Endangered Species Act (ESA)

Section 7(a)(2) of the Endangered Species Act of 1973 (ESA: 16 U.S.C. 1531 *et seq.*) requires that each Federal agency insure that any action it authorizes, funds, or carries out is not likely to jeopardize the continued existence of any endangered or threatened species or result in the destruction or adverse modification of designated critical habitat. To ensure ESA compliance for the issuance of IHAs, NMFS consults internally, in this case with the Alaska Regional Office, whenever we propose to authorize take for endangered or threatened species.

The effects of this proposed Federal action were adequately analyzed in NMFS' Biological Opinion for the Berth III New Mooring Dolphins Project, dated February 11, 2021, which concluded that the take NMFS proposed to authorize through this IHA would not jeopardize the continued existence of any endangered or threatened species or destroy or adversely modify any designated critical habitat.

Authorization

NMFS has issued an IHA to the COK for in-water construction activities associated with the specified activity from October 1, 2022, through September 30, 2023. All previously described mitigation, monitoring, and reporting requirements from the initial 2021 IHA are incorporated.

Dated: September 3, 2021.

Director, Office of Protected Resources,

DATES:

SUPPLEMENTARY INFORMATION:

Additions

On 6/18/2021 the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed additions to the Procurement List. This notice is published pursuant to 41 U.S.C. 8503(a)(2) and 41 CFR 51-2.3.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the service(s) and impact of the additions on the current or most recent contractors, the Committee has determined that the service(s) listed below are suitable for procurement by the Federal Government under 41 U.S.C. 8501-8506 and 41 CFR 51-2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping, or other compliance requirements for small entities other than the small organizations that will furnish the service(s) to the Government.

2. The action will result in authorizing small entities to furnish the service(s) to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501-8506) in connection with the product(s) and service(s) proposed for addition to the Procurement List.

End of Certification

Accordingly, the following service(s) are added to the Procurement List:

Service(s)

Service Type: Document Management Service

Mandatory for: National Geospatial-Intelligence Agency, Records Management Program, St Louis, MO

Designated Source of Supply: ServiceSource, Inc., Oakton, VA

Contracting Activity: NATIONAL GEOSPATIAL-INTELLIGENCE AGENCY (NGA), NATL GEOSPATIAL-INTELLIGENCE AGENCY

The Committee finds good cause to dispense with the 30-day delay in the effective date normally required by the Administrative Procedure Act. See 5 U.S.C. 553(d). This addition to the Committee's Procurement List is effectuated because of the expiration of the National Geospatial Agency, Document Management contract. The Federal customer contacted and has worked diligently with the AbilityOne Program to fulfill this service need under the AbilityOne Program. To avoid performance disruption, and the possibility that the National Geospatial Agency will refer its business elsewhere, this addition must be effective on September 29, 2021, ensuring timely execution for a September 30, 2021, start date while still allowing 19 days for comment. The Committee determined that no severe adverse impact exists on any current contractor, as this is new requirement never having been contracted for in the past. The Committee also published a notice of proposed Procurement List addition in the Federal Register on June 18, 2021 and did not receive any comments from any interested persons. This addition will not create a public hardship and has limited effect on the public at large, but, rather, will create new jobs for other affected parties—people with significant disabilities in the AbilityOne program who otherwise face challenges locating employment. Moreover, this addition will enable Federal customer operations to continue without interruption.

Deletions

On 8/6/2021, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed deletions from the Procurement List. This notice is published pursuant to 41 U.S.C. 8503(a)(2) and 41 CFR 51-2.3.

After consideration of the relevant matter presented, the Committee has determined that the product(s) listed below are no longer suitable for procurement by the Federal Government under 41 U.S.C. 8501-8506 and 41 CFR 51-2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in additional reporting, recordkeeping or other compliance requirements for small entities.
2. The action may result in authorizing small entities to furnish the product(s) to the Government.
3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501-8506) in

connection with the product(s) deleted from the Procurement List.
