§ 9.23 Purpose or function other than the
(a) If a State or taxing jurisdiction
(b) The Commission shall grant the
(2) PSAP personnel costs, including
telecommunicators’ salaries and
training;
(3) PSAP administration, including
costs for administration of 911 services
and travel expenses associated with the
provision of 911 services;
(4) Integrating public safety/first
responder dispatch and 911 systems,
including lease, purchase, maintenance,
and upgrade of CAD hardware and
software to support integrated 911 and
public safety dispatch operations; and
(5) Providing for the interoperability
of 911 systems with one another and
with public safety/first responder radio
systems.
(c) Examples of purposes and
functions that are not acceptable for the
obligation or expenditure of 911 fees or
charges for purposes of section 902
include, but are not limited to, the
following:
(1) Transfer of 911 fees into a State or
other jurisdiction’s general fund or other
fund for non-911 purposes;
(2) Equipment or infrastructure for
constructing or expanding non-public
safety communications networks (e.g.,
commercial cellular networks); and
(3) Equipment or infrastructure for
law enforcement, firefighters, and other
public safety/first responder entities
that does not directly support providing
911 services.
(d) If a State or taxing jurisdiction
collects fees or charges designated for
“public safety,” “emergency services,”
or similar purposes that include the
support or implementation of 911
services, the obligation or expenditure
of such fees or charges shall not
constitute diversion provided that the
State or taxing jurisdiction:
(1) Specifies the amount or percentage
of such fees or charges that is dedicated
to 911 services;
(2) Ensures that the 911 portion of
such fees or charges is segregated and
not commingled with any other funds;
and
(3) Obligates or expends the 911
portion of such fees or charges for
acceptable purposes and functions as
defined under this section.
§ 9.24 Petition regarding additional
purposes and functions.
(a) A State or taxing jurisdiction may
petition the Commission for a
determination that an obligation or
expenditure of 911 fees or charges for
a purpose or function other than the
purposes or functions designated as
acceptable in § 9.23 should be treated as
an acceptable purpose or function. Such
a petition must meet the requirements
applicable to a petition for declaratory
ruling under § 1.2 of this chapter.
(b) The Commission shall grant the
petition if the State or taxing
jurisdiction provides sufficient
documentation to demonstrate that the
purpose or function:
(1) Supports public safety answering
point functions or operations; or
(2) Has a direct impact on the ability
of a public safety answering point to:
(i) Receive or respond to 911 calls; or
(ii) Dispatch emergency responders.
§ 9.25 Participation in annual fee report
data collection.
(a) If a State or taxing jurisdiction
receives a grant under section 158 of the
National Telecommunications and
Information Administration
Organization Act (47 U.S.C. 942) after
December 27, 2020, such State or taxing
jurisdiction shall provide the
information requested by the
Commission to prepare the report
required under section 6(f)(2) of the
Wireless Communications and Public
Safety Act of 1999, as amended (47
U.S.C. 615a–1(f)(2)).
(b) Each State or taxing jurisdiction
subject to paragraph (a) of this section
must file the information requested by
the Commission and in the form
specified by the Public Safety and
(c) Paragraph (b) of this section
contains information collection and
recordkeeping requirements.
Compliance will not be required until
after approval by the Office of
Management and Budget. The
Commission will publish a document in the
Federal Register announcing that
compliance date and revising this
paragraph (c) accordingly.
§ 9.26 Advisory committee participation.
Notwithstanding any other provision
of law, any State or taxing jurisdiction
identified by the Commission in the
report required under section 6(f)(2) of the
Wireless Communications and
Public Safety Act of 1999, as amended
(47 U.S.C. 615a–1(f)(2)), as engaging in
diversion of 911 funds, shall not
participate in, or send a
representative to serve on any advisory
committee established by the
Commission.

BILLING CODE 6712–01–P
DEPARTMENT OF THE INTERIOR
Fish and Wildlife Service
50 CFR Part 20
[FR Doc. 2021–16068 Filed 8–16–21; 8:45 am]
Migratory Bird Hunting; Migratory Bird
Hunting Regulations on Certain
Federal Indian Reservations and
Ceded Lands for the 2021–22 Season
AGENCY: Fish and Wildlife Service, Interior.
ACTION: Final rule.
SUMMARY: This rule prescribes special
migratory bird hunting regulations for
certain Tribes on Federal Indian
reservations, off-reservation trust lands,
and ceded lands. This rule responds to
Tribal requests for U.S. Fish and
Wildlife Service (hereinafter “Service”
or “we”) recognition of their authority
to regulate hunting under established
guidelines. This rule allows the
establishment of season bag limits and, thus, harvest at levels compatible with
populations and habitat conditions.
DATES: This rule is effective August 17,
2021.
ADDRESSES: You may inspect comments
received on the migratory bird hunting
regulations at http://
www.regulations.gov at Docket No.
obtain copies of referenced reports from
the Division of Migratory Bird
Management’s website at http://
www.fws.gov/migratorybirds/ or at
http://www.regulations.gov at Docket
Information Collection Requirements:
Written comments and suggestions on
the information collection requirements
may be submitted at any time to the
Service Information Collection
Clearance Officer, U.S. Fish and
Wildlife Service, 5275 Loesburg Pike,
MS: PRB (JAO/3W), Falls Church, VA
22041–3803 (mail); or Info Coll@fws.gov
(email). Please reference “OMB Control
Number 1018–0171” in the subject line
of your comments.

Jerome Ford, U.S. Fish and Wildlife
Service, Department of the Interior,
(202) 208–2012;1050.
SUPPLEMENTARY INFORMATION:
Background
The Migratory Bird Treaty Act
(MBTA) of July 3, 1918 (16 U.S.C. 703
et seq.), authorizes and directs the
Secretary of the Department of the
Interior, having due regard for the zones
of abundance, economic value, breeding habits, and times and lines of flight of migratory game birds, to determine when, to what extent, and by what means such birds or any part, nest, or egg thereof may be taken, hunted, captured, killed, possessed, sold, purchased, shipped, carried, exported, or transported.

In the May 4, 2021, Federal Register (86 FR 23641), we proposed special migratory bird hunting regulations for the 2021–22 hunting season for certain Indian Tribes, under the guidelines described in the June 4, 1985, Federal Register (50 FR 23467). The guidelines respond to Tribal requests for Service recognition of their reserved hunting rights, and for some Tribes, recognition of their authority to regulate hunting by both Tribal members and nonmembers on their reservations. The guidelines include possibilities for:

1. On-reservation hunting by both Tribal members and nonmembers, with hunting by nontribal members on some reservations to take place within Federal frameworks but on dates different from those selected by the surrounding State(s);

2. On-reservation hunting by Tribal members only, outside of usual Federal frameworks for season dates and length, and for daily bag and possession limits; and

3. Off-reservation hunting by Tribal members on ceded lands, outside of usual framework dates and season length, with some added flexibility in daily bag and possession limits.

