

**ACTION:** Notice.

**SUMMARY:** In compliance with the requirement for opportunity for public comment on proposed data collection projects of the Paperwork Reduction Act of 1995, HRSA announces plans to submit an Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB). Prior to submitting the ICR to OMB, HRSA seeks comments from the public regarding the burden estimate, below, or any other aspect of the ICR.

**DATES:** Comments on this ICR should be received no later than October 12, 2021.

**ADDRESSES:** Submit your comments to [paperwork@hrsa.gov](mailto:paperwork@hrsa.gov) or by mail to the HRSA Information Collection Clearance Officer, Room 14N136B, 5600 Fishers Lane, Rockville, MD 20857.

**FOR FURTHER INFORMATION CONTACT:** To request more information on the proposed project or to obtain a copy of the data collection plans and draft instruments, email [paperwork@hrsa.gov](mailto:paperwork@hrsa.gov) or call Lisa Wright-Solomon, the HRSA Information Collection Clearance Officer at (301) 443-1984.

**SUPPLEMENTARY INFORMATION:** When submitting comments or requesting information, please include the information collection request title for reference, pursuant to Section 3506(c)(2)(A), the Paperwork Reduction Act of 1995.

*Information Collection Request Title:* Ryan White HIV/AIDS Program Client-

Level Data Reporting System: OMB No. 0906-0039—Extension.

*Abstract:* The Ryan White HIV/AIDS Program (RWHAP), authorized under Title XXVI of the Public Health Service Act, is administered by HRSA's HIV/AIDS Bureau. HRSA awards funding to recipients in areas of the greatest need to respond effectively to the changing HIV epidemic, with an emphasis on providing life-saving and life-extending medical care, treatment, and support services for people living with HIV in the United States.

RWHAP reporting requirements include the annual submission of client-level data in the RWHAP Services Report (RSR). RSR collects information from grant recipients and their subcontracted service providers, funded under Parts A, B, C, and D of the RWHAP legislation. HRSA is requesting an extension of the current RSR with no changes.

*Need and Proposed Use of the Information:* RWHAP legislation specifies HRSA's responsibilities in administering grant funds, allocating funding, assessing HIV care outcomes (e.g., viral suppression), and serving particular populations. RSR collects data on the characteristics of RWHAP-funded recipients, their contracted service providers, and the patients or clients served. RSR system consists of two primary components, the Recipient Report and the Provider Report, and a data file containing the client-level data elements. Data is submitted annually. RWHAP legislation specifies the

importance of recipient accountability and linking performance to budget. RSR is used to ensure recipient compliance with the law, including evaluating the effectiveness of programs, monitoring recipient and provider performance, and informing annual reports to Congress. Information collected through the RSR is critical for HRSA, state and local grant recipients, and individual providers to assess the status of existing HIV-related service delivery systems, assess trends in service utilization, assess the impact of data reporting and identify areas of greatest need.

*Likely Respondents:* RWHAP grant recipients, as well as their subcontracted service providers, funded under RWHAP parts A, B, C, and D.

*Burden Statement:* Burden in this context means the time expended by persons to generate, maintain, retain, disclose, or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

**TOTAL ESTIMATED ANNUALIZED BURDEN HOURS**

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
Recipient Report .....	595	1	595	11	6,545
Provider Report .....	2,063	1	2,063	13	26,819
Client Report .....	1,532	1	1,532	113	173,116
<b>Total .....</b>	<b>4,190</b>	<b>.....</b>	<b>4,190</b>	<b>.....</b>	<b>206,480</b>

HRSA specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions, (2) the accuracy of the estimated burden, (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) the use of automated collection techniques or other forms of information

technology to minimize the information collection burden.

**DEPARTMENT OF HEALTH AND HUMAN SERVICES**

**Office of the Secretary**

**Delegation of Authority**

Notice is hereby given that I have delegated to the Administrator, Health Resources and Services Administration (HRSA), or their successor, the authorities that are vested in the Secretary of Health and Human Services under section 1150C of the Social Security Act (42 U.S.C. 1301 *et seq.*), as added by section 9911 of the American

Rescue Plan Act of 2021 (Pub. L. 117–2). This authorizes the HRSA Administrator, on behalf of the Secretary, to make payments to rural providers and suppliers for health care related expenses and lost revenues that are attributable to COVID–19. This delegation does not confer authority to issue regulations. These authorities may be redelegated.

This delegation of authority is effective upon date of signature.

Dated: August 9, 2021.

