

holder seated beside them in the vehicle. Werner, however, indicates their exemption request that the CDL holder will remain in the vehicle at all times while the CLP holder is driving—just not in the front seat. Werner contends that an exemption from this regulation will benefit Werner and the trucking industry in three ways: Improving efficiency of freight operations by maximizing driver employment during an historic driver shortage; creating immediate employment and compensation opportunities to qualified drivers; and improving the overall safety of the new driver experience. Werner believes it will face a significant burden in all three areas if this exemption is not granted.

Werner asserts that 49 CFR 383.25(a)(1) has created a significant burden on its operations. Prior to the implementation of the regulation, a new driver's state of domicile issued temporary CDLs to drivers who passed the CDL skills test. The temporary CDL made it possible for Werner to place the new driver as "on duty" and route him or her to the State of domicile to obtain a CDL, and without entering a second driver into an "on duty" status, thus allowing productive freight movement for Werner and compensation for the new driver. A copy of the exemption application is in the docket referenced at the beginning of this notice.

IV. Equivalent Level of Safety

Werner believes that by applying the exemption only to drivers who have passed the CDL skills test, hold a CLP, and operate the CMV under supervision of a CDL holder who is somewhere in the vehicle, an equivalent level of safety will likely be achieved. Werner believes that there is no difference between the CLP holders who have passed the CDL skills test and other truck drivers on the road. In fact, Werner notes that by allowing a CLP holder who has passed the CDL skills test out of State to drive *en route* to their State of domicile with a CDL holder present in the vehicle, safety will be improved over current regulations, which allow a new CDL holder to drive unsupervised immediately after receiving his or her CDL documentation. Werner will ensure this level of safety by maintaining proper, up-to-date records for all drivers in possession of a CLP who have passed the CDL skills test.

V. Request for Comments

In accordance with 49 U.S.C. 31315(b), FMCSA requests public comment from all interested persons on Werner's application for an exemption from 49 CFR 383.25(a)(1). All comments

received before the close of business on the comment closing date indicated at the beginning of this notice will be considered and will be available for examination in the docket at the location listed under the Addresses section of this notice. Comments received after the comment closing date will be filed in the public docket and will be considered to the extent practicable.

In addition to late comments, FMCSA will also continue to file, in the public docket, relevant information that becomes available after the comment closing date. Interested persons should continue to examine the public docket for new material.

C. Privacy Act

In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its regulatory process. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at www.transportation.gov/privacy.

II. Background

Under 49 U.S.C. 31136(e) and 31315(b), FMCSA may grant an exemption from the FMCSRs for no longer than a 5-year period if it finds such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption. The

statute also allows the Agency to renew exemptions at the end of the 5-year period. FMCSA grants medical exemptions from the FMCSRs for a 2-year period to align with the maximum duration of a driver’s medical certification.

The physical qualification standard for drivers regarding hearing found in 49 CFR 391.41(b)(11) states that a person is physically qualified to drive a CMV if that person first perceives a forced whispered voice in the better ear at not less than 5 feet with or without the use of a hearing aid or, if tested by use of an audiometric device, does not have an average hearing loss in the better ear greater than 40 decibels at 500 Hz, 1,000 Hz, and 2,000 Hz with or without a hearing aid when the audiometric device is calibrated to American National Standard (formerly ASA Standard) Z24.5–1951.

This standard was adopted in 1970 and was revised in 1971 to allow drivers to be qualified under this standard while wearing a hearing aid, 35 FR 6458, 6463 (April 22, 1970) and 36 FR 12857 (July 3, 1971).

The eight individuals listed in this notice have requested renewal of their exemptions from the hearing standard in § 391.41(b)(11), in accordance with FMCSA procedures. Accordingly, FMCSA has evaluated these applications for renewal on their merits and decided to extend each exemption for a renewable 2-year period.

III. Request for Comments

Interested parties or organizations possessing information that would otherwise show that any, or all, of these drivers are not currently achieving the statutory level of safety should immediately notify FMCSA. The Agency will evaluate any adverse evidence submitted and, if safety is being compromised or if continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315(b), FMCSA will take immediate steps to revoke the exemption of a driver.

IV. Basis for Renewing Exemptions

In accordance with 49 U.S.C. 31136(e) and 31315(b), each of the eight applicants has satisfied the renewal conditions for obtaining an exemption from the hearing requirement. The eight drivers in this notice remain in good standing with the Agency. In addition, for Commercial Driver’s License (CDL) holders, the Commercial Driver’s License Information System and the Motor Carrier Management Information System are searched for crash and violation data. For non-CDL holders, the

Agency reviews the driving records from the State Driver’s Licensing Agency. These factors provide an adequate basis for predicting each driver’s ability to continue to safely operate a CMV in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each of these drivers for a period of 2 years is likely to achieve a level of safety equal to that existing without the exemption.

As of August 13, 2021, and in accordance with 49 U.S.C. 31136(e) and 31315(b), the following eight individuals have satisfied the renewal conditions for obtaining an exemption from the hearing requirement in the FMCSRs for interstate CMV drivers:

Timothy Finley (CA)
 Frankye Helbig (FL)
 William Jones (MN)
 Tommy Lynn, Jr. (AZ)
 David Presley (TX)
 Joseph Strassburg (SD)
 Jason Swearington (TX)
 Holly Cameron Wright (NC)

The drivers were included in docket number FMCSA–2012–0154, FMCSA–2013–0124, FMCSA–2014–0383, FMCSA–2014–0385, FMCSA–2014–0386, or FMCSA–2018–0138. Their exemptions are applicable as of August 13, 2021 and will expire on August 13, 2023.

V. Conditions and Requirements

The exemptions are extended subject to the following conditions: (1) Each driver must report any crashes or accidents as defined in § 390.5; and (2) report all citations and convictions for disqualifying offenses under 49 CFR 383 and 49 CFR 391 to FMCSA; and (3) each driver prohibited from operating a motorcoach or bus with passengers in interstate commerce. The driver must also have a copy of the exemption when driving, for presentation to a duly authorized Federal, State, or local enforcement official. In addition, the exemption does not exempt the individual from meeting the applicable CDL testing requirements. Each exemption will be valid for 2 years unless rescinded earlier by FMCSA. The exemption will be rescinded if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315(b).

VI. Preemption

During the period the exemption is in effect, no State shall enforce any law or

regulation that conflicts with this exemption with respect to a person operating under the exemption.

VII. Conclusion

Based upon its evaluation of the eight exemption applications, FMCSA renews the exemptions of the aforementioned drivers from the hearing requirement in § 391.41(b)(11). In accordance with 49 U.S.C. 31136(e) and 31315(b), each exemption will be valid for two years unless revoked earlier by FMCSA.
