continuing the modification until August 30, 2021. The scope of control in existence prior to December 30, 2014 for USML Category XI paragraph (b) and directly related software in paragraph (d) remains in effect. This clarification is achieved by inserting the words “analyze and produce information from” and by adding software to the description of items controlled. The Department, with its interagency partners, continues to develop a long-term solution for USML Category XI(b). However, that solution will not be in place when the current temporary modification expires on August 30, 2021. Therefore, the Department has determined, for the national security and foreign policy of the United States and in the best interest of the U.S. defense industry, to publish a final rule that extends the temporary modification of USML XI(b) for five years, to August 30, 2026, to allow it to be revised as part of the wholesale revision of USML Category XI.

Regulatory Findings

Administrative Procedure Act

This rulemaking is exempt from section 553 (Rulemaking) and section 554 (Adjudications) of the Administrative Procedure Act (APA) pursuant to 5 U.S.C. 553(a)(1) as a military or foreign affairs function of the U.S. Government.

Regulatory Flexibility Act

Since the Department is of the opinion that this rule is exempt from the provisions of 5 U.S.C. 553, there is no requirement for an analysis under the Regulatory Flexibility Act.

Unfunded Mandates Reform Act of 1995

This rulemaking does not involve a mandate that will result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of $100 million or more in any year and it will not significantly or uniquely affect small governments. Therefore, no actions were deemed necessary under the provisions of the Unfunded Mandates Reform Act of 1995.

Congressional Review Act

The Department does not believe this rulemaking is a major rule under the criteria of 5 U.S.C. 804.

Executive Orders 12372 and 13132

This rulemaking does not have sufficient federalism implications to require consultations or warrant the preparation of a federalism summary impact statement. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities do not apply to this rulemaking.

Executive Orders 12866 and 13563

Executive Orders 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributed impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rulemaking is a significant but not an economically significant rule, under the criteria of Executive Order 12866, and is consistent with the provisions of Executive Order 13563.

Executive Order 12988

The Department of State has reviewed this rulemaking in light of sections 3(a) and 3(b)(2) of Executive Order 12988 to eliminate ambiguity, minimize litigation, establish clear legal standards, and reduce burden.

Executive Order 13175

The Department of State has determined that this rulemaking will not have tribal implications, will not impose substantial direct compliance costs on Indian tribal governments, and will not preempt tribal law. Accordingly, the requirements of Executive Order 13175 do not apply to this rulemaking.

Paperwork Reduction Act

This rulemaking does not impose or revise any information collections subject to 44 U.S.C. Chapter 35.

List of Subjects in 22 CFR Part 121

Arms and munitions, Classified information, Exports.

For reasons stated in the preamble, the State Department amends 22 CFR part 121 as follows:

PART 121—THE UNITED STATES MUNITIONS LIST

1. The authority citation for part 121 continues to read as follows:

2. In §121.1, under Category XI, revise paragraph (b) to read as follows:

§121.1 The United States Munitions List.

Category XI—Military Electronics

*(b) Electronic systems, equipment or software, not elsewhere enumerated in this subchapter, specially designed for intelligence purposes that collect, survey, monitor, or exploit the electromagnetic spectrum (regardless of transmission medium), or for counteracting such activities.

Category XI—Military Electronics

*(b) Electronic systems, equipment or software, not elsewhere enumerated in this subchapter, specially designed for intelligence purposes that collect, survey, monitor, or exploit the electromagnetic spectrum (regardless of transmission medium), or for counteracting such activities.

Coast Guard

33 CFR Part 165
[Docket Number USCG–2021–0569]
RIN 1625–AA00

Safety Zone; Corpus Christi Bay; Corpus Christi, TX

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for all navigable waters within a 500-foot radius of a fireworks display launched from a barge in position 27°48′37.02″ N, 097°23′27.60″ W in Corpus Christi, Texas. The safety zone is needed to protect personnel, vessels, and the marine environment from potential hazards created by the fireworks display. Entry of vessels or persons into this temporary zone is prohibited unless specifically authorized by the Captain of the Port Sector Corpus Christi or a designated representative.

DATES: This rule is effective from 9:30 p.m. through 10:30 p.m. on August 28, 2021.

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable. We must establish this safety zone immediately and lack sufficient time to provide a reasonable comment period and then consider those comments before issuing the rule. Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the Federal Register. Delaying the effective date of this rule would be contrary to the public interest because immediate action is needed to respond to the potential safety hazards associated with a fireworks display on August 28, 2021.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034. The Captain of the Port Sector Corpus Christi (COTP) has determined that potential hazards associated with a fireworks display on August 28, 2021 will be a safety concern for anyone in the navigable waters of Corpus Christi Bay within a 500-foot radius of a fireworks display launched from a barge in Corpus Christi, Texas. The purpose of this rule is to ensure safety of vessels and persons on these navigable waters in the safety zone during the fireworks display.

IV. Discussion of the Rule

This rule establishes a temporary safety zone from 9:30 p.m. through 10:30 p.m. on August 28, 2021. The fireworks will be launched in position 27°48′37.02″ N, 097°23′27.60″ W. No vessel or person is permitted to enter the temporary safety zone during the effective period without obtaining permission from the COTP or a designated representative, who may be contacted on Channel 16 VHF–FM (156.8 MHz) or by telephone at 361–939–0450. The Coast Guard will issue Local Notices to Mariners, Safety Marine Information Broadcasts, or Broadcast Notice to Mariners via VHF–FM marine channel 16 about the zone, as appropriate.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size, location, and duration of the safety zone. This safety zone covers a 500-foot radius for a
