

rating capacity on a day for day basis provides additional avenues for qualification as an OICNW of vessels less than 500 GT and reduces the regulatory burden on these mariners.

We compared the requirements for OICNW of vessels less than 500 GT in 46 CFR 11.319 with those for OICNW of vessels of 500 GT or more in 46 CFR 11.309. For the endorsement for OICNW on vessels 500 GT or more, a mariner can satisfy the bridge watchkeeping requirements with six months of rating service. The OICNW on vessels of 500 GT or more endorsement has no cap on rating sea service and rating service is credited on a day for day basis.

The rating limitation on the OICNW of vessels less than 500 GT was included because of an oversight during development of the final rule “Implementation of the Amendments to the International Convention on Standards of Training, Certification and Watchkeeping for Seafarers, 1978, and Changes to National Endorsements” that published on December 24, 2013. (78 FR 77796). The Coast Guard had the three month rating limitation in both §§ 11.309(a)(2) and 11.319(a)(2) in the notice of proposed rulemaking (74 FR 59354, Nov. 17, 2009) and supplemental notice of proposed rulemaking (76 FR 45908, Aug. 11, 2011). In the final rule, the Coast Guard removed the limitation in § 11.309(a)(2) for endorsements as OICNW for 500 GT or more stating we “revise[d] section to reduce redundant language from other sections of this subpart.” (79 FR at 77799). However, the Coast Guard neglected to make the same change to 46 CFR 11.319(a)(2) for the lower tonnage regulation for OICNW of vessels less than 500 GT.

The rating limitation was carried over from previous editions of the regulatory text, but was not intended to be a limit on either of the STCW OICNW endorsements. It is unnecessarily burdensome to limit the rating capacity bridge watchkeeping to three months in the endorsement that is that is for a lesser tonnage.

For these reasons, the Coast Guard will not enforce the limitation on the rating capacity service in 11.319(a)(2), as reflected in CH-2 to NVIC 02-18 Guidelines on Qualification for STCW Endorsements as Officer in Charge of a Navigational Watch of Vessels of Less Than 500 GT.

This notice is issued under authority of 5 U.S.C. 552(a).

Dated: August 26, 2021.

J.W. Mauger,

Rear Admiral, U.S. Coast Guard, Assistant Commandant for Prevention Policy.
