**AGENCY:** Coast Guard, DHS.

**ACTION:** Temporary final rule.

**SUMMARY:** The Coast Guard is establishing a temporary safety zone for all navigable waters of the Lower Mississippi River (LMR), between Mile Marker 593 and 597. NPRM Notice of proposed rulemaking  
§ Section  
U.S.C. United States Code

## II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable. Immediate action is needed to protect persons and property from the potential safety hazards associated with dredging operations. The NPRM process would delay the establishment of the safety zone until after the date of the event and compromise public safety. We must establish this temporary safety zone immediately and lack sufficient time to provide a reasonable comment period and then consider those comments before issuing the rule.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be contrary to the public interest because immediate action is needed to respond to the potential safety hazards associated with dredging operations in the vicinity of Waxhaw, MS starting August 13, 2021.

## III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port (COTP) Sector Lower Mississippi River (LMR) has determined that potential hazards associated with dredging operations between Mile Marker (MM) 593 and 597, scheduled to start on August 13, 2021, would be a safety concern for all persons and vessels on the Lower Mississippi River between MM 593 and MM 597 through September 15, 2021. This rule is needed to protect persons, property, infrastructure, and the marine environment in all waters of the LMR within the safety zone while dredging operations are being conducted.

## IV. Discussion of the Rule

This rule establishes a temporary safety zone from August 13, 2021 through September 15, 2021. The safety zone will cover all navigable waters of

the LMR from MM 593 to MM 597. The duration of this safety zone is intended to ensure the safety of waterway users on these navigable waters during dredging operations.

Entry of persons or vessels into this safety zone is prohibited unless authorized by the COTP or a designated representative. A designated representative is a commissioned, warrant, or petty officer of the U.S. Coast Guard assigned to units under the operational control of USCG Sector Lower Mississippi River. Persons or vessels seeking to enter the safety zones must request permission from the COTP or a designated representative on VHF-FM channel 16 or by telephone at 314-269-2332. If permission is granted, all persons and vessels shall comply with the instructions of the COTP or designated representative. The COTP or a designated representative will inform the public of the enforcement times and date for this safety zone through Broadcast Notices to Mariners (BNMs), Local Notices to Mariners (LNM)s, and/or Marine Safety Information Bulletins (MSIBs), as appropriate.

## V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive Orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive Orders, and we discuss First Amendment rights of protestors.

### A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size, location, and duration of the safety zone. This safety zone will temporarily restrict navigation on the LMR from MM 593 through MM 597, from August 13, 2021 through September 15, 2021. Moreover, The Coast Guard will issue a Broadcast Notice to Mariners via VHF-FM marine channel 16 about the safety zone, and the rule allows vessels to seek permission to enter the zone.

### B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the temporary safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

### C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

### D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of

power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

### E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

### F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone that will prohibit entry on a one-mile stretch of the Lower Mississippi River. It is categorically excluded from further review under paragraph L60 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1.

### G. Protest Activities

The Coast Guard respects the First Amendment rights of protestors. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

**SUPPLEMENTARY INFORMATION:****I. Background****A. Statutory Framework**

On December 27, 2020, the President signed into law the Copyright Alternative in Small-Claims Enforcement (“CASE”) Act of 2020.<sup>1</sup> The CASE Act establishes the Copyright Claims Board (“CCB” or “Board”), a voluntary, alternative forum to federal court for parties to seek resolution of copyright disputes that have a low economic value (“small copyright claims”).<sup>2</sup> The creation of the CCB does

<sup>1</sup> Public Law 116–260, sec. 212, 134 Stat. 1182, 2176 (2020).

<sup>2</sup> See, e.g., H.R. Rep. No. 116–252, at 18–20 (2019); S. Rep. No. 116–105, at 7–8 (2019). Note, the CASE Act legislative history cited is for H.R. 2426 and S. 1273, the CASE Act of 2019, a bill nearly identical to the CASE Act of 2020. See H.R. 2426, 116th Cong. (2019); S. 1273, 116th Cong. (2019). In developing the CASE Act, Congress drew on model legislation in the Office's 2013 policy report, *Copyright Small Claims*, <https://www.copyright.gov/docs/smallclaims/usco-smallcopyrightclaims.pdf> (“*Copyright Small Claims*”). Congress also incorporated the Office's report and supporting materials into the statute's legislative history. H.R. Rep. No. 116–252, at 19; S. Rep. No. 116–105, at 2.

not displace or limit the ability to bring small copyright claims in federal court, but rather provides a more accessible alternative forum.<sup>3</sup> The CCB has authority to hear copyright infringement claims, claims seeking a declaration of noninfringement, and misrepresentation claims under section 512(f) of title 17.<sup>4</sup> Participation before the CCB is voluntary for all parties,<sup>5</sup> and all determinations are non-precedential.<sup>6</sup> The Copyright Office is in the process of standing up the CCB and intends to promulgate several operational and procedural rules.<sup>7</sup> Congress directed the CCB to begin operations by December 27, 2021, though the Register may, for good cause, extend that deadline by not more than 180 days.<sup>8</sup>

Consistent with the overall goal of providing a cost-effective, streamlined alternative to federal litigation, the CASE Act includes provisions addressing the Copyright Act's registration prerequisite to filing an infringement action. In general, the owner of the copyright in a United States work may not initiate an infringement suit until the Office has issued or refused to issue a copyright registration.<sup>9</sup> Additionally, the Copyright Act provides that in most instances, for a copyright owner to qualify for an award of attorneys' fees or statutory damages, the infringed work must have been registered on or before the date the infringement commenced, unless registration is made within three months after the work's first publication.<sup>10</sup> In considering the challenges facing those involved in
