

agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information that they conduct or sponsor. "Collection of Information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. To comply with this requirement, the CFTC is publishing notice of the proposed extension of an existing collection of information listed below.

Title: Notification of Pending Legal Proceedings Pursuant to 17 CFR 1.60 (OMB Control Number 3038-0033). This is a request for extension of a currently approved information collection.

Abstract: The rule is designed to assist the Commission in monitoring legal proceedings involving the responsibilities imposed on designated contract markets (DCMs) and their officials and futures commission merchants (FCMs) and their principals by the Commodity Exchange Act, and is applicable to swap execution facilities (SEFs) through 17 CFR 37.2. This renewal updates the total requested burden based on available reported data.

With respect to the following collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
- The accuracy of the Commission's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; e.g., permitting electronic submission of responses.

You should submit only information that you wish to make available publicly. If you wish the Commission to consider information that you believe is exempt from disclosure under the Freedom of Information Act, a petition for confidential treatment of the exempt information may be submitted according to the procedures established in § 145.9 of the Commission's regulations.¹

The Commission reserves the right, but shall have no obligation, to review, pre-screen, filter, redact, refuse or remove any or all of your submission from <http://www.cftc.gov> that it may deem to be inappropriate for publication, such as obscene language. All submissions that have been redacted or removed that contain comments on the merits of the Information Collection Request will be retained in the public comment file and will be considered as required under the Administrative Procedures Act and other applicable laws, and may be accessible under the Freedom of Information Act.

Privacy Act of 1974; System of Records

AGENCY: Under Secretary of Defense for Personnel and Readiness (USD(P&R)), Department of Defense (DoD).

ACTION: Notice of a new system of records.

SUMMARY: The USD(P&R) is establishing a new system of records titled "Problematic Sexual Behavior in Children and Youth (PSB-CY) Information System," DPR 50. This system of records supports operation of the PSB-CY Information System, which was created to satisfy a congressional mandate that the DoD establish a centralized database of information on incidents of problematic sexual behavior in children and youth occurring on U.S. military installations. The PSB-CY Information System is used to document, coordinate, and manage the continuum of care provided to children, youth, and their families in order to identify, report, respond, and intervene in incidents of PSB-CY. The system will also support the implementation of well-coordinated safety planning, support services, and referrals to specialized services when appropriate that will meet the complex needs of children, youth, and their families involved in incidents of PSB-CY.

DATES: This system of records is effective upon publication; however, comments on the Routine Uses will be accepted on or before September 22, 2021. The Routine Uses are effective at the close of the comment period.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

* *Federal Rulemaking Portal:* <https://www.regulations.gov>. Follow the instructions for submitting comments.

* *Mail:* DoD cannot receive written comments at this time due to the COVID-19 pandemic. Comments should be sent electronically to the docket listed above.

Instructions: All submissions received must include the agency name and docket number for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <https://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: Mr. Justin (JK) Kinnaman, 4000 Defense Pentagon, 5E604, Washington, DC 20301-4000, osd.pentagon.ousd-p-r.mbx.mso@mail.mil or (703) 571-0104.

SUPPLEMENTARY INFORMATION:

I. Background

Section 1089 of Public Law 115-232, "Policy on Response to Juvenile-on-Juvenile Problematic Sexual Behavior Committed on Military Installations," mandates the establishment of a centralized database of information on incidents of problematic sexual behavior in children and youth on U.S. military installations. The DoD established the PSB-CY Information System to satisfy this legal requirement. This notice alerts the public to the existence and operation of this new system of records pursuant to the Privacy Act.

The PSB-CY Information System will capture inputs from multiple DoD agencies, thereby consolidating and tracking record-level information for each incident of PSB-CY that is reported to the Department. Tracking in the PSB-CY Information System will span the full life-cycle of an incident, consolidating and tracking the case from the time of report through the coordinated community response continuum of care to resolution and closure. The system will maintain separate records on both exhibiting and impacted children related to incidents of problematic sexual behavior in children and youth on U.S. military installations. The system will also be used as a management tool for statistical analysis, tracking, reporting, evaluating program effectiveness and continuous improvement.

DoD SORNs have been published in the **Federal Register** and are available from the address in **FOR FURTHER INFORMATION CONTACT** or at the Defense Privacy, Civil Liberties, and

Transparency Division website at <https://dpcl.d.defense.gov>.

II. Privacy Act

Under the Privacy Act, a "system of records" is a group of records under the control of an agency from which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. In the Privacy Act an individual is defined as a U.S. citizen or lawful permanent resident.

In accordance with 5 U.S.C. 552a(r) and Office of Management and Budget (OMB) Circular No. A-108, the DoD has provided a report of this system of records to the OMB and to Congress.