In all cases, the regulations established under the guidelines must be consistent with the March 10–September 1 closed season mandated by the 1916 Migratory Bird Treaty with Canada.

In the October 9, 2020, Federal Register (85 FR 64097), we requested that Tribes desiring special hunting regulations in the 2021–22 hunting season submit a proposal including details on:

1. Harvest anticipated under the requested regulations;

2. Methods that would be employed to measure or monitor harvest (such as bag checks, mail questionnaires, etc.);

3. Steps that would be taken to limit level of harvest, where it could be shown that failure to limit such harvest would adversely impact the migratory bird resource; and

4. Tribal capabilities to establish and enforce migratory bird hunting regulations.

No action is required if a Tribe wishes to observe the hunting regulations established by the State(s) in which an Indian reservation is located. We have successfully used the guidelines since the 1985–86 hunting season. We finalized the guidelines beginning with the 1988–89 hunting season (53 FR 31612, August 18, 1988).

The final rule described here is the final in the series of proposed and final rulemaking documents for migratory bird hunting regulations on certain Federal Indian reservations and ceded lands for the 2021–22 season. This rule sets hunting seasons, hours, areas, and limits for migratory game bird species on reservations and ceded territories. This final rule is the culmination of the rulemaking process for the Tribal migratory game bird hunting seasons, which started with the October 9, 2020, proposed rule. This final rule sets the migratory bird hunting regulations on certain Federal Indian reservations and ceded lands for the 2021–22 season.

Population Status and Harvest

Each year we publish reports that provide detailed information on the status and harvest of certain migratory game bird species. These reports are available at the address indicated under FOR FURTHER INFORMATION CONTACT or from our website at https://www.fws.gov/birds/surveys-and-data/reports-and-publications/population-status.php.

Our long-term objectives continue to include providing opportunities to harvest portions of certain migratory game bird populations and to limit harvests to levels compatible with each population’s ability to maintain healthy, viable numbers. Having taken into account the zones of temperature and the distribution, abundance, economic value, breeding habits, and times and lines of flight of migratory birds, we conclude that the hunting seasons provided for herein are compatible with the current status of migratory bird populations and long-term population goals. Additionally, we are obligated to, and do, give serious consideration to all information received during the public comment period.

Comments and Issues Concerning Tribal Proposals

For the 2021–22 migratory bird hunting season, we proposed regulations for 32 Tribes or Indian groups that followed the 1985 guidelines and were considered appropriate for final rulemaking. However, at that time, we noted in the May 4, 2021, proposed rule (86 FR 23641) that we were proposing seasons for five Tribes who submitted proposals in past years but from whom we had not yet received proposals this year. We did not receive proposals from any of those Tribes for the 2021–22 migratory bird hunting season and, therefore, have not included regulations for those Tribes in this final rule.

The comment period for the May 4, 2021, proposed rule closed on June 3, 2021. We received seven comments on our proposed rule. Four commenters supported the proposed rule, whereas three commenters were against any hunting of migratory birds. Two of the commenters in support of the proposed rule appreciated the acknowledgment of Tribal rights to co-manage the migratory bird resource. The Service appreciates the opportunity to establish special migratory bird hunting regulations in recognition of the Tribes’ reserved hunting rights, and for some Tribes, recognition of their authority to regulate hunting by both Tribal members and nonmembers on their reservations. For the three commenters that were against any hunting of migratory birds, we addressed this comment in our Final 2021–22 Frameworks for Migratory Bird Hunting Regulations, and Special Procedures for Issuance of Annual Hunting Regulations.

Required Determinations

National Environmental Policy Act (NEPA) Consideration

The programmatic document, “Second Final Supplemental Environmental Impact Statement: Issuance of Annual Regulations Permitting the Sport Hunting of Migratory Birds (EIS 20130139),” filed with the Environmental Protection Agency (EPA) on May 24, 2013, addresses NEPA compliance by the Service for issuance of the annual framework regulations for hunting of migratory game bird species. We published a notice of availability in the Federal Register on May 31, 2013 (78 FR 32686), and our Record of Decision on July 26, 2013 (78 FR 45376). We also address NEPA compliance for waterfowl...
hunting frameworks through the annual preparation of separate environmental assessments, the most recent being “Duck Hunting Regulations for 2021–22,” with its corresponding May 2021 finding of no significant impact. The programmatic document, as well as the separate environmental assessment, is available on our website at https://www.fws.gov/birds/index.php.

Endangered Species Act Consideration

Section 7 of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 et seq.), provides that the Secretary shall ensure that any action authorized, funded, or carried out is not likely to jeopardize the continued existence of any endangered species or threatened species or result in the destruction or adverse modification of critical habitat. After we published the October 9, 2020, proposed rule (85 FR 64097), we conducted formal consultations to ensure that actions resulting from these regulations would not likely jeopardize the continued existence of endangered or threatened species or result in the destruction or adverse modification of their critical habitat. Findings from these consultations are included in a biological opinion, which concluded that the regulations are not likely to jeopardize the continued existence of any endangered or threatened species. The biological opinion resulting from this section 7 consultation is available as indicated under ADDRESSES.

Regulatory Planning and Review—Executive Orders 12866 and 13563

Executive Order (E.O.) 12866 provides that the Office of Information and Regulatory Affairs (OIRA) will review all significant rules. OIRA has reviewed documents related to this final rule and has determined that the annual migratory bird hunting regulations are significant because they have an annual effect of $100 million or more on the economy. E.O. 13563 reaffirms the principles of E.O. 12866 while calling for improvements in the nation’s regulatory system to promote predictability, to reduce uncertainty, and to use the best, most innovative, and least burdensome tools for achieving regulatory ends. E.O. 13563 directs agencies to consider regulatory approaches that reduce burdens and maintain flexibility and freedom of choice for the public where these approaches are relevant, feasible, and consistent with regulatory objectives. E.O. 13563 emphasizes further that regulations must be based on the best available science and that the rulemaking process must allow for public participation and an open exchange of ideas. We have developed this rule in a manner consistent with these requirements.

An economic analysis was prepared for the 2021–22 season. This analysis was based on data from the 2016 National Survey of Fishing, Hunting, and Wildlife-Associated Recreation (National Survey), the most recent year for which data are available (see discussion under Regulatory Flexibility Act, below). This analysis estimated consumer surplus for three alternatives for duck hunting regulations. As defined by the U.S. Office of Management and Budget (OMB) in Circular A–4, consumers’ surplus is the difference between what a consumer pays for a unit of a good or service and the maximum amount the consumer would be willing to pay for that unit. The duck hunting regulatory alternatives are (1) issue restrictive regulations allowing fewer days than those issued during the 2020–21 season, (2) issue moderate regulations allowing more days than those in alternative 1, and (3) issue liberal regulations similar to the regulations in the 2020–21 season. For the 2021–22 season, we chose Alternative 3, with an estimated consumer surplus across all flyways of $270–$358 million with a mid-point estimate of $314 million. We also chose Alternative 3 for the 2009–2010 through 2020–21 seasons. The 2021–22 analysis is part of the record for this rule and is available as described in ADDRESSES.

Regulatory Flexibility Act

The annual migratory bird hunting regulations have a significant economic impact on substantial numbers of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 et seq.). A final regulatory flexibility analysis was prepared to analyze the economic impacts of the annual hunting regulations on small business entities. This analysis is updated annually. The primary source of information about hunter expenditures for migratory game bird hunting is the National Survey, which is generally conducted at 5-year intervals. The 2021 analysis is based on the 2016 National Survey and the U.S. Department of Commerce’s County Business Patterns, from which it is estimated that migratory bird hunters will spend approximately $2.2 billion at small businesses in 2021. Copies of the analysis are available as set forth in ADDRESSES.

Small Business Regulatory Enforcement Fairness Act

The annual migratory bird hunting regulations constitute a major rule under 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act as they will have an annual effect on the economy of $100 million or more. However, because this rule establishes hunting seasons, which are time sensitive, we do not plan to defer the effective date under the exemption contained in 5 U.S.C. 808(1).

Paperwork Reduction Act

This final rule contains existing and new information collections that we have submitted to the OMB for review and approval under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.). All information collections require approval under the Paperwork Reduction Act of 1995 (PRA, 44 U.S.C. 3501 et seq.). We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number. The OMB has reviewed and approved the information collection requirements associated with migratory bird surveys and the procedures for establishing annual migratory bird hunting seasons under the following OMB control numbers:

The information collection requirements associated with the procedures for establishing annual migratory bird hunting seasons are described below (to include those labeled as “(NEW)” under “(2) Reports”) require OMB approval:

Migratory game birds are those bird species so designated in conventions between the United States and several foreign nations for the protection and management of these birds. Under the Migratory Bird Treaty Act (16 U.S.C. 703–712), the Secretary of the Interior is authorized to determine when “hunting, taking, capture, killing, possession, sale, purchase, shipment, transportation, carriage, or export of any * * * bird, or any part, nest, or egg” of migratory game birds can take place, and to adopt regulations for this purpose. These regulations are written after giving due regard to “the zones of temperature and to the distribution, abundance, economic value, breeding habits, and times and lines of migratory flight of such birds” and are updated annually (16 U.S.C. 704(a)). This responsibility has been delegated to the Service as the lead Federal agency for managing and
conserving migratory birds in the United States. However, migratory game bird management is a cooperative effort of State, Tribal, and Federal governments. Migratory game bird hunting seasons provide opportunities for recreation and sustenance; aid Federal, State, and Tribal governments in the management of migratory game birds; and permit harvests at levels compatible with migratory game bird population status and habitat conditions.

The Service develops migratory game bird hunting regulations by establishing the frameworks, or outside limits, for season lengths, bag limits, and areas for migratory game bird hunting. Acknowledging regional differences in hunting conditions, the Service has administratively divided the Nation into four Flyways for the primary purpose of managing migratory game birds. Each Flyway (Atlantic, Mississippi, Central, and Pacific) has a Flyway Council, a formal organization generally composed of one member from each State and Province in that Flyway. The Flyway Councils, established through the Association of Fish and Wildlife Agencies, also assist in researching and providing migratory game bird management information for Federal, State, and Provincial governments, as well as private conservation entities and the general public.

We request the following information to establish annual migratory bird hunting seasons:

(1) Information Requested to Establish Annual Migratory Bird Hunting Seasons:
   (A) Tribes that wish to use the guidelines to establish special hunting regulations for the annual migratory game bird hunting season are required to submit a proposal that includes:
      (i) The requested migratory game bird hunting season dates and other details regarding the proposed regulations;
      (ii) Harvest anticipated under the proposed regulations; and
      (iii) Tribal capabilities to enforce migratory game bird hunting regulations.
   (B) State and U.S. territory governments that wish to establish annual migratory game bird hunting seasons are required to provide the requested dates and other details for hunting seasons in their respective States or Territories.

   (2) Reports: The following reports, requested from the States and Tribes, are submitted either annually or every 3 years as explained in the following text.
   (A) Reports from Experimental Hunting Seasons and Season Structure Changes:

   Atlantic Flyway Council:
   - Delaware—Experimental tundra swan season (yearly updates and final report)
   - Mississippi Flyway Council:
   - Alabama—Experimental sandhill crane season (yearly updates and final report)
   - Minnesota—Experimental teal-only season (yearly updates and final report) (NEW)
   - Central Flyway Council:
   - New Mexico—Experimental sandhill crane season in Estancia Valley (yearly updates and final report). Now operational—Annual data are still required, but there is not a final report, since this monitoring will occur in perpetuity (or as long as the State has that hunt area).
   - South Dakota and Nebraska—Experimental two-tier hunting regulations study (yearly updates and final report) (NEW)
   - Wyoming—Split (3-way) season for Canada geese (final report only)
   - Pacific Flyway Council:
   - California—Zones and split season for white-fronted geese (final report only)
   - Idaho—Experimental swan season (yearly updates and final report) (NEW)

   (B) Additional State-specific Annual Reports:
   - Arizona—Sandhill crane subspecies composition of the harvest conducted at 3-year intervals
   - North Carolina and Virginia—Tundra swan harvest and hunter participation data
   - Montana (Central Flyway portion), North Dakota, and South Dakota—Tundra swan harvest and hunter participation data (yearly)
   - Montana (Pacific Flyway portion)—Swan harvest-monitoring program to measure species composition (yearly)
   - Montana (Pacific Flyway portion), Utah, and Nevada—Swan harvest-monitoring program to measure the species composition and report detailing swan harvest, hunter participation, reporting compliance, and monitoring of swan populations in designated hunt areas (yearly)

   Reports and monitoring are used for a variety of reasons. Some are used to monitor species composition of the harvest for those areas where species intermingling can confound harvest management and potential overharvest of one species can be a management concern. Others are used to determine overall harvest for those species and/or areas that are not sampled well by our overall harvest surveys due to either the limited nature/area of the hunt or season or where the harvest needs to be closely monitored. Experimental season reports are used to determine whether the experimental season is achieving its intended goals and objectives, without causing unintended harm to other species and ultimately whether the experimental season should proceed to operational status. Most experimental seasons are 3-year trials with yearly reports and a final report. Most of the other reports and monitoring are conducted either annually or at 3-year intervals.

   Title: Establishment of Annual Migratory Bird Hunting Seasons, 50 CFR part 20
   OMB Control Number: 1018–0171
   Service Form Number: None.
   Type of Request: Revision of a currently approved collection.
   Description of Respondents: State and Tribal governments.
   Respondent’s Obligation: Required to obtain or retain a benefit.
   Frequency of Collection: Annually.
   Estimated Number of Annual Respondents: 82 (from 52 State governments and Territories and 30 Tribal governments).
   Estimated Number of Annual Responses: 99 (includes State and Tribal governments and additional reports from States).
   Average Completion Time per Response: Varies from 4 hours to 650 hours, depending on the activity.
   Estimated Total Annual Burden Hours: 9,878.
   Estimated Annual Non-hour Burden Cost: None.

On May 4, 2021, we published in the Federal Register (86 FR 23641) a proposed rule announcing to the public our intent to request that OMB approve our proposed revisions to this information collection. In that proposed rule, we solicited comments for 60 days, ending on July 6, 2021. We did not receive any comments in response to that proposed rule.

As part of our continuing effort to reduce paperwork and respondent burdens, and in accordance with 5 CFR 1320.8(d)(1), we again invite the public and other Federal agencies to comment on any aspect of this proposed information collection, including:
(1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;
(2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;
(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of response.

This final rule is effective immediately upon publication, for the reasons set forth below under Regulations Promulgation. We will, however, accept and consider all public comments concerning the information collection requirements received in response to this final rule. Send your written comments and suggestions on this information collection to the Service Information Collection Clearance Officer, U.S. Fish and Wildlife Service, 5275 Leesburg Pike, MS: PRB (JAO/3W), Falls Church, VA 22041–3803 (mail); or Info_Coll@fws.gov (email). Please reference “OMB Control Number 1018–BE34” in the subject line of your comments.

Unfunded Mandates Reform Act

We have determined and certify, in compliance with the requirements of the Unfunded Mandates Reform Act, 2 U.S.C. 1502 et seq., that this rulemaking will not impose a cost of $100 million or more in any given year on local or State government or private entities. Therefore, this rule is not a “significant regulatory action” under the Unfunded Mandates Reform Act.

Civil Justice Reform—Executive Order 12988

The Department, in promulgating this rule, has determined that this rule will not unduly burden the judicial system and that it meets the requirements of sections 3(a) and 3(b)(2) of E.O. 12988.

Takings Implication Assessment

In accordance with E.O. 12630, this rule, authorized by the Migratory Bird Treaty Act, does not have significant takings implications and does not affect any constitutionally protected property rights. This rule will not result in the physical occupancy of property, the physical invasion of property, or the regulatory taking of any property. In fact, this rule will allow hunters to exercise otherwise unavailable privileges and, therefore, will reduce restrictions on the use of private and public property.

Energy Effects—Executive Order 13211

E.O. 13211 requires agencies to prepare Statements of Energy Effects when undertaking certain actions. While this rule is a significant regulatory action under E.O. 12866, it is not expected to adversely affect energy supplies, distribution, or use. Therefore, this action is not a significant energy action and no Statement of Energy Effects is required.

Government-to-Government Relationship With Tribes

In accordance with the President’s memorandum of April 29, 1994, “Government-to-Government Relations With Native American Tribal Governments” (59 FR 22951), E.O. 13175, and 312 DM 2, we have evaluated possible effects on federally recognized Indian Tribes and have determined that there are de minimis effects on Indian trust resources. We solicited proposals for special migratory bird hunting regulations for certain Tribes on Federal Indian reservations, off-reservation trust lands, and ceded lands for the 2021–22 migratory bird hunting season in the October 9, 2020, proposed rule (85 FR 64097). The resulting proposals were published in a separate proposed rule (86 FR 23641, May 4, 2021). Through this process to establish annual hunting regulations, we regularly coordinate with Tribes that are affected by this rule.

Federalism Effects

Due to the migratory nature of certain species of birds, the Federal Government has been given responsibility over these species by the Migratory Bird Treaty Act. We annually prescribe frameworks from which the States make selections regarding the hunting of migratory birds, and we employ guidelines to establish special regulations on Federal Indian reservations and ceded lands. This process preserves the ability of the States and Tribes to determine which seasons meet their individual needs. Any State or Tribe may be more restrictive in its regulations than the Federal frameworks at any time. The frameworks are developed in a cooperative process with the States and the Flyway Councils. This process allows States to participate in the development of frameworks from which they will make selections, thereby having an influence on their own regulations. These rules do not have a substantial direct effect on fiscal capacity, change the roles or responsibilities of Federal or State governments, or intrude on State policy or administration. Therefore, in accordance with E.O. 13132, these regulations do not have significant federalism effects and do not have sufficient federalism implications to warrant the preparation of a federalism summary impact statement.

Regulations Promulgation

The rulemaking process for migratory game bird hunting, by its nature, operates under a time constraint as seasons must be established each year or hunting seasons remain closed. However, we intend that the public be provided extensive opportunity for public input and involvement in compliance with Administrative Procedure Act requirements (5 U.S.C. 551 et seq.). Thus, when the preliminary proposed rulemaking was published on October 9, 2020 (85 FR 64097), we established what we concluded were the longest periods possible for public comment and the most opportunities for public involvement. We also provided notification of our participation in multiple Flyway Council meetings, opportunities for additional public review and comment on all Flyway Council proposals for regulatory change, and opportunities for additional public review during the Service Regulations Committee meeting. Therefore, sufficient public notice and opportunity for involvement have been given to affected persons regarding the migratory bird hunting frameworks for the 2021–22 hunting season.

For the reasons cited above, we find that “good cause” exists, within the terms of the Administrative Procedure Act at 5 U.S.C. 553(d)(3) for these regulations to take effect immediately upon publication.

Accordingly, with each participating Tribe having had an opportunity to participate in selecting the hunting seasons desired for its reservation or ceded territory on those species of migratory birds for which open seasons are now prescribed, and consideration having been given to all other relevant matters presented, certain sections of title 50, chapter I, subchapter B, part 20, subpart K, are hereby amended as set forth below.

List of Subjects in 50 CFR Part 20

Exports, Hunting, Imports, Reporting and recordkeeping requirements, Transportation, Wildlife.

Accordingly, part 20, subchapter B, chapter I of title 50 of the Code of Federal Regulations is amended as follows:
PART 20—MIGRATORY BIRD HUNTING

1. The authority citation for part 20 continues to read as follows:

Note: The following hunting regulations provided for by 50 CFR part 20.110 will not appear in the Code of Federal Regulations because of their seasonal nature.

2. Section 20.110 is revised to read as follows:

§ 20.110 Seasons, limits, and other regulations for certain Federal Indian reservations, Indian Territory, and ceded lands.

Unless specifically provided for in the following entries, all of the regulations contained in 50 CFR part 20 apply to the seasons listed herein.

(a) Confederated Salish and Kootenai Tribes, Flathead Indian Reservation, Pablo, Montana (Tribal Members and Nontribal Hunters).

Tribal Members Only

Ducks (Including Mergansers)

Season Dates: Open September 1, 2021, through March 9, 2022.

Daily Bag and Possession Limits: The Tribe does not have specific bag and possession restrictions for Tribal members. The season on harlequin duck is closed.

Coots

Season Dates: Same as ducks.

Daily Bag and Possession Limits: Same as ducks.

Geese

Season Dates: Same as ducks.

Daily Bag and Possession Limits: Same as ducks.

Nontribal Hunters

Ducks (Including Mergansers), Coot, and Geese

Season Dates: Same as Pacific Flyway portion of Montana.

Daily Bag and Possession Limits: Same as Pacific Flyway portion of Montana.

General Conditions: Tribal and nontribal hunters must comply with all basic Federal migratory bird hunting regulations contained in 50 CFR part 20 regarding manner of taking. In addition, shooting hours are sunrise to sunset, and each waterfowl hunter 16 years of age or older must carry on his/her person a valid Migratory Bird Hunting and Conservation Stamp (Duck Stamp) signed in ink across the stamp face. Special regulations established by the Confederated Salish and Kootenai Tribes also apply on the reservation.

(b) Fond du Lac Band of Lake Superior Chippewa Indians, Cloquet, Minnesota (Tribal Members Only).

Ducks

1854 and 1837 Ceded Territories: Season Dates: Begin September 1 and end November 30, 2021.

Daily Bag Limit: 18 ducks, including no more than 12 mallards (only 3 of which may be hens), 9 black ducks, 9 scaup, 9 wood ducks, 9 redheads, 9 pintails, and 9 canvassbacks.

Reservation: Season Dates: Begin September 1 and end November 30, 2021.

Daily Bag Limit: 12 ducks, including no more than 8 mallards (only 2 of which may be hens), 6 black ducks, 6 scaup, 6 redheads, 6 pintails, 6 wood ducks, and 6 canvassbacks.

Mergansers

1854 and 1837 Ceded Territories: Season Dates: Begin September 1 and end November 30, 2021.

Daily Bag Limit: 15 mergansers, including no more than 6 hooded mergansers.

Reservation: Season Dates: Begin September 1 and end November 30, 2021.

Daily Bag Limit: 10 mergansers, including no more than 4 hooded mergansers.

Canada Geese

All Areas:

Season Dates: Begin September 1 and end November 30, 2021.

Daily Bag Limit: 20 geese.

Coots and Common Moorhens (Common Gallinules)

All Areas:

Season Dates: Begin September 1 and end November 30, 2021.

Daily Bag Limit: 20 coots and common moorhens, singly or in the aggregate.

Sandhill Cranes

1854 and 1837 Ceded Territories: Season Dates: Begin September 1 and end November 30, 2021.

Daily Bag Limit: Three sandhill cranes. Crane carcass tags are required prior to hunting.

Sora and Virginia Rails

All Areas:

Season Dates: Begin September 1 and end November 30, 2021.

Daily Bag Limit: 25 sora and Virginia rails, singly or in the aggregate.

Common Snipe

All Areas:

Season Dates: Begin September 1 and end November 30, 2021.

Daily Bag Limit: Eight common snipe.

Woodcock

All Areas:

Season Dates: Begin September 1 and end November 30, 2021.

Daily Bag Limit: Three woodcock.

Mourning Doves

All Areas:

Season Dates: Begin September 1 and end November 30, 2021.

Daily Bag Limit: 30 mourning doves.

Tundra and Trumpeter Swans

Reservation Only:

Season Dates: Begin September 1 and end November 30, 2021.

Daily Bag Limit: Two swans. A swan carcass tag is required prior to hunting.

General Conditions:

1. While hunting waterfowl, a Tribal member must carry on his/her person a valid Ceded Territory License.

2. Shooting hours for migratory birds are one-half hour before sunrise to one-half hour after sunset.

3. Except as otherwise noted, Tribal members will be required to comply with Tribal codes that will be no less restrictive than the provisions of Chapter 10 of the Model Off-Reservation Code. Except as modified by Service rules, these amended regulations parallel Federal requirements in 50 CFR part 20 as to hunting methods, transportation, sale, exportation, and other conditions generally applicable to migratory bird hunting.

4. Band members in each zone will comply with State regulations providing for closed and restricted waterfowl hunting areas.

5. There are no possession limits for migratory birds. For purposes of enforcing bag limits, all migratory birds in the possession or custody of band members on ceded lands will be considered to have been taken on those lands unless tagged by a Tribal or State conservation warden as having been taken on-reservation. All migratory birds that fall on reservation lands will not count as part of any off-reservation bag or possession limit.

(c) Grand Traverse Band of Ottawa and Chippewa Indians, Suttons Bay, Michigan (Tribal Members Only).

Ducks

Daily Bag Limit: 35 ducks, which may include no more than 8 pintail, 4 canvassback, 8 black ducks, 5 hooded merganser, 10 wood ducks, 8 redheads, and 20 mallards (only 10 of which may be hens).

Other Geese (White-Fronted Geese and Brant)

Mourning Doves

Sandhill Cranes

General Conditions: A valid Grand Traverse Band Tribal license is required and must be in possession before taking any wildfowl. Shooting hours for migratory birds are one-half hour before sunrise to one-half hour after sunset. All other basic regulations contained in 50 CFR part 20 are valid. Other Tribal regulations apply and may be obtained at the Tribal office in Suttons Bay, Michigan.

(d) Great Lakes Indian Fish and Wildlife Commission, Odanah, Wisconsin (Tribal Members Only).
The 2021–2022 waterfowl hunting season regulations apply to all treaty areas (except where noted):

Ducks

Mergansers

Geese
Season Dates: Begin September 1 and end December 31, 2021. In addition, any portion of the ceded territory that is open to State-licensed hunters for goose hunting outside of these dates will also be open concurrently for Tribal members. Daily Bag Limit: 20 geese in aggregate.

Other Migratory Birds
Coots and Common Moorhens (Common Gallinules)
Season Dates: Begin September 1 and end December 31, 2021. Daily Bag Limit: 20 coots and common moorhens (common gallinules), singly or in the aggregate.

Sora and Virginia Rails

Common Snipe

Woodcock: 1837 and 1842 Ceded Territories

Woodcock

Mourning Doves

Sandhill Cranes
Season Dates: Begin September 1 and end December 31, 2021. Daily Bag Limit: Five cranes in the 1837 and 1842 Treaty Area and no season bag limit; three cranes and no season bag limit in the 1836 Treaty Area.

Swans
1837 and 1842 Ceded Territories Only: Season Dates: Begin September 1 and end December 31, 2021. Daily Bag/Season Limit: Five swans. All harvested swans must be registered by presenting the fully feathered carcass to a Tribal registration station or GLIFWC warden, to be identified to species. If the total number of trumpeter swans harvested reaches 20, the swan season will be closed by emergency Tribal rule.

General Conditions:
A. All Tribal members are required to obtain a valid Tribal waterfowl hunting permit.
B. Except as otherwise noted, Tribal members are required to comply with Tribal codes that are no less restrictive than the model ceded territory conservation codes approved by Federal courts in the Lac Courte Oreilles v. State of Wisconsin (Voigt) and Mille Lacs Band v. State of Minnesota cases. Chapter 10 in each of these model codes regulates ceded territory migratory bird hunting. Both versions of Chapter 10 parallel Federal requirements as to hunting methods, transportation, sale, exportation, and other conditions generally applicable to migratory bird hunting. They also automatically incorporate by reference the Federal migratory bird regulations.
C. Particular regulations of note include:
1. Nontoxic shot is required for all waterfowl hunting by Tribal members.
2. Tribal members in each zone must comply with Tribal regulations providing for closed and restricted waterfowl hunting areas. These regulations generally incorporate the same restrictions contained in parallel State regulations.
3. There are no possession limits, with the exception of 25 rails (in the aggregate). For purposes of enforcing bag limits, all migratory birds in the possession and custody of Tribal members on ceded lands are considered to have been taken on those lands unless tagged by a Tribal or State conservation warden as taken on reservation lands. All migratory birds that fall on reservation lands do not count as part of any off-reservation bag or possession limit.
4. There are no shell limit restrictions.
5. Hunting hours are from 30 minutes before sunrise to 30 minutes after sunset, except that, within the 1837 and 1842 ceded territories, hunters may use non-mechanical nets or snares that are operated by hand to take those birds subject to an open hunting season at any time. Hunters shall be permitted to capture, without the aid of other devices (i.e., by hand) and immediately kill birds subject to an open season, regardless of time of day. Further explanation is provided at #7.
6. An experimental application of electronic calls (e-calls) will be continued in the 1837 and 1842 ceded territories. Up to 50 Tribal hunters will be allowed to use e-calls. Individuals using e-calls will be required to obtain a special permit; they will be required to complete a hunt diary for each hunt where e-calls are used; and they will be required to submit the hunt diary to the Commission within 2 weeks of the end of the season in order to be eligible to obtain an e-call permit for the following year. Required information will include the date, time, and location of the hunt; number of hunters; the number of each
species harvested per hunting event; if other hunters were in the area, any interactions with other hunters; and other information deemed appropriate. Diary results will be summarized and documented in a Commission report, which will be submitted to the Service. Barring unforeseen results, this experimental application would be replicated for 3 years, after which a full evaluation would be completed.

7. Within the 1837 and 1842 ceded territories, Tribal members will be allowed to use non-mechanical, hand-operated nets (i.e., throw/cast nets or hand-held nets typically used to land fish) and/or hand-operated snares, and may chase and capture migratory birds without the aid of hunting devices (i.e., by hand). At this time, unattended nets or snares shall not be authorized under this regulation. Tribal members using nets or snares to take migratory birds, or taking birds by hand, will be required to obtain a special permit; they will be required to complete a hunt diary for each hunt where these methods are used; and they will be required to submit the hunt diary to the Commission within 2 weeks of the end of the season in order to be eligible to obtain a permit to net migratory birds for the following year. Required information will include the date, time, and location of the hunt; number of hunters; the number of each species harvested per hunting event; and other information deemed appropriate. Diary results will be summarized and documented in a Commission report, which will be submitted to the Service. Barring unforeseen results, this experimental application would be replicated for 3 years, after which a full evaluation would be completed.

(c) Jicarilla Apache Tribe, Jicarilla Indian Reservation, Dulce, New Mexico (Tribal Members and Nontribal Hunters).

Ducks (Including Mergansers)

Season Dates: Open October 2 through November 30, 2021.

Daily Bag and Possession Limits: The daily bag limit is seven, including no more than two female mallards, one pintail, two redheads, two canvasback, and two scaup. The possession limit is three times the daily bag limit.

Canada Geese

Season Dates: Open October 2 through November 30, 2021.

Daily Bag and Possession Limits: Two and four, respectively.

General Conditions: Tribal and nontribal hunters must comply with all basic Federal migratory bird hunting regulations in 50 CFR part 20 regarding shooting hours and manner of taking. In addition, each waterfowl hunter 16 years of age or older must carry on his/her person a valid Migratory Bird Hunting and Conservation Stamp (Duck Stamp) signed in ink across the stamp face. Special regulations established by the Jicarilla Tribe also apply on the reservation.

(f) Kalispel Tribe, Kalispel Reservation, Usk, Washington (Tribal Members and Nontribal Hunters).

Nontribal Hunters on Reservation and Ceded Lands

Geese

Season Dates: Open September 18 and 19, 2021; open September 25 and 26, 2021; and open October 1, 2021, through January 8, 2022. During these periods, days to be hunted are specified by the Kalispel Tribe. Nontribal hunters should contact the Tribe for more detail on hunting days.

Daily Bag and Possession Limits: 5 Canada geese for the early season, and 20 light geese, 10 white-fronted geese, and 4 Canada geese, for the late season. The daily bag limit is 2 brant (when the State’s season is open) and is in addition to dark goose limits for the late season. The possession limit is twice the daily bag limit.

Ducks

Season Dates: Open September 18 and 19, 2021; open September 25 and 26, 2021; and open October 1, 2021, through January 8, 2022.

Daily Bag and Possession Limits: Seven ducks, including no more than two female mallards, one pintail, two canvasback, two scaup, and two redheads. The possession limit is twice the daily bag limit.

Tribal Members on Ceded Lands

Geese

Daily Bag and Possession Limits: Six light geese and four dark geese. The daily bag limit is two brant and is in addition to dark goose limits for the late season. The possession limit is twice the daily bag limit.

Ducks

Daily Bag and Possession Limits: Seven ducks, including no more than two female mallards, two pintail, two canvasback, two scaup, and two redheads. The possession limit is twice the daily bag limit.

General Conditions: Tribal members must possess a valid Migratory Bird Hunting and Conservation Stamp and a Tribal ceded lands permit.

(g) Klamath Tribe, Chiloquin, Oregon (Tribal Members Only).

Ducks and Coots

Daily Bag and Possession Limits: 9 and 18, respectively.

Geese

Daily Bag and Possession Limits: 9 and 18, respectively.

General Conditions: Nontoxic shot is required. Use of live decoys, bait, and commercial use of migratory birds are prohibited. Waterfowl may not be pursued or taken while using motorized craft. Shooting hours are one-half hour before sunrise to one-half hour after sunset.

(h) [Reserved]

(i) Little River Band of Ottawa Indians, Manistee, Michigan (Tribal Members Only).

1836 Ceded Territory and Tribal Reservation:

Ducks

Daily Bag Limit: 12 ducks, including no more than 8 mallards (4 of which may be hens), 4 black ducks, 4 redheads, 6 wood ducks, 2 pintail, and 4 canvasback.

Merganser

Daily Bag Limit: 10 (only 2 of which may be hooded merganser).

Coots and Gallinules

Daily Bag Limit: 30 coots and 30 gallinules.

Canada Geese

Season Dates: Open September 1, 2021, through February 15, 2022.

Daily Bag Limit: 10 geese.

White-Fronted Geese, Brant, and Snow Geese

Season Dates: Open September 1, 2021, through February 15, 2022.

Daily Bag Limit: 10 singly or in the aggregate.

Mourning Dove

Season Dates: Open September 1, 2021, through March 1, 2022.

Daily Bag Limit: 25.
Woodcock, Snipe, and Sora and Virginia Rails

Season Dates: Open September 1 through December 31, 2021.
Daily Bag Limit: 5 woodcock and 25 of the other species.

Sandhill Cranes
Season Dates: Open September 1 through December 31, 2021.
Daily Bag Limit: Two.

General Conditions:
A. All Tribal members will be required to obtain a valid Tribal resource card and 2021–22 hunting license.
B. Except as modified by Service rules, these regulations parallel all Federal regulations contained in 50 CFR part 20. Shooting hours will be from one-half hour before sunrise to sunset.
C. Particular regulations of note include:
   (1) Nontoxic shot will be required for all waterfowl hunting by Tribal members.
   (2) Tribal members in each zone will comply with Tribal regulations providing for closed and restricted waterfowl hunting areas. These regulations generally incorporate the same restrictions contained in parallel State regulations.
   D. Tribal members hunting in Michigan will comply with Tribal codes that contain provisions parallel to Michigan law regarding duck blinds and decoys.
E. Possession limits are three times the daily bag limits.
   (j) The Little Traverse Bay Bands of Odawa Indians, Petoskey, Michigan (Tribal Members Only).

Ducks
Daily Bag Limit: 20 ducks, including no more than 5 hen mallards, 5 black ducks, 5 redheads, 5 wood ducks, 5 pintail, 5 scaup, and 5 canvasback.

Mergansers
Daily Bag Limit: 10 mergansers, including no more than 5 hooded mergansers.

Coots and Gallinules
Season Dates: Open September 15 through December 31, 2021.

Canada Geese
Season Dates: Open September 1, 2021, through February 8, 2022.
Daily Bag Limit: 20 in the aggregate.

Sora and Virginia Rails
Season Dates: Open September 1 through December 31, 2021.

Snipe
Season Dates: Open September 1 through December 31, 2021.
Daily Bag Limit: 15.

Mourning Doves
Season Dates: Open September 1 through November 14, 2021.
Daily Bag Limit: 15.

Woodcock
Season Dates: Open September 1 through December 1, 2021.
Daily Bag Limit: 10.

Sandhill Cranes
Season Dates: Open September 1 through December 1, 2021.
Daily Bag Limit: Two.

General Conditions: Possession limits are twice the daily bag limits.
(k) Lower Brule Sioux Tribe, Lower Brule Reservation, Lower Brule, South Dakota (Tribal Members and Nontribal Hunters).

Tribal Members
Ducks, Mergansers, and Coots
Season Dates: Open September 1, 2021, through March 10, 2022.
Daily Bag and Possession Limits: Six ducks, including no more than two hen mallard and five mallards total, one pintail, two redheads, two canvasback, three wood ducks, three scaup, two bonus teal during September 1 through 16, 2021, and one mottled duck. Coot daily bag limit is 15. Merganser daily bag limit is five, including no more than two hooded mergansers. The possession limit is three times the daily bag limit.

Canada Geese
Season Dates: Open September 1, 2021, through March 10, 2022.
Daily Bag and Possession Limits: Six and 18, respectively.

White-Fronted Geese
Daily Bag and Possession Limits: Two and six, respectively.

Light Geese
Daily Bag Limit: 15.
General Conditions: All hunters must comply with the basic Federal migratory bird hunting regulations in 50 CFR part 20, including the use of steel shot and shooting hours. Nontribal hunters must possess a valid Migratory Bird Hunting and Conservation Stamp. The Lower Brule Sioux Tribe has an official Conservation Code that hunters must adhere to when hunting in areas subject to control by the Tribe.

Band-Tailed Pigeons
Season Dates: Open September 1 through December 31, 2021.
Daily Bag Limit: Two band-tailed pigeons.

Ducks and Coots
Daily Bag Limit: Seven ducks including no more than five mallards (only two of which can be a hen), one...
redhead, one pintail, three scaup, and one canvasback. The seasons on wood duck and harlequin are closed. The coot daily bag limit is 25.

Geese

**Season Dates:** Open September 25, 2021, through January 31, 2022.

**Daily Bag Limit:** Four. The season on dusky Canada geese is closed.

**General Conditions:**
All other Federal regulations contained in 50 CFR part 20 apply. The following restrictions also apply:
1. As per Makah Ordinance 44, only shotguns may be used to hunt any species of waterfowl.
2. Additionally, shotguns must not be discharged within 300 feet of an occupied area. Hunters must be eligible, enrolled Makah Tribal members and must carry their Indian Treaty Fishing and Hunting Identification Card while hunting. No tags or permits are required to hunt waterfowl.
3. The use of live decoys and/or baiting to pursue any species of waterfowl is prohibited.
4. Only Service-approved nontoxic shot is allowed; the use of lead shot is prohibited.
5. The use of dogs is permitted to hunt waterfowl.
6. Shooting hours for all species of waterfowl are one-half hour before sunrise to one-half after sunset.
7. Open hunting areas: Makah Reservation except for designated wilderness areas and within 1 mile of the Cape Flattery and Shi-shi Trails. Off-Reservation hunting areas are specified in the general hunting regulations.
8. Hunters must be eligible, enrolled Makah Tribal members and must carry their Tribal identification while hunting.
9. The possession limit is three times the daily bag limit.
10. It is unlawful to use or possess lead shot while hunting waterfowl.
11. Use of live decoys and/or baiting to pursue any species of waterfowl is prohibited.
12. Hunting for migratory birds is with shotgun only. Only steel, tungsten-iron, tungsten-polymer, tungsten-matrix, and tin shot are allowed for hunting waterfowl. It is unlawful to use or possess lead shot while hunting waterfowl.
13. The use of live decoys and/or baiting to pursue any species of waterfowl is prohibited.
14. Hunting for migratory birds is with shotgun only. Only steel, tungsten-iron, tungsten-polymer, tungsten-matrix, and tin shot are allowed for hunting waterfowl. It is unlawful to use or possess lead shot while hunting waterfowl.
15. The use of live decoys and/or baiting to pursue any species of waterfowl is prohibited.
16. Hunting for migratory birds is with shotgun only. Only steel, tungsten-iron, tungsten-polymer, tungsten-matrix, and tin shot are allowed for hunting waterfowl. It is unlawful to use or possess lead shot while hunting waterfowl.
17. The use of live decoys and/or baiting to pursue any species of waterfowl is prohibited.
18. Hunting for migratory birds is with shotgun only. Only steel, tungsten-iron, tungsten-polymer, tungsten-matrix, and tin shot are allowed for hunting waterfowl. It is unlawful to use or possess lead shot while hunting waterfowl.

**Hunt Areas:**
- The area where hunting is permitted
- The area where hunting is prohibited

**Hunting Hours:**
- Sunrise to sunset
- One-half hour before sunrise to one-half after sunset

**Possession Limits:**
- Three times the daily bag limit

**Special Regulations:**
- Federal migratory bird hunting regulations in 50 CFR part 20 apply.
- Tribes are prohibited from using lead shot while hunting.
- Tribes are prohibited from using live decoys and/or baiting to pursue any species of waterfowl.
- Tribes are prohibited from using shotguns to hunt any species of waterfowl.
- Tribes are prohibited from using any other firearms to hunt any species of waterfowl.
- Tribes are prohibited from using nonnontoxic shot to hunt any species of waterfowl.
- Tribes are prohibited from using any other ammunition to hunt any species of waterfowl.
- Tribes are prohibited from using any other equipment to hunt any species of waterfowl.
- Tribes are prohibited from using any other animals to hunt any species of waterfowl.
- Tribes are prohibited from using any other plants to hunt any species of waterfowl.
- Tribes are prohibited from using any other substances to hunt any species of waterfowl.
- Tribes are prohibited from using any other methods to hunt any species of waterfowl.
- Tribes are prohibited from using any other techniques to hunt any species of waterfowl.
- Tribes are prohibited from using any other strategies to hunt any species of waterfowl.
- Tribes are prohibited from using any other plans to hunt any species of waterfowl.
- Tribes are prohibited from using any other strategies to hunt any species of waterfowl.
- Tribes are prohibited from using any other techniques to hunt any species of waterfowl.
- Tribes are prohibited from using any other methods to hunt any species of waterfowl.
- Tribes are prohibited from using any other equipment to hunt any species of waterfowl.
- Tribes are prohibited from using any other animals to hunt any species of waterfowl.
- Tribes are prohibited from using any other plants to hunt any species of waterfowl.
- Tribes are prohibited from using any other substances to hunt any species of waterfowl.
- Tribes are prohibited from using any other methods to hunt any species of waterfowl.
- Tribes are prohibited from using any other techniques to hunt any species of waterfowl.
- Tribes are prohibited from using any other strategies to hunt any species of waterfowl.
- Tribes are prohibited from using any other plans to hunt any species of waterfowl.
- Tribes are prohibited from using any other strategies to hunt any species of waterfowl.
- Tribes are prohibited from using any other techniques to hunt any species of waterfowl.
- Tribes are prohibited from using any other methods to hunt any species of waterfowl.
- Tribes are prohibited from using any other equipment to hunt any species of waterfowl.
- Tribes are prohibited from using any other animals to hunt any species of waterfowl.
- Tribes are prohibited from using any other plants to hunt any species of waterfowl.
- Tribes are prohibited from using any other substances to hunt any species of waterfowl.
- Tribes are prohibited from using any other methods to hunt any species of waterfowl.
- Tribes are prohibited from using any other techniques to hunt any species of waterfowl.
- Tribes are prohibited from using any other strategies to hunt any species of waterfowl.
- Tribes are prohibited from using any other plans to hunt any species of waterfowl.
- Tribes are prohibited from using any other strategies to hunt any species of waterfowl.
- Tribes are prohibited from using any other techniques to hunt any species of waterfowl.
- Tribes are prohibited from using any other methods to hunt any species of waterfowl.
- Tribes are prohibited from using any other equipment to hunt any species of waterfowl.
- Tribes are prohibited from using any other animals to hunt any species of waterfowl.
- Tribes are prohibited from using any other plants to hunt any species of waterfowl.
- Tribes are prohibited from using any other substances to hunt any species of waterfowl.
- Tribes are prohibited from using any other methods to hunt any species of waterfowl.
- Tribes are prohibited from using any other techniques to hunt any species of waterfowl.
- Tribes are prohibited from using any other strategies to hunt any species of waterfowl.
- Tribes are prohibited from using any other plans to hunt any species of waterfowl.
- Tribes are prohibited from using any other strategies to hunt any species of waterfowl.
- Tribes are prohibited from using any other techniques to hunt any species of waterfowl.
- Tribes are prohibited from using any other methods to hunt any species of waterfowl.

- Tribes are prohibited from using any other substances to hunt any species of waterfowl.
- Tribes are prohibited from using any other methods to hunt any species of waterfowl.
- Tribes are prohibited from using any other techniques to hunt any species of waterfowl.
- Tribes are prohibited from using any other strategies to hunt any species of waterfowl.
- Tribes are prohibited from using any other plans to hunt any species of waterfowl.
Daily Bag and Possession Limits: Two and six pigeons, respectively.  
Port Gamble S’Klallam Tribe

Duck and Merganser  
**Season Dates:** Open September 1, 2021, through March 10, 2022.  
**Daily Bag and Possession Limits:** Seven, including no more than one harlequin duck per season. Possession limit is three times the daily bag limit.

**Geese**  
**Season Dates:** Open September 1, 2021, through March 10, 2022.  
**Daily Bag and Possession Limits:** The daily bag limits for Canada goose, light geese, and white-fronted geese are 5, 6, and 10, respectively. There is a year-round closure on dusky Canada geese. Possession limit is three times the daily bag limit.

**Brant**  
**Season Dates:** Open January 1 through 31, 2022.  
**Daily Bag and Possession Limits:** Two and six, respectively.

**Coots**  
**Season Dates:** Open September 1, 2021, through January 31, 2022.  
**Daily Bag and Possession Limits:** 10 and 30 doves, respectively.

**Snipe**  
**Season Dates:** Open September 1, 2021, through April 16, 2022.  
**Daily Bag and Possession Limits:** 8 and 24 snipe, respectively.

**Sandhill Cranes**  
**Season Dates:** Open September 1, 2021, through January 31, 2022.  
**Daily Bag Limit:** One.  
**General Conditions:** Possession limits are twice the daily bag limits except for rails, of which the possession limit equals the daily bag limit (20). Tribal members must possess a Tribal hunting permit from the Saginaw Tribe pursuant to Tribal law. Shooting hours are one-half hour before sunrise until one-half hour after sunset. Hunters must observe all other basic Federal migratory bird hunting regulations in 50 CFR part 20.

**Sora and Virginia Rails**  
**Season Dates:** Open September 1, 2021, through January 31, 2022.  
**Daily Bag Limit:** 20 in the aggregate.

**Woodcock**  
**Season Dates:** Open September 1, 2021, through January 31, 2022.  
**Daily Bag Limit:** 10 woodcock.  
**General Conditions:** Possession limits are twice the daily bag limits except for rails, of which the possession limit equals the daily bag limit (20).
