ENVIRONMENTAL PROTECTION AGENCY

California State Nonroad Engine Pollution Control Standards; Large Spark-Ignition Engines Fleets Regulation; Request for Authorization; Opportunity for Public Hearing and Comment

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The California Air Resources Board (CARB) has notified EPA that it has adopted amendments to its large spark-ignition engines fleets regulation (LSI amendments). By letter dated March 15, 2021, CARB asked that EPA issue a full authorization for the accompanying enforcement provisions contained in their LSI amendments adopted in 2016. This notice announces that EPA has tentatively scheduled a public hearing to consider California’s authorization request for the LSI amendments, and that EPA is now accepting written comments on the request.

DATES: EPA has tentatively scheduled a public hearing concerning CARB’s request on September 9, 2021, at 10 a.m. ET. EPA will hold a hearing only if any party notifies EPA by September 1, 2021, to express interest in presenting the agency with oral testimony at a virtual public hearing. Parties that wish to present oral testimony at a virtual public hearing should provide written notice to David Dickinson at the email address noted below. If EPA receives a request for a public hearing, an announcement of the virtual public hearing along with instructions to testify or attend the hearing will be posted at: https://www.epa.gov/state-and-local-transportation/vehicle-emissions-california-waivers-and-authorizations. If EPA does not receive a request for a public hearing, then EPA will not hold a hearing, and instead will consider CARB’s request based on written submissions to the docket. Any party may submit written comments until October 12, 2021.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–HQ–OAR–2021–0327, by one of the following methods:
