SUPPLEMENTARY INFORMATION:

Background

On July 10, 2020, based on a timely request for review, in accordance with 19 CFR 351.221(c)(1)(i), we initiated an administrative review on large diameter welded carbon and alloy steel line pipe (large diameter welded pipe) from Greece.1 This review covers one producer and exporter of the subject merchandise, Corinth Pipeworks Pipe Industry S.A. (Corinth).

On July 21, 2020, Commerce tolled deadlines in administrative reviews by 60 days, thereby extending the deadline for these results until April 1, 2021.2 On March 10, 2021, we extended the deadline for these preliminary results by 120 days, until July 30, 2021.3 For a complete description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum.4

Commerce intends to issue the final results of this administrative review, including the results of its analysis of issues raised in any written briefs, not later than 120 days after the date of publication of this notice, unless otherwise extended.14

Assessment Rates

Upon completion of the administrative review, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries.15

Where the respondent did not report entered value, we calculated the entered value in order to calculate the assessment rate. Where Corinth’s weighted-average dumping margin is zero or de minimis within the meaning of 19 CFR 351.106(c)(1), or an import-specific rate is zero or de minimis, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. Commerce’s “automatic assessment” will apply to entries of subject merchandise during the POR produced by companies included in these final results of review for which the reviewed companies did not know that the merchandise they sold to the U.S. company, or exporter) was destined for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for the exporter listed above will be equal to the weighted-average dumping margin established in the final results of this review, except if the rate is less than 0.50 percent and therefore de minimis, (2) for companies not participating in this review, the cash deposit rate will continue to be the company-specific cash deposit rate published for the most recently completed segment; (3) if the exporter is not a firm covered in this review or the original less-than-fair-value (LTFV) investigation, but the producer is, then the cash deposit rate will be the cash deposit rate established for the most recently completed segment for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 10.26 percent, the all-others rate established in the LTFV investigation.17 These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(f)(1) of the Act.

Dated: July 29, 2021.

Christian Marsh,
Acting Assistant Secretary for Enforcement and Compliance.
