RIN 1615-ZB83

Continuation of Documentation for Beneficiaries of Temporary Protected Status Designations for El Salvador, Haiti, Nicaragua, Sudan, Honduras, and Nepal

AGENCY: U.S. Citizenship and Immigration Services, Department of Homeland Security.

ACTION: Notice; correction.

SUMMARY: U.S. Citizenship and Immigration Services (USCIS), a component of the Department of Homeland Security (DHS), is making a correction to the notice titled "Continuation of Documentation for Beneficiaries of Temporary Protected Status Designations for El Salvador, Haiti, Nicaragua, Sudan, Honduras, and Nepal" that published in the **Federal Register** on September 10, 2021, at 86 FR 50725. USCIS is correcting an omission in the Additional Notes section of the notice to clarify that the previously announced determination to terminate the 2011 designation of TPS for Haiti will not be implemented or enforced unless and until the district court's orders in *Saget, et al., v. Trump, et al.*, No. 18-cv-1599 (E.D.N.Y. Apr. 11, 2019) ("*Saget*") and *Ramos, et al. v. Nielsen, et al.*, No. 18-cv-01554 (N.D. Cal. Oct. 3, 2018) ("*Ramos*") are reversed and the reversal becomes final.

- Further information will also be available at local USCIS offices upon publication of this notice.

SUPPLEMENTARY INFORMATION: On September 10, 2021, DHS published a notice in the **Federal Register** at 86 FR 50725. USCIS is making a correction to that published notice. The correction is as follows:

USCIS is correcting the second sentence in the third paragraph in the Additional Notes section of the published notice. USCIS is correcting the sentence to state that the determination to terminate the 2011 designation of TPS for Haiti will not be implemented or enforced unless and until the district court's orders in *Saget* and *Ramos* are reversed and the reversal becomes final, rather than that the termination will not be implemented and enforced unless and until the district court's order in only *Saget* is reversed and the reversal becomes final. USCIS is making this correction because the termination is enjoined in *Ramos* as well as in *Saget*.

Correction

In FR 2021–19617, on page 50729 in the **Federal Register** of *September 10, 2021*, in the second column, USCIS is correcting the sentence as follows:

The previously announced determination to terminate the 2011 designation of TPS for Haiti will not be implemented or enforced unless and until the district courts' orders in *Saget* and *Ramos* are reversed and the reversal becomes final.

Samantha Deshommes,

Chief, Regulatory Coordination Division, Office of Policy and Strategy, U.S. Citizenship and Immigration Services, U.S. Department of Homeland Security.

BILLING CODE 9111–97–P

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Modification of Consent Decree Under the Clean Water Act and Oil Pollution Act

On September 15, 2021, the Department of Justice lodged with the United States District Court for the Western District of Michigan a proposed Sixth Modification of Consent Decree (“Sixth Modification”) in the lawsuit entitled *United States v. Enbridge Energy, Limited Partnership, et al.*, Civil Action No. 1:16–cv–914.

On May 23, 2017, the United States District Court for the Western District of Michigan approved and entered a Consent Decree that resolved specified claims asserted by the United States against Enbridge Energy, Limited Partnership and eight affiliated entities (“Enbridge”) under the Clean Water Act and Oil Pollution Act arising from two separate 2010 oil spills resulting from failures of Enbridge oil transmission pipelines near Marshall, Michigan and Romeoville, Illinois. The complaint filed by the United States alleged that Enbridge’s pipelines had unlawfully discharged oil into waters of the United States and sought civil penalties, recovery of removal costs, and injunctive relief. The Consent Decree established various requirements applicable to a network of 14 pipelines that comprise Enbridge’s Lakehead System—including dig selection criteria governing excavation, repair or mitigation, and imposition of interim pressure restrictions for various features, such as dents, corrosion and cracks, that are detected through In-Line Inspections (“ILI”) of such pipelines. Because certain of these dig selection criteria are based in part on the Established Maximum Operating Pressure (“EMOP”) applicable to the pipeline location where the particular feature is located, the Consent Decree incorporated by reference EMOP values established for each of the pipelines subject to the Consent Decree.

The proposed Sixth Modification would revise certain EMOP values to reflect new information developed during an MOP Verification Project undertaken between 2015 and December of 2020. In addition to revising EMOP values for purposes of implementing dig selection criteria, the proposed Sixth Modification establishes new provisions directly restricting operating pressures on pipelines subject to the Consent Decree, including: (1) An explicit prohibition on exceeding EMOP values except in limited circumstances involving surges or other variations from normal pipeline operations, and (2) new reporting requirements and stipulated penalty provisions relating to pipeline operating pressure provisions. Finally, in certain cases where the MOP Verification Project developed new information regarding pipe wall thickness at particular pipeline locations, the proposed Sixth Modification would require Enbridge to re-evaluate features and identify any additional features that meet Consent Decree dig selection criteria when revised pipe wall thickness information is taken into consideration.

The publication of this notice opens a period for public comment on the proposed Sixth Modification of Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. Enbridge Energy, Limited Partnership, et al.*, D.J. Ref. No. 90–5–1–1–10099. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:
