

Proposed Rules

Federal Register

Vol. 86, No. 177

Thursday, September 16, 2021

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF HOMELAND SECURITY

6 CFR Part 37

[Docket No. DHS–2020–0028]

Notification of Document Availability and Reopening of Comment Period on Request for Information: Minimum Standards for Driver's Licenses and Identification Cards Acceptable by Federal Agencies for Official Purposes; Mobile Driver's Licenses

AGENCY: Office of Strategy, Policy, and Plans, Department of Homeland Security (DHS).

ACTION: Notification of document availability and reopening of comment period.

SUMMARY: The Department of Homeland Security (DHS) issued a Request for Information (RFI) entitled, “Minimum Standards for Driver's Licenses and Identification Cards Acceptable by Federal Agencies for Official Purposes; Mobile Driver's Licenses” in April 2021 that referenced a draft industry standard of the International Organization for Standardization (ISO) and International Electrotechnical Commission (IEC), ISO/IEC 18013–5. Through this document, DHS is announcing that the American National Standards Institute (ANSI) is making a view-only version of the draft industry standard available to the public. DHS is also announcing the reopening of the public comment period for the RFI for an additional 30 days to provide additional time for commenters to consider the draft industry standard. DHS will consider all comments received from April 19, 2021, through October 18, 2021.

DATES: The comment period for the RFI published at 86 FR 20320 (April 19, 2021) and extended at 86 FR 31987 (June 16, 2021) is reopened through October 18, 2021. To be considered by DHS, written comments and related material must be submitted on or before this date.

ADDRESSES: You may submit comments through the *Federal e-Rulemaking Portal* at <http://www.regulations.gov>. Use the Search bar to find the docket, using docket number DHS–2020–0028. See **SUPPLEMENTARY INFORMATION** for format and other information about comment submissions.

FOR FURTHER INFORMATION CONTACT: Steve Yonkers, Director, REAL ID Program, Office of Strategy, Policy, and Plans, United States Department of Homeland Security, Washington, DC 20528, Steve.Yonkers@hq.dhs.gov, (202) 447–3274, or George Petersen, Senior Program Manager, Enrollment Services and Vetting Programs, Transportation Security Administration, Springfield, VA 20598, George.Petersen@tsa.dhs.gov, (571) 227–2215. Please do not submit comments to these email addresses.

SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments

DHS invites interested persons to comment on the RFI by submitting written comments, data, or views. See **ADDRESSES** above for information on where to submit comments. Except as stated below, all comments received may be posted without change to <http://www.regulations.gov>, including any personal information you have provided.

Commenter Instructions

DHS asks that each commenter include the identifying number of the specific question(s) to which they are responding. Each comment should also explain the commenter's interest in the RFI and how their comments should inform DHS's consideration of the relevant issues.

DHS asks that commenters provide as much information as possible, including any supporting research, evidence, or data. In some areas, DHS requests very specific information. Whenever possible, please provide citations and copies of any relevant studies or reports on which you rely, as well as any additional data which supports your comment. It is also helpful to explain the basis and reasoning underlying your comment. Although responses to all questions are preferable, DHS recognizes that providing detailed comments on every question could be burdensome and will consider all comments, regardless of whether the

response is complete. For more information on the mDLs and the issues for which DHS solicits comments, please see the RFI.¹

Handling of Confidential or Proprietary Information and SSI Submitted in Public Comments

Do not submit comments that include trade secrets, confidential business information, or sensitive security information² (SSI) to the public regulatory docket. Please submit such comments separately from other comments on the RFI. Commenters submitting this type of information should contact the individual in the **FOR FURTHER INFORMATION CONTACT** section for specific instructions.

DHS will not place comments containing SSI, confidential business information, or trade secrets in the public docket and will handle them in accordance with applicable safeguards and restrictions on access. DHS will hold documents containing SSI, confidential business information, or trade secrets in a separate file to which the public does not have access and place a note in the public docket explaining that commenters have submitted such documents. DHS may include a redacted version of the comment in the public docket. If an individual requests to examine or copy information that is not in the public docket, DHS will treat it as any other request under the Freedom of Information Act (FOIA) (5 U.S.C. 552) and DHS's FOIA regulation found in 6 CFR part 5.

Background

The REAL ID Act of 2005³ and the DHS implementing regulations⁴ set minimum requirements for state-issued driver's licenses and identification cards accepted by Federal agencies for official

¹ 86 FR at 20325–26.

² “Sensitive Security Information” or “SSI” is information obtained or developed in the conduct of security activities, the disclosure of which would constitute an unwarranted invasion of privacy, reveal trade secrets or privileged or confidential information, or be detrimental to the security of transportation. The protection of SSI is governed by 49 CFR part 1520.

³ The REAL ID Act of 2005—Title II, Division B of the FY05 Emergency Supplemental Appropriations Act, Public Law 109–13 (119 Stat. 302; May 11, 2005), codified at 49 U.S.C. 30301 note, as amended.

