murder, and human trafficking on Indian lands and of Indians;

(iv) addressing staff shortages and open positions within relevant law enforcement agencies, including issues related to the hiring and retention of law enforcement officers;

(v) coordinating Tribal, State, and Federal resources to increase prosecution of murder and human trafficking offenses on Indian lands and of Indians; and

(vi) increasing information sharing with Tribal governments on violent crime investigations and prosecutions in Indian lands that were terminated or declined.

The Act requires the Commission to submit all recommendations to the Secretary of the Interior, the Attorney General, the Senate Committees on the Judiciary and on Indian Affairs, the House Committees on the Judiciary and on Natural Resources and make their recommendations publicly available. For more information see <https://www.bia.gov/as-ia/nia>.

III. Commission Membership, Responsibilities and Criteria

A. Commission Membership

In accordance with the Act, the Commission is exempt from the Federal Advisory Committee Act (FACA) requirements.

The Secretary will coordinate with the Attorney General to establish the Commission and appoint members. The Commission must be composed of a minimum of 27 qualified Federal and non-Federal members who represent diverse experiences, backgrounds, geography, and Tribes of diverse sizes who are able to provide balanced points of view on the duties of the Commission. The Secretary is seeking non-Federal nominations for

representatives to serve on the Commission who represent one or more of the interests in Section C and who fulfill the additional skills and expertise listed in the same section.

In making membership decisions, the Secretary will consider whether the interest represented by a nominee will be affected significantly by the final products of the Commission, which may include report(s) and/or proposed recommendations; whether that interest is already adequately represented by other nominees; and whether the potential addition would adequately represent that interest.

Federally registered lobbyists are ineligible to serve on all FACA and non-FACA boards, committees, or councils in an individual capacity. The term “individual capacity” refers to individuals who are appointed to exercise their own individual best judgment on behalf of the government, such as when they are designated Special Government Employees, rather than being appointed to represent a particular interest.

B. Commission Member Responsibilities

The Commission is expected to meet approximately 3–5 times and each meeting is expected to last multiple hours for a consecutive 2–3 days each. The initial meeting may be held by teleconference and/or web conference; later meetings may be held either virtually or in person, or a mixture of both. Between meetings, Commission members are expected to participate in work group or subcommittee work via conference call, email and/or virtually. The Commission’s work is expected to occur over the course of 18 months as identified in the Act. The Commission may hold hearings, meet and act at times and places, take testimony, and receive evidence as the Commission

considers to be advisable to carry out its duties.

Because of the scope and complexity of the tasks at hand, Commission members must be able to invest considerable time and effort in the process. Commission members must be able to attend all Commission meetings, hearings, work on Commission work groups, consult with their constituencies between Commission meetings, and negotiate in good faith toward a consensus on issues before the Commission. Because of the complexity of the issues under consideration, as well as the need for continuity, the Secretary reserves the right to replace any member who is unable to participate in the Commission’s meetings, hearings, and work group meetings with an alternate member.

The DOI commits to pay the reasonable travel and per diem expenses of Commission members, if appropriate, to attend in-person meetings and hearings.

C. Membership Criteria

Prospective members need to have a strong capacity for teamwork, tracking relevant Federal Government programs and policy making procedures, and coordinating with and acting on behalf of the entity they represent.
