

Indian tribal governments. These grants are for providing direct legal services to victims of domestic violence, sexual assault, and stalking in matters arising from the abuse or violence and for providing enhanced training for lawyers representing these victims. The goal of the Program is to develop innovative, collaborative projects that provide quality representation to victims of domestic violence, sexual assault, and stalking.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond/reply:* It is estimated that it will take the approximately 200 respondents (LAV Program grantees) approximately one hour to complete a semi-annual progress report. The semi-annual progress report is divided into sections that pertain to the different types of activities that grantees may engage in and the different types of grantees that receive funds. An LAV Program grantee will only be required to complete the sections of the form that pertain to its own specific activities.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total annual hour burden to complete the data collection forms is 400 hours, that is 200 grantees completing a form twice a year with an estimated completion time for the form being one hour.

DEPARTMENT OF LABOR

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Vertical Tandem Lifts for Marine Terminals

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Occupational Safety and Health Administration (OSHA)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with

the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that agency receives on or before September 13, 2021.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

Comments are invited on: (1) Whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) if the information will be processed and used in a timely manner; (3) the accuracy of the agency’s estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (4) ways to enhance the quality, utility and clarity of the information collection; and (5) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT:

Crystal Rennie by telephone at 202-693-0456 or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: The Vertical Tandem Lifts (VTLs) Standard requires employers to develop, implement, and maintain a written plan for transporting vertically connected containers in the longshoring and marine terminal industries. The written plan is necessary for the safe transport of VTLs in the marine terminal where factors affect the stability of a VTL which has a higher center of gravity than a single container. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on May 3, 2021 (86 FR 23432).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not

display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.

Agency: DOL-OSHA.

Title of Collection: Vertical Tandem Lifts Marine Terminals.

OMB Control Number: 1218-0260.

Affected Public: Private Sector: Businesses or other for-profits.

Total Estimated Number of Respondents: 1,192.

Total Estimated Number of Responses: 75,875.

Total Estimated Annual Time Burden: 23,256 hours.

MILLENNIUM CHALLENGE CORPORATION

[MCC FR 21-06]

Notice of First Amendment to Compact With the Republic of Benin

AGENCY: Millennium Challenge Corporation.

ACTION: Notice.

SUMMARY: In accordance with the Millennium Challenge Act of 2003, as amended, the Millennium Challenge Corporation is publishing a summary, justification, and full text of the proposed First Amendment to Millennium Challenge Compact between the United States of America, acting through the Millennium Challenge Corporation, and the Republic of Benin. Representatives of the United States Government and the Government of Benin plan to conclude the Amendment in August 2021.

(Authority: 22 U.S.C. 7708(i)(2))

Dated: August 3, 2021.

Thomas G. Hohenthanner,

Acting VP/General Counsel and Corporate Secretary.

Summary of First Amendment to Millennium Challenge Compact With the Republic of Benin

The Board of Directors of the Millennium Challenge Corporation

(“MCC”) has approved an amendment (the “*Amendment*”) to the existing US\$375,000,000, five-year Millennium Challenge Compact between the United States of America, acting through MCC, and the Republic of Benin (the “*Compact*”).

Background

The Compact was signed September 9, 2015 and entered into force on June 22, 2017. The Compact aims to strengthen Benin’s national power utility, attract private sector investment into solar power generation, and fund infrastructure investments in electricity distribution as well as off-grid electrification for poor and unserved households. The Compact comprises four projects: The Policy Reform and Institutional Strengthening Project, the Electricity Generation Project, the Electricity Distribution Project, and the Off-Grid Electricity Access Project.

Scope of the Amendment

MCC proposes to extend the term of the Compact for an additional twelve months to June 22, 2023, and to provide additional funding up to \$16,000,000. The term extension is necessary to mitigate implementation delays due to the COVID-19 pandemic and to complete infrastructure projects as originally contemplated. The proposed additional funding will be used to cover additional program administration and related oversight costs associated with extending the Compact’s term.

Justification for the Amendment

In March 2020, Benin registered its first COVID-19 case, and within a week, the Government of Benin imposed compulsory 14-day quarantine requirements for air travelers, closed land borders to all but emergency travel, restricted visa issuance, and limited movement outside of the major population centers in southern Benin, cutting off access to the economic and political capitals from the rest of the country.