⁴ 6 CFR part 37 (REAL ID Driver's Licenses and Identification Cards).

purposes, which the Act defines as accessing Federal facilities, boarding federally regulated commercial aircraft, entering nuclear power plants, and any other purposes that the Secretary shall determine. The REAL ID Modernization Act, enacted in December 2020, clarifies that the REAL ID Act applies to mobile or digital driver's licenses that have been issued in accordance with regulations prescribed by the Secretary.⁵ Beginning on May 3, 2023, Federal agencies may only accept driver's licenses and state-issued identification documents for official purposes that are REAL ID-compliant and issued by a REAL ID compliant state.⁶

On April 19, 2021, DHS published an RFI⁷ to solicit comments from the public to help inform a potential rulemaking that would amend 6 CFR part 37 to set the minimum technical requirements and security standards for mDLs to enable Federal agencies to accept mDLs for official purposes under the REAL ID Act and regulation.⁸ The RFI announced a comment period closing on June 18, 2021. On June 16, 2021, DHS announced a public meeting on the RFI on June 30, 2021, to provide an additional forum for comments by stakeholders and other interested persons regarding the issues identified in the RFI and extended the comment period until July 30, 2021.⁹

At the public meeting, several commenters suggested the importance of public access to the draft industry standard ISO/IEC 18013-5, which was referenced in the RFI.¹⁰ To accommodate the public's interest in access to the draft standard, the American National Standards Institute (ANSI) informed DHS that it will make the final draft version of the standard, known as a Final Draft International Standard, or FDIS, available during the remainder of the reopened comment period.¹¹ See "Document Availability" below for instructions on accessing the standard.

Document Availability

ANSI, which is a private organization not affiliated with DHS, will provide public access to the final draft industry

standard ISO/IEC 18013-5 until October 18, 2021. ANSI advises interested persons to visit the following website to obtain access: <https://www.survey-monkey.com/r/DQVJYMK>. This link will direct interested persons to a non-government website that is not within the Federal government's control and may not follow the same privacy, security, or accessibility policies as Federal government websites. ANSI requires individuals to complete an online license agreement form, which will ask for name, professional affiliation, and email address, before view-only access to the final draft standard will be granted. ANSI will provide access on a view-only basis, meaning copies of the document cannot be downloaded or modified. Individuals who access non-governmental sites to view this draft standard are subject to the policies of the owner of the website.

DHS continues to invite comments on any aspect of RFI through the reopened comment period and welcomes any additional comments and information that would promote an understanding of the broader implications of acceptance of mobile or digital driver's licenses by Federal agencies for official purposes. In addition to comments on the draft standard as discussed in detail in the RFI,¹² this request includes comments relating to the economic, privacy, security, environmental, energy, or federalism impacts that might result from a future rulemaking based on input received as a result of the RFI. DHS will consider all comments received from April 19, 2021, through October 18, 2021.

Robert Silvers,

Under Secretary Office of Strategy, Policy, and Plans United States Department of Homeland Security.

BILLING CODE 9110-9M-P

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

7 CFR Part 1207

[Document Number AMS-SC-21-0032]

Amendments to the United States Potato Board Membership and Assessment Methods

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Proposed rule.

SUMMARY: This proposal invites comments on amendments to the Potato

Research and Promotion Plan (Plan) as recommended by the National Potato Promotion Board (Board) and the Secretary of the U.S. Department of Agriculture (USDA). The Board administers the Plan with oversight provided by USDA's Agricultural Marketing Service (AMS). The Board recommends changing approved sources of potato production data used to determine the number of Board seats, expanding payment methods used to remit assessments to include electronic submission, and updating the table of Harmonized Tariff Schedule of the United States (HTS) codes and assessment rates for imported potatoes and potato products. Finally, proposed amendments would insert new language eliminating the need to amend the Plan just to update the list of relevant HTS codes.

DATES: Comments must be received by October 18, 2021.

ADDRESSES: Interested persons are invited to submit written comments concerning this proposed rule. All comments must be submitted through the Federal e-rulemaking portal at: <http://www.regulations.gov> and should reference the document number, date, and page number of this issue of the **Federal Register**. Comments submitted in response to this proposed rule will be included in the rulemaking record and will be made available to the public. Please be advised that the identity of individuals or entities submitting comments will be made public on the internet at: <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: Stacy Jones King, Marketing Specialist, Promotion and Economics Division, Specialty Crop Program, AMS, USDA, Stop 0244, 1400 Independence Avenue SW, Room 1406-S, Washington, DC 20250-0244; telephone: (202) 720-4140; or electronic mail: Stacy.JonesKing@usda.gov.

SUPPLEMENTARY INFORMATION: This proposal affecting the Plan (7 CFR part 1207) is authorized under the Potato Research and Promotion Act (Act) (7 U.S.C. 2611-2627).

Executive Orders 12866 and 13563

USDA is issuing this proposed rule in conformance with Executive Orders 12866 and 13563. Executive Orders 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts and equity). Executive Order 13563 emphasizes the
