

After the first grant year, Tribal Home Visiting grantees must comply with the requirement to submit an Annual Report to the Secretary that should feature activities carried out under the program during the past reporting period, and a final report to the Secretary during the final year of their grant. To assist grantees with meeting these requirements, ACF created guidance for grantees to use when writing their reports. The guidance specifies that grantees must address the following:

- Update on Home Visiting Program Goals and Objectives

- Update on the Implementation of Home Visiting Program in Targeted Community(ies)
 - Progress toward Meeting Legislatively Mandated Benchmark Requirements
 - Update on Rigorous Evaluation Activities
 - Home Visiting Program Continuous Quality Improvement (CQI) Efforts
 - Update on dissemination activities
 - Administration of Home Visiting Program
 - Technical Assistance Needs
- Previously, the guidance included information about both the annual and

the final reports from grantees. This extension request includes updates to the guidance to make it specific to just the annual reports. Guidance specific to the final report will be submitted for review and approval by OMB in the future. A comment period will accompany that request.

Respondents: Tribal Home Visiting Managers (information collection does not include direct interaction with individuals or families that receive the services).

ANNUAL BURDEN ESTIMATES

Instrument	Total number of respondents	Annual number of responses per respondent	Average burden hours per response	Annual burden hours

SUPPLEMENTARY INFORMATION:

Purpose: As outlined in its Charter, the National Committee on Vital and Health Statistics assists and advises the Secretary of HHS on health data, data standards, statistics, privacy, national health information policy, and the Department’s strategy to best address those issues. This includes the adoption and implementation of transaction standards, unique identifiers, operating rules and code sets adopted under the Health Insurance and Portability Act of 1996 (HIPAA).¹ At this meeting, the Committee will receive updates from HHS officials, hold discussions on current health data policy topics, and discuss its work plan for the upcoming period.

The Subcommittee on Standards will bring forward a letter that outlines a set

of recommendations for HHS actions regarding the 11th Revision of the International Classification of Diseases (ICD-11) for the Committee’s consideration. In addition, the Subcommittee will update the full Committee on the August 25 Listening Session on Healthcare Standards Development, Adoption and Implementation, and how the input received from that session, as well as from an extended public comment period, is informing the Subcommittee’s “Convergence 2.0” project. The Subcommittee on Privacy, Confidentiality & Security will update the Committee regarding the July 14 hearing on Security in Healthcare and on its project to examine considerations for data collection and use during a public health emergency. The Committee also will discuss a potential project that would assess current standards and practices for reporting race and ethnicity data and sexual orientation and gender identity (SOGI) data.

The Committee will reserve time for public comment toward the end of the schedule on both days. Meeting times and topics are subject to change. Please refer to the agenda posted at the NCVHS website for this meeting <https://ncvhs.hhs.gov/meetings/full-committee-meeting-8/> for any updates.

Sharon Arnold,

Associate Deputy Assistant Secretary for Planning and Evaluation, Science and Data Policy, Office of the Assistant Secretary for Planning and Evaluation.