**Xavier Becerra,**

*Secretary, Department of Health and Human Services.*

## DEPARTMENT OF HOMELAND SECURITY

### Coast Guard

[Docket No. USCG–2021–0406]

#### Guidance on Voluntary Compliance With Training Requirements for Personnel Serving on U.S.-Flagged Passenger Ships That Carry More Than 12 Passengers on International Voyages.

**AGENCY:** Coast Guard, Homeland Security (DHS).

**ACTION:** Notice of policy.

**SUMMARY:** The Coast Guard announces the availability of CG–MMC Policy Letter 02–21, titled “Guidance on Voluntary Compliance with Training Requirements for Personnel Serving on U.S.-flagged Passenger Ships that Carry More than 12 Passengers on International Voyages.” This policy provides guidance to passenger vessel owners and operators on voluntary compliance with the 2016 amendments to the International Convention on Standards of Training, Certification and Watchkeeping for Seafarers, 1978, as amended (STCW Convention) and the Seafarers’ Training, Certification and Watchkeeping Code (STCW Code). Vessels may be subject to detentions in foreign ports if personnel have not received appropriate training in accordance with the STCW Convention and the STCW Code.

**DATES:** CG–MMC Policy Letter 02–21 was issued August 05, 2021.

**ADDRESSES:** Policy Letter 02–21 is available in docket number USCG–2021–0406 on <http://www.regulations.gov>.

**FOR FURTHER INFORMATION CONTACT:** For information about this policy, contact

Megan Johns Henry, U.S. Coast Guard Office of Merchant Mariner Credentialing Maritime Personnel Qualifications Division (CG–MMC–1); telephone (202) 372–1255, email [Megan.C.Johns@uscg.mil](mailto:Megan.C.Johns@uscg.mil).

**SUPPLEMENTARY INFORMATION:** The International Maritime Organization (IMO) establishes the minimum international standards of competence including training requirements for mariners and maritime personnel through the International Convention on Standards of Training, Certification and Watchkeeping for Seafarers, 1978, as amended (STCW Convention) and the Seafarers’ Training, Certification and Watchkeeping Code (STCW Code).

In 2016, the IMO adopted amendments to the STCW Convention and the STCW Code expanding the existing training requirements for personnel on passenger vessels. These amendments entered into force on July 1, 2018. These amendments have not been codified into national regulations at this time. However, because the United States is signatory to the STCW Convention, vessel owners and operators should be aware that their vessels are subject to foreign port state control actions, including detention, if mariners are not compliant with the STCW Convention and the STCW Code.

The Coast Guard has issued CG–MMC Policy Letter 02–21 to provide guidance to passenger vessel owners and operators on voluntary compliance with the 2016 amendments to the STCW Convention and the STCW Code. The Coast Guard will not issue endorsements related to the training of personnel on passenger vessels.

CG–MMC Policy Letter 02–21 is not a substitute for applicable legal requirements, nor is it itself a rule. The Coast Guard does not currently require any mariner to meet the training requirements in CG–MMC Policy Letter 02–21, paragraphs 4. a. (i) and (ii), in other words, it is possible to comply with U.S. domestic legal obligations without undertaking the specific trainings. Before creating any such requirement, the Coast Guard would undertake a separate rulemaking.

We issue this notice of availability in accordance with 5 U.S.C. 552(a) and under the authority of 46 U.S.C. 7101 and 7313. If you have questions about the policy letter, or believe that changes are necessary, please contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this notice.

Dated: August 6, 2021.

## DEPARTMENT OF HOMELAND SECURITY

### Federal Emergency Management Agency

[Docket ID FEMA–2021–0002; Internal Agency Docket No. FEMA–B–2159]

#### Changes in Flood Hazard Determinations

**AGENCY:** Federal Emergency Management Agency, Department of Homeland Security.

**ACTION:** Notice.

**SUMMARY:** This notice lists communities where the addition or modification of Base Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, or the regulatory floodway (hereinafter referred to as flood hazard determinations), as shown on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports, prepared by the Federal Emergency Management Agency (FEMA) for each community, is appropriate because of new scientific or technical data. The FIRM, and where applicable, portions of the FIS report, have been revised to reflect these flood hazard determinations through issuance of a Letter of Map Revision (LOMR), in accordance with Federal Regulations. The LOMR will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents of those buildings. For rating purposes, the currently effective community number is shown in the table below and must be used for all new policies and renewals.

**DATES:** These flood hazard determinations will be finalized on the dates listed in the table below and revise the FIRM panels and FIS report in effect prior to this determination for the listed communities.

From the date of the second publication of notification of these changes in a newspaper of local circulation, any person has 90 days in which to request through the community that the Deputy Associate Administrator for Insurance and Mitigation reconsider the changes. The flood hazard determination information
