SUPPLEMENTARY INFORMATION:
Agenda: The meeting presentations will be heard, viewed, captioned, and recorded through an online teleconferencing platform. On October 20, 2021, the committee will discuss, view presentations, and conduct a lottery to determine the order in which speakers will be heard, viewed, captioned, and recorded. The meeting will include slide presentations with audio components to allow the presentation of materials in a manner that most closely resembles an in-person advisory committee meeting.

Procedure: Interested persons may present data, information, or views, orally or in writing, on issues pending before the Committee. Written submissions may be submitted to the contact person on or before October 6, 2021. Oral presentations from the public will be scheduled on October 20, 2021, between approximately 2 p.m. Eastern Time and 3 p.m. Eastern Time. Those individuals interested in making formal oral presentations should notify the contact person (see FOR FURTHER INFORMATION CONTACT). The notification should include a brief statement of the general nature of the evidence or arguments they wish to present, the names and addresses of proposed participants, and an indication of the approximate time requested to make their presentation on or before September 28, 2021. Time allotted for each presentation may be limited. If the number of registrants requesting to speak is greater than can be reasonably accommodated during the scheduled open public hearing session, FDA may conduct a lottery to determine the speakers for the scheduled open public hearing sessions. The contact person will notify interested persons regarding their request to speak by September 29, 2021.
