Estimate of Burden: Public reporting burden for this collection of information is estimated to average between 10 and 60 minutes per respondent. In all states except Hawaii, operations with less than \$100,000 in sales of floriculture products respond to a reduced number of questions related to operation characteristics while operations with sales greater than \$100,000 complete the entire questionnaire. In Hawaii, all operations with sales of at least \$10,000 will complete the full questionnaire. The proposed increase in burden reflects the additional respondents from the program change.

Respondents: Farms and businesses.

Estimated Number of Respondents: 12,200.

Estimated Total Annual Burden on Respondents: 6,400 hours.

Comments: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, through the use of appropriate automated, electronic, mechanical, technological, or other forms of information technology collection techniques.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that the producers/exporters subject to this administrative review made sales of subject merchandise at less than normal value (NV) during the period of review (POR) May 1, 2019, through April 30, 2020. Additionally, Commerce preliminarily determines that two companies for which we initiated reviews had no shipments during the POR. Interested parties are invited to comment on these preliminary results.

DATES: Applicable August 6, 2021.

SUPPLEMENTARY INFORMATION:

Background

On July 10, 2020, based on timely requests for review in accordance with 19 CFR 351.221(c)(1)(i), we initiated an administrative review of the antidumping duty (AD) order on certain carbon and alloy steel cut-to-length plate from Belgium.¹ This review covers 22 producers and/or exporters of the subject merchandise.² Commerce selected two companies, Industeel Belgium S.A. (Industeel) and NLMK Belgium, for individual examination. The producers and/or exporters not selected for individual examination are listed in the “Preliminary Results of the Review” section of this notice.

On July 21, 2020, Commerce tolled deadlines for all preliminary and final

² Commerce collapsed NLMK Clabecq S.A., NLMK Plate Sales S.A., NLMK Sales Europe S.A., NLMK Manage Steel Center S.A., and NLMK La Louviere S.A. as a single entity (collectively, NLMK Belgium) in the less-than-fair-value investigation. results in administrative reviews by 60 days, thereby extending the deadline for these results until April 1, 2021.³ On February 24, 2021, Commerce extended the preliminary results of this review by 120 days, until July 30, 2021.⁴ For a complete description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum.⁵

Scope of the Order

The products covered by the order are certain carbon and alloy steel hot-rolled or forged flat plate products not in coils, whether or not painted, varnished, or coated with plastics or other non-metallic substances from Belgium. Products subject to the order are currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under item numbers: 7208.40.3030, 7208.40.3060, 7208.51.0030, 7208.51.0045, 7208.51.0060, 7208.52.0000, 7211.13.0000, 7211.14.0030, 7211.14.0045, 7225.40.1110, 7225.40.1180, 7225.40.3005, 7225.40.3050, 7226.20.0000, and 7226.91.5000. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise subject to this scope is dispositive.⁶

Methodology

Commerce is conducting this review in accordance with sections 751(a)(1)(B) and (2) of the Tariff Act of 1930, as amended (the Act). Export price and constructed export price are calculated in accordance with section 772 of the Act. NV is calculated in accordance with section 773 of the Act.

Preliminary Determination of No Shipments

Two companies under review, AG der Dillinger Huttenwerke (Dillinger) and Industeel France S.A.S. (Industeel France), filed statements reporting that they made no shipments of subject merchandise to the United States during the POR.⁷ U.S. Customs and Border Protection (CBP) provided no information to contradict these claims of no shipments during the POR.⁸ Therefore, we preliminarily determine that Dillinger and Industeel France had no shipments during the POR. Consistent with our practice, we find that it is not appropriate to preliminarily rescind the review with respect to Dillinger or Industeel France, and we will instead complete the review for these companies and issue appropriate instructions to CBP based on the final results of this review.⁹

Preliminary Results of the Review

We preliminarily determine that the following weighted-average dumping margins exist for the respondents for the period May 1, 2019, through April 30, 2020:

Producers/exporters	Weighted-average dumping margin (percent)
Industeel Belgium S.A	0.51

Rate for Non-Examined Companies

The Act and Commerce’s regulations do not address the establishment of a weighted-average dumping margin to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a less-than-fair-value (LTFV) investigation, for guidance when calculating the weighted-average dumping margin for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding rates that are zero, *de minimis* (i.e., less than 0.5 percent), or determined entirely on the basis of facts available.

Consistent with section 735(c)(5)(A) of the Act, we determined the weighted-average dumping margin for each of the non-selected companies by using the weighted-average dumping margins calculated for Industeel France and NLMK Belgium in this administrative review.

