ACTION: Temporary final rule.

A permanent safety zone exists for this event; however, for this year's event the date has changed. This temporary safety zone is a short-term modification of the existing permanent safety zone, due to a change in the date for this year's event. The safety zone is necessary to ensure the safety of event participants and spectators. Persons and non-participant vessels are prohibited from entering, transiting through, anchoring in, or remaining within the safety zone unless authorized by the Captain of the Port (COTP) Key West or a designated representative.

COTP Captain of the Port
CFR Code of Federal Regulations
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable and contrary to the public interest. The Coast Guard did not receive necessary information from the event sponsor for this year's event until July 10, 2021. The Coast Guard has an existing safety zone for this event in 33 CFR 165.786, Table to § 165.786, Line No. 9.1; however, the existing regulation only covers the event when it is scheduled on the third Saturday of September.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable because the event is taking place on September 11, 2021, and immediate action is needed to respond to the potential safety hazards associated with this event.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under the authority in 46 U.S.C. 70034. The Captain of the Port Key West (COTP) has determined that potential hazards associated with open water swim events will be a safety concern for persons and vessels in the regulated area. This rule is needed to ensure the safety of the event participants, the

general public, vessels and the marine environment in the navigable waters within the safety zone during the Swim for Alligator Lighthouse open water swim event.

IV. Discussion of the Rule

This rule establishes a safety zone on September 11, 2021, for a period of 9 hours, from 7:30 a.m. to 4 p.m. The safety zone will cover all waters of the Atlantic Ocean beginning at a point Latitude 24°54.82' N, longitude 080°38.03' W, thence to latitude 24°54.36' N, longitude 080°37.72' W, thence to latitude 24°51.07' N, longitude 080°37.14' W, thence to latitude 24°54.36' N, longitude 080°37.72' W, thence to point of origin at latitude 24°54.82' N, longitude 080°38.03' W. The event course begins and ends at Amara Cay Resort in Islamorada, Florida, and extends through Hawks Channel, with a turnaround at Alligator Reef Lighthouse. Approximately 400 swimmers with kayak escorts and eight safety vessels are anticipated to participate in the event. The size and duration of the zone is intended to protect personnel, vessels, and the marine environment in these navigable waters during the open water swim. Persons and non-participant vessels are prohibited from entering, transiting through, anchoring in, or remaining within the safety zone without obtaining permission from the COTP Key West or a designated representative. If authorization to enter, transit through, anchor in, or remain within the safety zone is granted by the COTP Key West or a designated representative, all persons and vessels receiving such authorization must comply with the instructions of the COTP Key West or a designated representative. The Coast Guard will provide notice of the safety zone by Local Notice to Mariners, Broadcast Notice to Mariners, or by on-scene designated representatives.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a
