FMCSA requests approval to renew the ICR titled “National Consumer Complaint Database” covered by OMB Control Number 2126–0067 in order to continue to collect consumer complaint information so FMCSA can use complaint data to take enforcement action, better inform FMCSA policies for safer motor carrier operations, and improve consumer protection.

SUPPLEMENTARY INFORMATION:

Background

The FMCSA maintains online information and resources to assist drivers, others in the motor carrier industry, and members of the general public in filing safety complaints regarding household goods (HHG) carriers, hazardous material (HM) carriers, property carriers, cargo tank facilities, passenger carriers, electronic log devices (ELD), and Medical Review Officers (MRO) and Substance Abuse Professionals (SAP) reporting to the Agency’s Drug and Alcohol Clearinghouse. There is also information pertaining to the filing of consumer complaints, particularly regarding HHG transportation and ADA compliance.¹

¹The U.S. Department of Transportation (DOT) maintains reporting and other requirements for
This online interface is known as the National Consumer Complaint Database (NCCDB). The NCCDB has contributed to safer motor carrier operations on our nation’s highways by identifying carriers for investigations and improved consumer protection by ensuring moving companies use fair business practices. FMCSA uses the information collected in the NCCDB to monitor and induce non-compliant regulated entities to achieve and maintain compliance. The NCCDB grew out of a telephone hotline known as the Safety Violation Hotline Service. Congress mandated this hotline in Section 4017 of the “Transportation Equity Act of the 21st Century,” Public Law 105–178, 112 Stat. 107, June 9, 1998. The Motor Carrier Safety Improvement Act of 1999, Public Law 106–159, 113 Stat. 1748, December 9, 1999, created the Federal Motor Carrier Safety Administration and section 213 of the Act expanded the Safety Violation Hotline Service to include a 24-hour operation. On August 10, 2005, Congress enacted the Safe, Accountable, Flexible, and Efficient Transportation Equity Act: A Legacy for Users, (SAFETEA–LU), Public Law 109–59, 119 Stat. 1144. Section 4214 of SAFETEA–LU requires DOT to create a system to record and log aggregate complaint information regarding violations of the Federal Motor Carrier Safety Regulations. The NCCDB fulfills the requirements of these mandates. Complaints are accepted through the NCCDB in connection with other statutory mandates, including, but not limited to, protection of drivers against harassment and coercion under sections 32301(b) and 32911, respectively, of the Moving Ahead for Progress in the 21st Century Act, Public Law 112–141, 126 Stat. 405. The NCCDB also accepts complaints from interested parties regarding third party intermediaries (brokers and freight forwarders) and their associated financial responsibility instruments.
