### Federal Energy Regulatory Commission

[Docket No. CP21-487-000]

#### Hardy Storage Company, LLC; Notice of Request Under Blanket Authorization and Establishing Intervention and Protest Deadline

Take notice that on August 26, 2021, Hardy Storage Company, LLC (HSC), 700 Louisiana Street, Houston, Texas 77002-2700, filed in the above referenced docket a prior notice pursuant to sections 157.205 and 157.214 of the Federal Energy Regulatory Commission's regulations under the Natural Gas Act, seeking authorization to increase the maximum storage capacity at the Hardy Storage Field, located in Hardy and Hampshire Counties, West Virginia, from 29.6 billion cubic feet (Bcf) to 31.07 Bcf. HSC states this increase reflects the quantity of additional base gas needed to improve late season deliverability in the Hardy Storage Field. HSC proposes this maximum storage capacity increase under authorities granted by its blanket certificate issued in Docket No. CP05-152-000,<sup>1</sup> all as more fully set forth in the request which is on file with the Commission and open to public inspection.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://ferc.gov>) using the "eLibrary" link. At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National

Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020. For assistance, contact the Federal Energy Regulatory Commission at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or call toll-free, (886) 208-3676 or TYY, (202) 502-8659.

Any questions concerning this application should be directed to David A. Alonzo, Manager, Project Authorizations, Hardy Storage Company, LLC, 700 Louisiana Street, Suite 1300, Houston, Texas 77002-2700, phone: 832-320-5477, email: [david\\_alonzo@tcenergy.com](mailto:david_alonzo@tcenergy.com).

#### Public Participation

There are three ways to become involved in the Commission's review of this project: You can file a protest to the project, you can file a motion to intervene in the proceeding, and you can file comments on the project. There is no fee or cost for filing protests, motions to intervene, or comments. The deadline for filing protests, motions to intervene, and comments is 5:00 p.m. Eastern Time on November 2, 2021. How to file protests, motions to intervene, and comments is explained below.

#### Protests

Pursuant to section 157.205 of the Commission's regulations under the NGA,<sup>2</sup> any person<sup>3</sup> or the Commission's staff may file a protest to the request. If no protest is filed within the time allowed or if a protest is filed and then withdrawn within 30 days after the allowed time for filing a protest, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request for authorization will be considered by the Commission.

Protests must comply with the requirements specified in section 157.205(e) of the Commission's regulations,<sup>4</sup> and must be submitted by the protest deadline, which is November 2, 2021. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

#### Interventions

Any person has the option to file a motion to intervene in this proceeding. Only intervenors have the right to

<sup>2</sup> 18 CFR 157.205.

<sup>3</sup> Persons include individuals, organizations, businesses, municipalities, and other entities. 18 CFR 385.102(d).

<sup>4</sup> 18 CFR 157.205(e).

request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure<sup>5</sup> and the regulations under the NGA<sup>6</sup> by the intervention deadline for the project, which is November 2, 2021. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to/intervene.asp>.

All timely, unopposed motions to intervene are automatically granted by operation of Rule 214(c)(1). Motions to intervene that are filed after the intervention deadline are untimely and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

#### Comments

Any person wishing to comment on the project may do so. The Commission considers all comments received about the project in determining the appropriate action to be taken. To ensure that your comments are timely and properly recorded, please submit your comments on or before November 2, 2021. The filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding.

[Docket No. EL21-92-000]

#### Carolinas Clean Energy Business Association v. PJM Interconnection, L.L.C. and Duke Energy Progress, LLC; Notice of Withdrawal

September 3, 2021.

On August 25, 2021, pursuant to Rule 216 of the Commission's Rules of Practice and Procedure,<sup>1</sup> the Carolinas Clean Energy Business Association (CCEBA) filed a motion to withdraw its complaint against PJM Interconnection, L.L.C. (PJM) and Duke Energy Progress, LLC (DEP), requesting expedited treatment of the motion to withdraw. On August 31, 2021, the Commission issued a notice shortening the comment period on the motion to withdraw to September 2, 2021.

CCEBA states that PJM and DEP have committed to work with CCEBA to consider the issues raised in the complaint through settlement and to file any resulting amendments to PJM and DEP's joint operating agreement with the Commission under section 205 of the Federal Power Act no later than mid-December 2021.<sup>2</sup> CCEBA further states that such settlement will most expeditiously resolve the issues identified in the complaint, making withdrawal preferable. CCEBA asserts that its withdrawal is without prejudice to CCEBA's right to re-file the complaint. CCEBA also states that PJM and DEP have authorized CCEBA to state that they do not oppose withdrawal of the complaint.

Upon consideration, notice is hereby given that CCEBA's requested motion to withdraw is granted, effective as of the date of this notice.

Dated: September 3, 2021.
