

2. A BOSC deliberation videoconference will be held on October 27, 2021, from 2 p.m. to 5 p.m. (EDT).

Attendees must register by October 26, 2021.

3. A final BOSC deliberation videoconference will be held on November 12, 2021, from 2 p.m. to 5 p.m. (EDT). Attendees must register by November 10, 2021.

Meeting times are subject to change. This series of meetings is open to the public. Comments must be received by October 8, 2021, to be considered by the subcommittee. Requests for the draft agenda or making a presentation at the meeting will be accepted until October 8, 2021.

ADDRESSES: Instructions on how to connect to the videoconference will be provided upon registration at: <https://www.eventbrite.com/e/us-epa-bosc-air-and-energy-subcommittee-meeting-tickets-150790601749>.

Submit your comments to Docket ID No. EPA-HQ-ORD-2015-0365 by one of the following methods:

- www.regulations.gov: Follow the online instructions for submitting comments.
 - *Note:* Comments submitted to the www.regulations.gov website are anonymous unless identifying information is included in the body of the comment.
- *Email:* Send comments by electronic mail (email) to: ORD.Docket@epa.gov, Attention Docket ID No. EPA-HQ-ORD-2015-0365.
 - *Note:* Comments submitted via email are not anonymous. The sender's email will be included in the body of the comment and placed in the public docket which is made available on the internet.

Instructions: All comments received, including any personal information provided, will be included in the public docket without change and may be made available online at www.regulations.gov. Information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute will not be included in the public docket and should not be submitted through www.regulations.gov or email. For additional information about the EPA's public docket visit the EPA Docket Center homepage at <http://www.epa.gov/dockets/>.

Public Docket: Publicly available docket materials may be accessed *Online* at www.regulations.gov. Copyrighted materials in the docket are only available via hard copy. The telephone number for the ORD Docket Center is (202) 566-1752.

Public Docket: Publicly available docket materials may be accessed *Online* at www.regulations.gov.

Copyrighted materials in the docket are only available via hard copy. The telephone number for the ORD Docket Center is (202) 566-1752.

FOR FURTHER INFORMATION CONTACT: The Designated Federal Officer (DFO), Tom Tracy, via phone/voicemail at: 919-541-4334; or via email at: tracy.tom@epa.gov.

Any member of the public interested in receiving a draft agenda, attending the meeting, or making a presentation at the meeting should contact Tom Tracy no later than October 8, 2021.

SUPPLEMENTARY INFORMATION: The Board of Scientific Counselors (BOSC) is a federal advisory committee that provides advice and recommendations to EPA's Office of Research and Development on technical and management issues of its research programs. The meeting agenda and materials will be posted to <https://www.epa.gov/bosc>.

Proposed agenda items for the meeting include, but are not limited to, the following: Emerging pollutants and sources and the changing environment.

Information on Services Available: For information on translation services, access, or services for individuals with disabilities, please contact Tom Tracy at (202) 564-6518 or tracy.tom@epa.gov. To request accommodation of a disability, please contact Tom Tracy at least ten days prior to the meeting to give the EPA adequate time to process your request.

Authority: Pub. L. 92-463, 1, Oct. 6, 1972, 86 Stat. 770.

Mary Ross,

Director, Office of Science Advisor, Policy and Engagement.

Disapproval of Pesticide Product State Registrations for Special Local Needs

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: As provided under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), State-designated lead agencies may register pesticides, within their respective States, to meet special local needs. EPA's regulations require the State lead agencies to notify EPA of such special local need registrations. EPA may disapprove any such State registration. EPA's regulations require that notice of disapproval actions be published in the **Federal Register**; as such this notice

identifies special local need registrations which were disapproved by EPA on March 15, 2021, April 9, 2021, and April 23, 2021.

DATES: September 13, 2021.

FOR FURTHER INFORMATION CONTACT: Marietta Echeverria, Acting Director, Registration Division (7505P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; main telephone number: (703) 305-7090; email address: RDFRNotices@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).
- Food manufacturing (NAICS code 311).
- Pesticide manufacturing (NAICS code 32532).

B. How can I get copies of this document and other related information?

The docket for this action, identified by docket identification (ID) number EPA-HQ-OPP-2021-0224, is available at <https://www.regulations.gov> or at the OPP Docket in the Environmental Protection Agency Docket Center (EPA/DC), West William Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW, Washington, DC 20460-0001. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OPP Docket is (703) 305-5805.

Due to the public health concerns related to COVID-19, the EPA Docket Center (EPA/DC) and Reading Room is closed to visitors with limited exceptions. The staff continues to provide remote customer service via email, phone, and webform. For the latest status information on EPA/DC services and docket access, visit <https://www.epa.gov/dockets>.

II. Background

Section 24(c) of FIFRA (7 U.S.C. 136v(c)) authorizes States to register “additional uses of federally registered pesticides to meet special local needs.” Pursuant to FIFRA section 24(c), EPA’s regulations at 40 CFR 162.154(h) require States to notify EPA of such special local needs registrations. EPA’s regulations pertaining to such special local need registrations state that “the Administrator may disapprove, on any reasonable grounds, any state [special local needs] registration . . . Grounds for disapproval . . . include . . . [p]robable creation of unreasonable adverse effects on man or the environment by the registered use [and] failure of information submitted by the State to support the State’s decision to issue the registration under the standards established by § 162.153.” 40 CFR 162.154(a)(1). In addition, FIFRA Section 24(c)(1) precludes state SLN registrations “if registration for such use has . . . previously been denied, disapproved, or canceled by the Administrator, or voluntarily canceled by the registrant subsequent to issuance of a notice of intent to cancel because of health or environmental concerns about an ingredient contained in the pesticide product.” 40 CFR 162.152(a)(3).

