

1320.8(d)(1), we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on May 11, 2021, 86, 25882. No comments were received.

As part of our continuing effort to reduce paperwork and respondent burdens, we are again soliciting comments from the public and other Federal agencies on the proposed ICR that is described below. We are especially interested in public comment addressing the following:

(1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility.

(2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

**Abstract:** This notice concerns the collection of information that is sufficient and relevant to evaluate and select proposals for funding under the NNGDPP. We will accept proposals from state geological surveys requesting funds to inventory and assess the

condition of current collections and data preservation needs. Financial assistance will be awarded annually on a competitive basis following the evaluation and ranking of state proposals by a review panel composed of representatives from the U.S. Department of the Interior, state geological surveys, and academic institutions. To submit a proposal, respondents must complete a project narrative and submit the application via [www.grants.gov](http://www.grants.gov). Grant recipients must complete a final technical report at the end of the project period. Narrative and report guidance is available at <https://datapreservation.usgs.gov>, <https://www.grants.gov>, and <https://home.grantsolutions.gov>.

Annual data preservation priorities are provided in the Program Announcement as guidance for applicants to consider when submitting proposals. Since its inception in 2007, NNGDPP has awarded 46 states with \$12 million, which, when matched or exceeded by the states, amounts to over \$24 million invested in the rescue and preservation efforts. This notice concerns the collection of information that is sufficient and relevant to evaluate and select proposals for funding. We will protect information from respondents considered proprietary under the Freedom of Information Act (5 U.S.C. 552) and implementing regulations (43 CFR part 2), and under regulations at 30 CFR 250.197, "Data and information to be made available to the public or for limited inspection." Responses are voluntary. No questions of a "sensitive" nature are asked. We intend to release the project abstracts and identify states for awarded/funded projects only.

**Title of Collection:** National Geological and Geophysical Data Preservation Program (NNGDPP).

**OMB Control Number:** 1028-0087.

**Form Number:** None.

**Type of Review:** Extension of a currently approved collection.

**Respondents/Affected Public:** All state geological surveys may apply for NNGDPP grants.

**Total Estimated Number of Annual Respondents:** 35.

**Total Estimated Number of Annual Responses:** 70 (35 applications, 35 final technical report submissions).

**Estimated Completion Time per Response:** Grant application time estimate is 80 hours; final technical report completion time estimate is 10 hours.

**Total Estimated Number of Annual Burden Hours:** 3,150.

**Respondent's Obligation:** Required to obtain a benefit.

**Frequency of Collection:** Annually.  
**Total Estimated Annual Nonhour Burden Cost:** None.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

### Privacy Act of 1974; System of Records

**AGENCY:** Office of the Secretary, Interior.

**ACTION:** Rescindment of a system of records notice.

**SUMMARY:** In accordance with the Privacy Act of 1974, the Department of the Interior (DOI) is giving notice of its intent to rescind the Privacy Act system of records, "Interior, National Business Center Datamart, DOI-84," from its existing inventory. During a review of DOI system of records notices, it was determined that this system of records notice is no longer necessary as the records in the system are covered under the INTERIOR/DOI-85, Payroll, Attendance, Retirement, and Leave Records, system of records notice. This rescindment will promote the overall streamlining and management of DOI Privacy Act systems of records.

**DATES:** These changes take effect on September 8, 2021.

**ADDRESSES:** You may submit comments identified by docket number [DOI-2020-0005] by any of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for sending comments.

- *Email:* [DOI\\_Privacy@ios.doi.gov](mailto:DOI_Privacy@ios.doi.gov). Include docket number [DOI-2020-0005] in the subject line of the message.

- *U.S. mail or hand-delivery:* Teri Barnett, Departmental Privacy Officer, U.S. Department of the Interior, 1849 C Street NW, Room 7112, Washington, DC 20240.

**Instructions:** All submissions received must include the agency name and docket number [DOI-2020-0005]. All comments received will be posted

without change to <http://www.regulations.gov>, including any personal information provided.

*Docket:* For access to the docket to read background documents or comments received, go to <http://www.regulations.gov>.

You should be aware that your entire comment including your personally identifiable information, such as your address, phone number, email address, or any other personal information in your comment, may be made publicly available at any time. While you may request to withhold your personally identifiable information from public review, we cannot guarantee we will be able to do so.

**FOR FURTHER INFORMATION CONTACT:** Teri Barnett, Departmental Privacy Officer, U.S. Department of the Interior, 1849 C Street NW, Room 7112, Washington, DC 20240, [DOI\\_Privacy@ios.doi.gov](mailto:DOI_Privacy@ios.doi.gov) or (202) 208-1605.

**SUPPLEMENTARY INFORMATION:** Pursuant to the provisions of the Privacy Act of 1974, as amended, 5 U.S.C. 552a, DOI is rescinding the DOI-84, National Business Center Datamart, system of records notice from its inventory because it is no longer needed as the records are covered under INTERIOR/DOI-85, Payroll, Attendance, Retirement, and Leave Records, 83 FR 34156 (July 19, 2018). The National Business Center Datamart system provided a data repository with capability to query data and produce reports in support of fiscal and payroll processing from two Privacy Act systems, INTERIOR/DOI-85, Payroll, Attendance, Retirement, and Leave Records, and INTERIOR/DOI-90, Federal Financial System, 64 FR 46930 (August 27, 1999).

The Federal Financial System has been retired and is no longer used to process or maintain financial information. DOI is publishing a rescindment notice for the INTERIOR/DOI-90, Federal Financial System, system notice elsewhere in the **Federal Register**. Since the Federal Financial System is retired and Datamart no longer processes financial data from that system, DOI has determined that the DOI-84, National Business Center Datamart, system of records notice is no longer necessary as it does not identify any additional categories of individuals, categories of records, or routine uses for personnel payroll processing records beyond those included in the current INTERIOR/DOI-85, Payroll, Attendance, Retirement, and Leave Records, system of records notice. This rescindment will eliminate an unnecessary duplicate notice and is in accordance with the

Privacy Act of 1974 and the Office of Management and Budget Circular A-108, *Federal Agency Responsibilities for Review, Reporting, and Publication under the Privacy Act*.

Rescinding the DOI-84, National Business Center Datamart, system of records notice will have no adverse impacts on individuals as the personnel payroll records are covered under the current INTERIOR/DOI-85, Payroll, Attendance, Retirement, and Leave Records, system of records notice. This rescindment will also promote the overall streamlining and management of DOI Privacy Act systems of records.

**SUPPLEMENTARY INFORMATION:** In accordance with the PRA and 5 CFR 1320.8(d)(1), all information collections require approval under the PRA. We may not conduct, or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

(1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;

(2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that
