Rules 17Ad–15

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (“PRA”) (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) is soliciting comments on the existing collection of information provided for in Rule 17Ad–15 (17 CFR 240.17Ad–15) (“Rule 17Ad–15”) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) (“Exchange Act”). The Commission plans to submit this existing collection of information to the Office of Management and Budget (“OMB”) for extension and approval.

Rule 17Ad–15 requires every registered transfer agent to establish written standards for the acceptance of guarantees of securities transfers from eligible guarantor institutions. Every registered transfer agent is also required to establish procedures, including written guidelines where appropriate, to ensure that the transfer agent uses those standards to determine whether to accept or reject guarantees from eligible guarantor institutions. In implementing these requirements, the Commission’s purpose is to ensure that registered

transfer agents treat eligible guarantor institutions equitably.

Additionally, Rule 17Ad–15 requires every registered transfer agent to make and maintain records in the event the transfer agent determines to reject signature guarantees from eligible guarantor institutions. Registered transfer agents’ records must include, following the date of rejection, a record of the rejected transfer, along with the reason for rejection, the identification of the guarantor, and an indication whether the guarantor failed to meet the transfer agent’s guarantee standards.

Rule 17Ad–15 requires registered transfer agents to maintain these records for a period of three years. The Commission designed these mandatory recordkeeping requirements to assist the Commission and other regulatory agencies with monitoring registered transfer agents and ensuring compliance with the rule. This rule does not involve the collection of confidential information.

The Commission estimates that approximately 366 registered transfer agents will spend a total of approximately 14,640 hours per year complying with recordkeeping requirements of Rules 17Ad–15 (40 hours per year per registered transfer agent).

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission’s estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

Regulation BTR

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Regulation Blackout Trade Restriction (“Regulation BTR”) (17 CFR 245.100–245.104) clarifies the scope and application of Section 306(a) of the Sarbanes-Oxley Act of 2002 (“Act”) (15 U.S.C. 7244(a)). Section 306(a)(6) [15 U.S.C. 7244(a)(6)] of the Act requires an issuer to provide timely notice to its directors and executive officers and to the Commission of the imposition of a blackout period that would trigger the statutory trading prohibition of Section 306(a)(1) [15 U.S.C. 7244(a)(1)]. Section 306(a) of the Act prohibits any director or executive officer of an issuer of any equity security, directly or indirectly, from purchasing, selling or otherwise acquiring or transferring any equity security of that issuer during any blackout period with respect to such equity security, if the director or executive officer acquired the equity security in connection with his or her service or employment. Approximately 1,230 issuers file Regulation BTR notices approximately 5 times a year for a total of 6,150 responses. We estimate that it takes approximately 2 hours to prepare the blackout notice for a total annual burden of 2,460 hours. The issuer prepares 75% of the 2,460 annual burden hours for a total reporting burden of (1,230 issuers × 2 hours per issuer × 0.75) 1,845 hours. In addition, we estimate that an issuer distributes a

notice to five directors and executive officers at an estimated 5 minutes per notice (1,230 blackout period × 5 notices × 5 minutes) for a total reporting burden of 512 hours. The combined annual reporting burden is (1,845 hours + 512 hours) 2,357 hours.

Written comments are invited on: (a) Whether this proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden imposed by the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

Please direct your written comment to David Bottom, Director/Chief Information Officer, Securities and Exchange Commission, c/o Cynthia Roscoe, 100 F Street NE, Washington, DC 20549 or send an email to: PRA_Mailbox@sec.gov.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-92592; File No. SR-NYSEAMER-2021-35]

Self-Regulatory Organizations; NYSE American LLC; Notice of Filing and Immediate Effectiveness of Proposed Change To Amend the NYSE American Equities Price List and Fee Schedule

August 6, 2021.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (“Act”)² and Rule 19b-4 thereunder,³ notice is hereby given that, on July 30, 2021, NYSE American LLC (“NYSE American” or “Exchange”) filed with the Securities and Exchange

Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the NYSE American Equities Price List and Fee Schedule (“Price List”) to offer an optional monthly per security credit to Electronic Designated Market Makers (“eDMM”) that elect to receive a lower transaction credit per share credit for adding liquidity to the Exchange. The proposed change is available on the Exchange's website at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Price List to offer an optional monthly per security credit to eDMMs that elect to receive a lower transaction credit per share credit for adding liquidity to the Exchange.

The proposed changes respond to the current competitive environment where order flow providers have a choice of where to direct liquidity-providing orders by offering further incentives for eDMMs to increase quoting on, and send additional displayed liquidity to, the Exchange.

The Exchange proposes to implement the fee changes effective August 2, 2021.

Competitive Environment

The Exchange operates in a highly competitive market. The Commission has repeatedly expressed its preference

for competition over regulatory intervention in determining prices, products, and services in the securities markets. In Regulation NMS, the Commission highlighted the importance of market forces in determining prices and SRO revenues and, also, recognized that current regulation of the market system “has been remarkably successful in promoting market competition in its broader forms that are most important to investors and listed companies.”⁴

While Regulation NMS has enhanced competition, it has also fostered a “fragmented” market structure where trading in a single stock can occur across multiple trading centers. When multiple trading centers compete for order flow in the same stock, the Commission has recognized that “such competition can lead to the fragmentation of order flow in that stock.”⁵ Indeed, cash equity trading is currently dispersed across 16 exchanges,⁶ numerous alternative trading systems,⁷ and broker-dealer internalizers and wholesalers, all competing for order flow. Based on publicly-available information, no single exchange currently has more than 17% market share.⁸ Therefore, no exchange possesses significant pricing power in the execution of cash equity order flow. More specifically, the Exchange currently has less than 1% market share of executed volume of cash equities trading.⁹

The Exchange believes that the ever-shifting market share among the exchanges from month to month demonstrates that market participants can move order flow, or discontinue or reduce use of certain categories of products. While it is not possible to know a firm's reason for shifting order flow, the Exchange believes that one such reason is because of fee changes at any of the registered exchanges or non-exchange venues to which the firm