III. Disapproval of Special Local Need Registrations

On March 15, 2021, EPA disapproved special local need registrations from the North Carolina Department of Agriculture and Consumer Services to extend the application cut-off dates to July 31 for over-the-top (OTT) use of the following dicamba products on dicamba-tolerant soybean and dicamba-tolerant cotton:

1. *EPA SLN No. NC200005*—XtendiMax® with Vapor Grip® Technology (EPA Reg. No. 264–1210); containing dicamba.
2. *EPA SLN No. NC210001*—Engenia® Herbicide (EPA Reg. No. 7969–472); containing dicamba.

On April 9, 2021, EPA disapproved special local need registrations from the Tennessee Department of Agriculture to extend the application cut-off date to July 30 for OTT use of the following dicamba products on dicamba-tolerant soybean:

1. *EPA SLN No. TN210001*—XtendiMax® with Vapor Grip® Technology (EPA Reg. No. 264–1210); containing dicamba.
2. *EPA SLN No. TN210002*—Engenia® Herbicide (EPA Reg. No. 7969–472); containing dicamba.

On April 23, 2021, EPA disapproved special local need registrations from the Georgia Department of Agriculture to

reduce the annual application training requirement to every other year, remove application cut-off dates and reduce buffer requirements for OTT use of the following dicamba product on dicamba-tolerant soybean and dicamba-tolerant cotton:

EPA SLN No. GA210001—XtendiMax® with Vapor Grip® Technology (EPA Reg. No. 264–1210); containing dicamba.

Additional information may be found in the docket for this action, docket ID number EPA–HQ–OPP–2021–0224, available at <https://www.regulations.gov> or at the OPP Docket at the Environmental Protection Agency Docket Center. Details on accessing the docket are given in Unit I.B. of this document.

Authority: 7 U.S.C. 136 *et seq.*

BILLING CODE 6560–50–P

ENVIRONMENTAL PROTECTION AGENCY

[FRL 8767–01–R3]

Clean Water Act: No-Discharge Zones for Vessel Sewage in Maryland and Virginia; Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice—final determination; correction.

SUMMARY: The Environmental Protection Agency (EPA) is correcting a notice of final determination published on May 11, 2021. EPA determined that adequate facilities for the safe and sanitary removal and treatment of sewage from all vessels were reasonably available to support the State’s prohibition of vessel sewage discharges in thirteen waterbodies in Anne Arundel County, Maryland, but has since identified errors in the geographic coordinates that correspond to the boundaries of the no-discharge zones as described in the earlier notice. This notice simply corrects those geographic coordinate errors; it does not otherwise change EPA’s May 11, 2021 final determination. **DATES:** This correction is effective on September 13, 2021.

FOR FURTHER INFORMATION CONTACT:

Ferry Akbar Buchanan, U.S. Environmental Protection Agency—Region III. Telephone: (215) 814–2570; email address: AkbarBuchanan.Ferry@epa.gov.

SUPPLEMENTARY INFORMATION: On May 11, 2021 (86 FR 25856), EPA published a notice of final determination, “Clean Water Act: No-Discharge Zones for Vessel Sewage in Maryland and Virginia.” The notice explained EPA’s determination that adequate facilities for the safe and sanitary removal and treatment of sewage from all vessels are reasonably available for the thirteen waterbodies located in Anne Arundel County for which Maryland sought to establish a no-discharge zone for vessel sewage under Clean Water Act section 312(f)(3). The document also provided one of the geographic coordinates from an existing no-discharge zone for Perrin River, Virginia, published at 85 FR 59796 on September 23, 2020.

Need for Correction

As published, the notice of the final determination misidentified the geographic coordinates of the no-discharge zone boundaries for Bodkin Creek, Magothy and Little Magothy Rivers, Podickory Creek, Sandy Point/Mezick Pond, Severn River, Fishing Creek, and South River waterbodies. The notice explained these boundaries in narrative terms; the earlier-published geographic coordinates did not correspond to the narrative descriptions of the boundaries for which EPA made the determination. Upon identifying the errors, EPA confirmed the correct geographic coordinates with Maryland. EPA finds that there is good cause to make this correction without prior notice and opportunity to comment on the basis that notice and comment is unnecessary and would not be in the public interest. The change merely conforms numeric geographic coordinates to the clear narrative descriptions and detailed maps of the no-discharge zone boundaries that were included in Maryland’s application and upon which EPA’s approval was based. As such, this correction does not alter EPA’s earlier determination. EPA further determines that good cause exists to make the change effective upon publication, rather than delay the effective date, because the narrative boundary descriptions are clear, rendering a delayed effective date unnecessary. In addition, public interest requires prompt confirmation of the correct numeric geographic coordinates further describing the no-discharge zone boundaries.

Correction to Previously Published Table

In the **Federal Register** of May 11, 2021 (86 FR 25856), in FR Doc. 2021–09957, the information identifying the no discharge zone waterbodies and
