

71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

Changes From the NPRM

The NPRM inadvertently omitted the necessity to update the coordinates of Pocahontas Municipal Airport. That update is being made in this action.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.11E, Airspace Designations and Reporting Points, dated July 21, 2020, and effective September 15, 2020. FAA Order 7400.11E is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11E lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This amendment to 14 CFR part 71 amends the Class E airspace extending upward from 700 feet above the surface at Pocahontas Municipal Airport, Pocahontas, IA, by removing the Pocahontas NDB and associated extension from the airspace legal description; and updates the geographic coordinates of the airport to coincide with the FAA's aeronautical database.

This action is the result of an airspace review due to the decommissioning of the Pocahontas NDB which provided navigation information for the instrument procedures at this airport.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5–6.5.a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

Revocation of Class E Airspace; Red Hook, NY

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action removes Class E airspace in Red Hook, NY, as Skypark Airport has been abandoned, and controlled airspace is no longer required. This action would enhance the safety and management of controlled airspace within the national airspace system.

DATES: Effective 0901 UTC, December 2, 2021. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106, describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority

described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it removes the Class E airspace extending upward from 700 feet above the surface in Red Hook, NY, to support IFR operations in the area.

History

The FAA published a notice of proposed rulemaking in the **Federal Register** (86 FR 33584, June 25, 2021) for Docket No. FAA–2021–0472 to remove Class E airspace extending upward from 700 feet above the surface at Red Hook, NY, as Skypark Airport is abandoned and airspace is no longer required.

Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in Paragraph 6005 of FAA Order 7400.11E, dated July 21, 2020, and effective September 15, 2020, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.11E, Airspace Designations and Reporting Points, dated July 21, 2020, and effective September 15, 2020. FAA Order 7400.11E is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11E lists Class A, B, C, D, and E airspace areas, air traffic routes, and reporting points.

The Rule

The FAA is amending 14 CFR part 71 by removing Class E airspace extending upward from 700 feet above the surface at Skypark Airport, Red Hook, NY, as the airport has closed. Therefore, the airspace is no longer necessary. This action enhances the safety and management of controlled airspace within the national airspace system.

Subsequent to publication of the NPRM the FAA found the airport name was incorrectly identified as Skyhawk Airport. This action corrects this error.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Privacy Act of 1974; System of Records

AGENCY: U.S. Department of Commerce, Office of the Secretary.

ACTION: Final rule.

SUMMARY: This final rule amends the Department of Commerce’s (Department) regulations under the Privacy Act. The Privacy Act regulations are being updated to make technical changes to include a System of Records Notice, COMMERCE/DEPT–27, to the Department’s regulations concerning Privacy Act general and specific exemptions.

DATES: This rule is effective September 7, 2021.

ADDRESSES: Departmental Privacy Act Officer, Office of Privacy and Open Government, Department of Commerce, 1401 Constitution Ave. NW, Mail Stop 61025, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

This rule updates the Department of Commerce’s (Department) regulations under the Privacy Act (5 U.S.C. 552a). In particular, the action amends the Department’s Privacy Act regulations regarding applicable exemptions to reflect new Department-wide systems of records notices published since the last time the regulations were updated. The updates of the Privacy Act regulations in Title 15 of the Code of Federal Regulations, subpart B of part 4 incorporate changes to the language of the regulations in the following provisions: § 4.33 (General exemptions); and § 4.34 (Specific exemptions).