Disclosure and Public Comment

Commerce intends to disclose the calculations performed in connection with these preliminary results to interested parties within five days after

the date of publication of this notice.¹⁰ Interested parties may submit case briefs to Commerce no later than 30 days after the date of publication of this notice.¹¹ Rebuttal briefs, limited to issues raised in the case briefs, may be filed no later than seven days after the time limit for filing case briefs.¹² Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.¹³ Case and rebuttal briefs should be filed using ACCESS.¹⁴

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, filed electronically via ACCESS within 30 days after the date of publication of this notice.¹⁵ Hearing requests should contain: (1) The party’s name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Oral presentations at the hearing will be limited to issues raised in the briefs. If a request for a hearing is made, Commerce intends to hold the hearing at a date and time to be determined.¹⁶ Parties should confirm the date, time, and location of the hearing two days before the scheduled date.

An electronically-filed document must be received successfully in its entirety by ACCESS by 5:00 p.m. Eastern Time on the established deadline. Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.¹⁷

Commerce intends to issue the final results of this administrative review, including the results of its analysis of issues raised in any written briefs, not later than 120 days after the date of publication of this notice, unless otherwise extended.¹⁸

Assessment Rates

Upon completion of the administrative review, Commerce shall determine, and CBP shall assess,

¹⁰ See 19 CFR 351.224(b).

¹¹ See 19 CFR 351.309(c).

¹² Commerce is exercising its discretion, under 19 CFR 351.309(d)(1), to alter the time limit for filing of rebuttal briefs.

¹³ See 19 CFR 351.309(c)(2) and (d)(2).

¹⁴ See 19 CFR 351.303.

¹⁵ See 19 CFR 351.310(c).

¹⁶ See 19 CFR 351.310(d).

¹⁷ See *Temporary Rule Modifying AD/CVD Service Requirements Due to COVID-19; Extension of Effective Period*, 85 FR 41363 (July 10, 2020).

¹⁸ See section 751(a)(3)(A) of the Act.

antidumping duties on all appropriate entries.¹⁹

Pursuant to 19 CFR 351.212(b)(1), we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of the sales. Where either the respondent's weighted-average dumping margin is zero or *de minimis*, within the meaning of 19 CFR 351.106(c)(1), or an importer-specific rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For the companies that were not selected for individual review, we will assign an assessment rate based on the average of the cash deposit rates calculated for Industeel and NLMK Belgium, excluding any rates that are zero, *de minimis*, or determined entirely based on adverse facts available. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.

Commerce's "automatic assessment" will apply to entries of subject merchandise during the POR produced by companies included in these final results of review for which the reviewed companies did not know that the merchandise they sold to the intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.²⁰

Further, if we continue to find, in the final results, that Dillinger and Industeel France had no shipments of subject merchandise during the POR, we will instruct CBP to liquidate any suspended entries that entered under their AD case number (i.e., at that exporter's rate) at the all-others rate, if there is no rate for the intermediate company(ies) involved in the transaction.

Consistent with its recent notice,²¹ Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the

final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for the exporters listed above will be equal to the weighted-average dumping margin established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for companies not participating in this review, the cash deposit rate will continue to be the company-specific cash deposit rate published for the most recently completed segment; (3) if the exporter is not a firm covered in this review, or the original LTFV investigation, but the producer is, then the cash deposit rate will be the cash deposit rate established for the most recently completed segment for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 5.40 percent, the all-others rate established in the LTFV investigation.²² These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these preliminary results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: July 30, 2021.

Christian Marsh,

Acting Assistant Secretary for Enforcement and Compliance.

Aluminum Extrusions From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review and Rescission of Review in Part; 2019–2020

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is conducting an administrative review of the antidumping duty (AD) order on aluminum extrusions from the People's Republic of China (China). The period of review (POR) is May 1, 2019, through April 30, 2020. Commerce preliminarily determines that, because Kingtom Aluminio S.R.L. (Kingtom) exported merchandise from the Dominican Republic that is Chinese in origin, Kingtom is a third-country exporter and is not eligible for a separate rate and that, because Kingtom did not identify a Chinese exporter, we are unable to use the information provided by Kingtom to apply our non-market economy (NME) calculation methodology. Additionally, we preliminarily determine that none of the companies for which an administrative review was requested, and the request was not withdrawn, have demonstrated their eligibility for a separate rate and are, therefore, part of the China-wide entity, unless they have submitted a valid statement of no shipments. Interested parties are invited