Contractors for the six major works packages that comprise nearly half of the compact budget rapidly imposed telework requirements and restrictions on staff travel, and shortly thereafter commercial airlines stopped servicing Benin. While contractors attempted to mitigate the impact of international travel restrictions by using local hires and consultants, domestic travel restrictions effectively prevented travel to 97% of the Benin’s territory. The net effect of these developments was to hinder mobilization of contractor key staff to Benin and deployment of field staff to work sites, resulting in delays in

field surveys, equipment imports, hiring of sub-contractors, and setting up offices and construction material warehouses. These mobilization delays in turn had a knock-on effect on the completion of final construction designs, field surveys, drawings, and management plans, and subsequent start of civil works. Outside of Benin, imposition of COVID-19 mitigation measures led to equipment manufacturing and shipping delays, thereby slowing contractor procurements, factory testing and acceptance of key substation components, the delivery of materials to site, and equipment installation at project work sites.

Extending the Compact’s term will maximize long-term results and the return on investment by enabling MCC and the accountable entity in Benin to complete and hand over all ongoing projects to the beneficiary institutions without compromising health, safety, or environmental standards, and will reduce sustainability risks through the necessary attention to testing, commissioning, training of utility operators and technicians, and additional oversight. The additional MCC funding is necessary for and will be used to support oversight and other administrative functions during the additional twelve months of the compact term.

First Amendment to Millennium Challenge Compact Between the United States of America, Acting Through the Millennium Challenge Corporation and the Republic of Benin

First Amendment to Millennium Challenge Compact

This First Amendment to Millennium Challenge Compact (this “*Amendment*”), is made by and between the United States of America, acting through the Millennium Challenge Corporation, a United States government corporation (“MCC”), and the Republic of Benin, acting through its government (the “*Government*”) (each referred to herein individually as a “*Party*” and collectively, as the “*Parties*”). All capitalized terms used in this Amendment that are not otherwise defined herein have the meanings given to such terms in the Compact (as defined below).

Recitals

Whereas, the Parties signed that certain Millennium Challenge Compact by and between the United States of America, acting through MCC, and the Republic of Benin, on September 9, 2015 (as modified, the “*Compact*”);

Whereas, Section 7.4 of the Compact provides for a Compact Term of five (5) years after its entry into force;

Whereas, the Compact entered into force on June 22, 2017;

Whereas, implementation of the Program has been adversely affected and delayed by the coronavirus pandemic;

Whereas, the Parties now desire to extend the Compact Term by an additional twelve (12) months (the “*Extension*”), and to increase MCC’s assistance under the Compact for related administrative and oversight costs, to allow the Government more time to implement and complete the Projects in order to fully achieve the Compact Goal, Program Objective and Project Objectives; and

Whereas, pursuant to Section 6.2(a) of the Compact, the Parties desire to amend the Compact as more fully described herein to memorialize the Extension.

Now, therefore, the Parties hereby agree as follows:

Amendments

1. Amendment to Section 2.1

Section 2.1 (Program Funding) of the Compact is amended and restated to read as follows:

“Section 2.1 *Program Funding*. Upon entry into force of this Compact in accordance with Section 7.3, MCC will grant to the Government, under the terms of this Compact, an amount not to exceed Three Hundred Seventy-Three Million, Five Hundred Nine Thousand, Eight Hundred Fourteen United States Dollars (US\$373,509,814) (“*Program Funding*”) consisting of Two Hundred Seventy-Three Million, Five Hundred Nine Thousand, Eight Hundred Fourteen United States Dollars (US\$273,509,814) (“*Tranche I Funding*”), Eighty Million United States Dollars (US\$80,000,000) (“*On-Grid Tranche Funding*”), and Twenty Million United States Dollars (US\$20,000,000) (“*Off-Grid Tranche Funding*”), for use by the Government to implement the Program. The allocation of Program Funding is generally described in *Annex II*.”

2. Amendment to Section 2.2

Section 2.2(a) (Compact Implementation Funding) of the Compact is amended and restated to read as follows:

“(a) Upon the signing of this Compact, MCC will grant to the Government, under the terms of this Compact and in addition to the Program Funding described in Section 2.1, an amount not to exceed Seventeen Million, Four Hundred Ninety Thousand, One

Hundred Eighty-Six United States Dollars (US\$17,490,186) (“*Compact Implementation Funding*”) under Section 609(g) of the Millennium Challenge Act of 2003, as amended (the “*MCA Act*”), for use by the Government to facilitate implementation of this Compact, including for the following purposes:

- (i) Financial management and procurement activities;
- (ii) administrative activities (including start-up costs such as staff salaries) and administrative support expenses such as rent, computers and other information technology or capital equipment;
- (iii) monitoring and evaluation activities;
- (iv) feasibility, design and other project preparatory studies; and
- (v) other activities to facilitate Compact implementation as approved by MCC.

The allocation of Compact Implementation Funding is generally described in *Annex II*.”

3. Amendment to Section 7.4

Section 7.4 (Compact Term) of the Compact is amended and restated to read as follows:

“Section 7.4 *Compact Term*. This Compact will remain in force for six (6) years after its entry into force, unless terminated earlier under Section 5.1 (the “*Compact Term*”).”

4. Amendments to Annex II (Multi-Year Financial Plan Summary)

(a) Section 2 of Annex II (Multi-Year Financial Plan Summary) to the Compact is amended and restated to read as follows:

“2. *Government Contribution.* During the Compact Term, the Government will make contributions, relative to its national budget and taking into account prevailing economic conditions, as are necessary to carry out the Government’s responsibilities under Section 2.6(a) of this Compact. These contributions may

include in-kind and financial contributions (including obligations of Benin on any debt incurred toward meeting these contribution obligations). In connection with this obligation the Government has developed a budget over the Compact Term to complement MCC Funding through budget allocations to each of the Projects and Program Administration. The Government will make a contribution of at least 7.5 percent of the amount of MCC Funding provided under this Compact over the Compact Term. The Government will allocate such contribution in the national budget according to a multi-year plan. The Government will provide evidence of the approval thereof to MCC prior to entry into force. In the event that deobligation of the On-Grid Tranche Funding or the Off-Grid Tranche Funding occurs in accordance with Section 8.3(a) of this Compact, the obligation for the corresponding Government contribution will cease to apply. Such contribution will be in addition to the Government's spending toward such Project Objectives in its budget for the year immediately preceding the establishment of this Compact. The Government's contribution will be subject to any legal requirements in Benin for the budgeting and appropriation of such contribution including approval of the Government's budget by its legislature. The Parties may set forth in the Program Implementation Agreement or other appropriate Supplemental Agreements certain requirements regarding this Government contribution, which requirements may be conditions precedent to the Disbursement of MCC Funding. During implementation of the Program, the Government's contributions may be modified or new contributions added with MCC approval, provided that the modified or new contributions continue to advance the Project Objectives."

(b) Exhibit A to Annex II (Multi-Year Financial Plan Summary) to the Compact is deleted in its entirety and replaced by revised Exhibit A set forth in *Annex I* to this Amendment.

General Provisions

1. Further Assurances

Each Party hereby covenants and agrees, without necessity of any further consideration, to execute and deliver any and all such further documents and take any and all such other action as may be reasonably necessary or appropriate to carry out the intent and purpose of this Amendment.

2. Effect of this Amendment

From and after the date this Amendment enters into force, the Compact and this Amendment will be read together and construed as one document, and each reference in the Compact to the “Compact,” “hereunder,” “hereof” or words of like import referring to the Compact, and each reference to the “Compact,” “thereunder,” “thereof” or words of like import in any Supplemental Agreement or in any other document or instrument delivered pursuant to the Compact or any Supplemental Agreement, will mean and be construed as a reference to the Compact, as amended by this Amendment.

3. Limitations

Except as expressly amended by this Amendment, all of the provisions of the Compact remain unchanged and in full force and effect.

4. Governing Law

The Parties acknowledge and agree that this Amendment is an international agreement entered into for the purpose of amending the Compact and as such will be interpreted in a manner consistent with the Compact and is governed by international law.
