In Amendment No. 1, the Exchange: (i) Stated that Teicurium Trading, LLC will be the Sub-Adviser for the Fund; (ii) represented that neither the Sponsor nor the Sub-Adviser (as such terms are defined below) is registered as a broker-dealer or affiliated with a broker-dealer and made additional representations with respect to firewalls; (iii) stated that the Fund will seek investment results, before fees and expenses, that correspond to the performance of the Index (as defined below) and that the Fund will seek to track the Index over any time period, not just for a single day; (iv) stated that the Sponsor or Sub-Adviser determines the type, quantity and mix of investments that the Sponsor or Sub-Adviser believes, in combination, should provide exposure to the Index to seek investment results equal to the performance of the Index; (v) stated that the Sponsor or Sub-Adviser may cause the Fund to invest in VIX Related Positions (as defined below) if the market for a specific futures contract experiences emergencies or disruptions or in situations where the Sponsor or Sub-Adviser deems it impractical or inadvisable to buy or sell SPX Futures futures contracts; (vi) represented that (a) the Fund will attempt to limit counterparty risk in uncleared swap agreements by entering into such agreements only with counterparties the Sponsor and Sub-Adviser believes are creditworthy and by limiting the Fund’s exposure to each counterparty and (b) the Sponsor and Sub-Adviser will monitor the creditworthiness of each counterparty and the Fund’s exposure to each counterparty on an ongoing basis; (vii) stated that, with respect to halting trading in the Shares, the Exchange may consider (a) the extent to which trading is not occurring in the securities and/or the financial instruments composing the daily disclosed portfolio of the Fund; or (b) whether other unusual
Commission has received no comments on the proposed rule change. The Commission is publishing this notice and order to solicit comments on Amendment No. 1 from interested persons, and to institute proceedings pursuant to Section 19(b)(2)(B) of the Act 7 to determine whether to approve or disapprove the proposed rule change, as modified by Amendment No. 1.

II. Description of the Proposed Rule Change, as Modified by Amendment No. 1 8

The Exchange proposes to list and trade Shares of the Fund 9 under NYSE Arca Rule 8.200–E, Commentary .02 which governs the listing and trading of Trust Issued Receipts 10 on the Exchange. The Fund will be managed and controlled by ConvexityShares, LLC ("Sponsor"), a commodity pool operator.11 Teucrium Trading, LLC, a commodity trading adviser registered with the Commodity Futures Trading Commission, will be the Sub-Adviser for the Fund ("Sub-Adviser") and will manage the Fund's commodity futures investment strategy.12 U.S. Bank will provide custody and fund accounting to the Trust and the Fund; U.S. Bancorp Fund Services will be the transfer agent for the Shares and administrator for the Fund; and Foreside will serve as the distributor for the Fund.

The Fund will seek investment results, before fees and expenses, that correspond to the performance of its benchmark Index. The Fund will seek to track the Index over time, not just for a single day. The Fund is benchmarked to the T3 SPIKE Front 2 Futures Index ("Index"), an investable index of SPIKES futures contracts.13 The Index is intended to reflect the returns that are potentially available through an unleveraged investment in a theoretical portfolio of first- and second-month futures contracts on the SPIKES Volatility Index ("SPIKES Index").14

The use and dissemination of material non-public information regarding the portfolio.12 The Sub-Adviser is not registered as a broker-dealer or affiliated with a broker-dealer. In the event (a) the Sub-Adviser becomes registered as a broker-dealer or affiliated with a broker-dealer, or (b) any new Sub-Adviser becomes registered as a broker-dealer or becomes newly affiliated with a broker-dealer, it will implement and maintain a fire wall with respect to its relevant personnel of the broker-dealer or broker-dealer affiliate, as applicable, regarding access to information concerning the composition and/or changes to the Index.

The Index is comprised solely of SPIKES futures contracts.15 The Index employs rules for selecting the SPIKES futures contracts comprising the Index and a formula to calculate a level for the Index from the prices of these SPIKES futures contracts. Currently, the SPIKES futures contracts comprising the Index represent the prices of two near-term SPIKES futures contracts, replicating a position that rolls the nearest month SPIKES futures contracts to the next month SPIKES futures contracts at or close to the daily settlement price via a Trade-At-Settlement 16 program towards the end of each business day in equal fractional amounts. This results in a constant weighted average maturity of one month.

The Fund will invest primarily in SPIKES futures contracts to gain the appropriate exposure to the Index. Under certain circumstances (described below), the Fund may also invest in futures contracts and swap contracts ("VIX Related Positions") on the Cboe Volatility Index ("VIX").17 The Exchange states that the VIX is an index that tracks volatility and would be expected to perform in a substantially similar manner as the SPIKES Index.

The Fund seeks to achieve its investment objective through the appropriate amount of exposure to the SPIKES futures contracts included in the Index. The Fund will not directly invest in the SPIKES Index. The Sponsor or Sub-Adviser determines the Index is a theoretical calculation and cannot be traded on a spot basis. T3 Index is the owner, creator and licensor of the SPIKES Index. The SPIKES Index is calculated, maintained and published by Miami International Securities Exchange, LLC via the Options Price Reporting Authority.

According to the Exchange, SPIKES futures contracts were launched for trading by the Minneapolis Grain Exchange, LLC ("MGEX") on December 14, 2020. While the SPIKES Index represents a measure of the expected 30-day volatility of SPY, the prices of SPIKES futures contracts are based on the current expectation of the expected 30-day volatility of SPY on the expiration date of the futures contract.

According to the Exchange, a Trade at Settlement ("TAS") transaction is a transaction at a price equal to the daily settlement price, or at a specified differential above or below the daily settlement price. The TAS transaction price will be determined following execution and based upon the daily settlement price of the respective SPIKES futures contracts month. The permissible price range for permitted TAS transactions is from 0.50 index points below the daily settlement price to 0.50 index points above the daily settlement price. The permissible minimum increment for a TAS transaction is 0.01 index points. See MGEX Rule 83.15 at http://www.mgex.com/documents/20210318-Rulebook.pdf.

According to the Exchange, the VIX is a measure of estimated near-term future volatility based upon the weighted average of the implied volatilities of near-term put and call options on the S&P 500.
type, quantity and mix of investments that the Sponsor or Sub-Adviser believes, in combination, should provide exposure to the Index to seek investment results equal to the performance of the Index. In the event accountability rules, price limits, position limits, margin limits or other exposure limits are reached with respect to SPIKES futures contracts, or if the market for a specific futures contract experiences emergencies (e.g., natural disaster, terrorist attack or an act of God) or disruptions (e.g., a trading halt or a flash crash), or in situations where the Sponsor or Sub-Adviser deems it impractical or inadvisable to buy or sell SPIKES futures contracts (such as during periods of market volatility or illiquidity, or when trading in SPY is halted), the Sponsor or Sub-Adviser may cause the Fund to invest in VIX Related Positions. The Sponsor expects the Fund’s positions in VIX Related Positions to consist primarily of VIX futures contracts, which are traded on the Cboe Futures Exchange. However, in the event accountability rules, price limits, position limits, margin limits or other exposure limits are reached with respect to VIX futures contracts, or if the market for a specific VIX futures contract experiences emergencies or disruptions or in situations where the Sponsor or Sub-Adviser deems it impractical or inadvisable to buy or sell VIX futures contracts, the Fund would hold VIX swap agreements. The Fund will also hold cash or cash equivalents such as U.S. Treasury securities or other high credit quality, short-term fixed-income or similar securities (such as shares of money market funds) as collateral for investments and pending investments.

III. Proceedings To Determine Whether To Approve or Disapprove SR–NYSEArca–2021–29, as Modified by Amendment No. 1, and Grounds for Disapproval Under Consideration

The Commission is instituting proceedings pursuant to Section 19(b)(2)(B) of the Act to determine whether the proposed rule change, as modified by Amendment No. 1, should be approved or disapproved. Institution of such proceedings is appropriate at this time in view of the legal and policy issues raised by the proposal. Institution of proceedings does not indicate that the Commission has reached any conclusions with respect to any of the issues involved. Rather, as described below, the Commission seeks and encourages interested persons to provide comments on the proposed rule change.

Pursuant to Section 19(b)(2)(B) of the Act, the Commission is providing notice of the grounds for disapproval under consideration. Under the Commission’s Rules of Practice, the “burden to demonstrate that a proposed rule change is consistent with the Exchange Act and the rules and regulations issued thereunder . . . is on the [SRO] that proposed the rule change.” The description of a proposed rule change, its purpose and operation, its effect, and a legal analysis of its consistency with applicable requirements must all be sufficiently detailed and specific to support an affirmative Commission finding, and any failure of an SRO to provide this information may result in the Commission not having a sufficient basis to make an affirmative finding that a proposed rule change is consistent with the Act and the applicable rules and regulations.

The Commission is instituting proceedings to allow for additional consideration and comment on the issues raised herein, including as to whether the proposal is consistent with the Act.

IV. Procedure: Request for Written Comments

The Commission requests that interested persons provide written submissions of their views, data, and arguments with respect to the issues identified above, as well as any other concerns they may have with the proposal. In particular, the Commission invites the written views of interested persons concerning whether the proposed rule change, as modified by

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b–4 thereunder,² notice is hereby given that on August 2, 2021, ICE Clear Europe Limited ("ICE Clear Europe" or the "Clearing House") filed with the Securities and Exchange Commission ("Commission") the proposed rule changes described in Items I, II and III below, which Items have been prepared primarily by ICE Clear Europe. On August 11, 2021, ICE Clear Europe filed Partial Amendment No. 1 to the proposed rule change.³ The Commission is publishing this notice to solicit comments on the proposed rule change, as modified by Partial Amendment No. 1 (hereafter referred to as the "proposed rule change"), from interested persons.

I. Clearing Agency’s Statement of the Terms of Substance of the Proposed Rule Change

II. Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, ICE Clear Europe included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. ICE Clear Europe has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of such statements.

(A) Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

³ Partial Amendment No. 1 amended the filing to delete from the filed Exhibit 5B, Clearing Membership Procedures, certain statements in sections 2.4.1 and 2.4.2 of such Procedures concerning the termination of clearing membership by a Clearing Member. Specifically, ICE Clear Europe proposes to remove the statements that it will define a minimum notice period and may publish a Circular confirming that a Termination Notice has been issued, because the appropriate minimum notice period and requirements for publishing a Circular are set forth in existing Clearing Rule 209, which is not proposed to be amended.
