

8. *The estimated number of annual respondents:* 52.

9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 15,720.

10. *Abstract:* The NRC is requesting OMB approval of a plan for a generic collection of information. The need and practicality of the collection can be evaluated, but the details of the specific individual collections will not be known until a later time. The Agreement States and non-Agreement States will be asked on a one-time or as needed basis to respond to a specific incident, to gather information on licensing and inspection practices or other technical information, or to provide comments on proposed policy and program updates. The results of such information requests, which are authorized under Section 274(b) of the Atomic Energy Act, will be utilized in part by the NRC in preparing responses to Congressional inquiries. In addition, the information can assist the Commission in its considerations and decisions involving Atomic Energy Act materials programs in an effort to make the national nuclear materials program more uniform and consistent.

B. Submitting Comments

The NRC encourages electronic comment submission through the Federal Rulemaking website (<https://www.regulations.gov>). Please include Docket ID NRC-2021-0084 in your comment submission.

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed in your comment submission. All comment submissions are posted at <https://www.regulations.gov/> and entered into ADAMS. Comment submissions are not routinely edited to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the OMB, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that comment submissions are not routinely edited to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Background

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC is requesting public comment on its intention to request the OMB's approval for the information collection summarized below.

1. *The title of the information collection:* Part 95 of title 10 of the *Code of Federal Regulations*, "Facility Security Clearance and Safeguarding of National Security Information and Restricted Data."

2. *OMB approval number:* 3150-0047.

3. *Type of submission:* Extension.

4. *The form number, if applicable:* NRC Form 405F.

5. *How often the collection is required or requested:* When new facility clearance requests are received, existing facility clearances are terminated, when respondents make changes reportable under the rule, including a mandatory submission every 5 years.

6. *Who will be required or asked to respond:* NRC-regulated facilities and their contractors who require access to, and possession of NRC classified information.

7. *The estimated number of annual responses:* 172 (144 reporting + 28 Recordkeepers).

8. *The estimated number of annual respondents:* 28.

9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 664 (490 Reporting + 174 Recordkeeping).

10. *Abstract:* The NRC-regulated facilities and their contractors who are authorized to access and possess classified matter are required to provide information and maintain records to ensure an adequate level of protection is provided to NRC classified information and material.

III. Specific Requests for Comments

The NRC is seeking comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?
2. Is the estimate of the burden of the information collection accurate?
3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?
4. How can the burden of the information collection on respondents be minimized, including the use of automated collection techniques or other forms of information technology?

Dated: August 17, 2021.

II. Background

Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC recently submitted a request for renewal of an existing collection of information to OMB for review entitled, Part 54 of title 10 of the *Code of Federal Regulations* (10 CFR), “Requirements for Renewal of Operating Licenses for Nuclear Power Plants.” The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on May 19, 2021, (86 FR 27119).

1. *The title of the information collection:* 10 CFR part 54

“Requirements for Renewal of Operating Licenses for Nuclear Power Plants.”

2. *OMB approval number:* 3150-0155.

3. *Type of submission:* Extension.
