**SUPPLEMENTARY INFORMATION:**

Proposal to amend the following currently approved collection of information:

1. *Title:* Information Collection for Innovation Pilot Programs.  
*OMB Number:* 3064–0212.  
*Form Number:* None.  
*Affected Public:* FDIC-supervised and -insured institutions and other members

of the public that provide information to innovators in connection with innovation pilot programs.

*Burden Estimate:*

**SUMMARY OF ANNUAL BURDEN**

Information collection description	Type of burden	Obligation to respond	Estimated number of respondents	Estimated frequency of responses	Estimated time per response	Estimated annual burden (hours)
Innovation Pilot Programs—Burden on Banks and Other Members of the Public.	Reporting .....	Voluntary .....	400	On Occasion	100	40,000
Total Estimated Annual Burden .....	.....	.....	.....	.....	.....	40,000

*General Description of Collection:* The FDIC seeks to engage and collaborate with innovators in the financial, non-financial, and technology sectors to, among other things, identify, develop and promote technology-driven innovations among community and other banks in a manner that ensures the safety and soundness of FDIC-supervised and -insured institutions. An innovation pilot program framework will provide a regulatory environment in which the FDIC, in conjunction with individual proposals collected from innovators will provide tailored regulatory and supervisory assistance, when appropriate, to facilitate the testing of innovative and advanced technologies, products, services, systems, or activities.

The FDIC anticipates that products developed as part of innovation pilot programs will improve the efficiency and effectiveness of bank operations, and eventually, examinations, while increasing transparency and ultimately reducing the cost of regulatory compliance for participating institutions. In addition, the FDIC anticipates that proposals provided in connection with the innovation pilot programs will involve cutting-edge innovations and novel approaches or applications involving a banking product, service, system, or activity that benefits and can lead to better outcomes for consumers.

As part of an innovation pilot program, innovators may request information from banks and other members of the public outside of their normal course of business. Any information provided by banks and other members of the public will be provided on a voluntary basis. FDIC staff may similarly request information on a voluntary basis from banks or other members of the public to evaluate the products or services developed in the

pilot programs. This information is intended to allow banks and the FDIC to analyze the health of the overall banking system, critical financial sectors, or national, regional or local economic conditions (*i.e.*, horizontal analysis). Additionally, bank specific information may be collected in order to allow for better insights into current and escalating risks across all aspects of banking. In particular, innovators may request from banks and other members of the public general ledger information about all products and services, or a subset of products and services, systems or activities, and will not contain any personally identifiable information (PII) as defined in OMB Circular A–130 and includes the disclosure of any financial records or information which is identified with or identifiable as being derived from the financial records of a particular customer.

The annual burden for this information collection is estimated to be 4,000 hours. This represents an increase of hours from the current burden estimate and also a change in focus. In particular, when this information collection was first obtained, it included the burden imposed on the innovators and partner banks. In review of this information collection, the FDIC has decided to transfer the burden imposed on innovators to existing information collection 3064–0072 entitled, “Acquisition Services Information Requirements,” which is related to the FDIC’s procurement process. The remaining hours in this information collection, which have been updated and increased, reflect the burden imposed on banks and other members of the public in connection with innovation pilot programs.

**Request for Comment**

Comments are invited on: (a) Whether the collection of information is

necessary for the proper performance of the FDIC’s functions, including whether the information has practical utility; (b) the accuracy of the estimate of the burden of the information collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.

**SUPPLEMENTARY INFORMATION:**

*Proposal to renew the following currently approved collections of information:*

1. *Title:* Application for Consent to Exercise Trust Powers.  
*OMB Number:* 3064–0025.  
*Form Number:* 6200–09.  
*Affected Public:* Insured state nonmember banks wishing to exercise trust powers.  
*Burden Estimate:*

TABLE 1—SUMMARY OF ESTIMATED ANNUAL BURDENS (OMB NO. 3064–0025)

IC description	Type of burden (obligation to respond)	Frequency of response	Number of respondents	Number of responses per respondent	Hours per response	Annual burden (hours)
Eligible depository institutions .....	Reporting (Required to obtain or retain a benefit).	On occasion .....	6	1	8	48
Not-eligible depository institutions ....	Reporting (Required to obtain or retain a benefit).	On occasion .....	1	1	24	24
Total Annual Burden Hours .....						72

Source: FDIC.

*General Description of Collection:* FDIC regulations (12 CFR 333.2) prohibit any insured State nonmember bank from changing the general character of its business without the prior written consent of the FDIC. The exercise of trust powers by a bank is usually considered a change in the general character of a bank’s business if the bank did not exercise those powers previously. Therefore, unless a bank is currently exercising trust powers, it

must file a formal application to obtain the FDIC’s written consent to exercise trust powers. State banking authorities, not the FDIC, grant trust powers to their banks. The FDIC merely consents to the exercise of such powers. Applicants use form FDIC 6200/09 to obtain FDIC’s consent. There is no change in the methodology or substance of this information collection. The decrease in total estimated annual burden from 168 hours in 2018 to 72 hours currently is

due to economic factors as reflected in the decrease in estimated number of respondents.

2. *Title:* Customer Assistance Forms.  
*OMB Number:* 3064–0134.  
*Form Numbers:* 6422–04; –6422/11; 6422/15.  
*Affected Public:* Individuals, Households, Business or Financial Institutions.  
*Burden Estimate:*

SUMMARY OF ANNUAL BURDEN

Information collection description	Type of burden	Obligation to respond	Estimated number of respondents	Estimated average frequency of response	Estimated time per response	Estimated annual burden
Customer Assistance Form (6422/04) .....	Reporting .....	Voluntary .....	4,737	1	0.25 hours .....	1,184 hours.
Business Assistance Form (6422/11) .....	Reporting .....	Voluntary .....	225	1	0.25 hours .....	56 hours.
FDIC Deposit Insurance Form (6422/15) .....	Reporting .....	Voluntary .....	911	1	0.25 hours .....	228 hours.

*Total Estimated Annual Burden:* 1,468 hours.

*General Description of Collection:* This collection facilitates the collection of information from customers of financial institutions that have inquiries or complaints about service. Customers or businesses may document their complaints or inquiries to the FDIC using a letter or optional forms (Form 6422/04; Form 6422/11; Form 6422/15). The Forms are used to facilitate online completion and submission of the complaints or inquiries and to shorten FDIC response times by making it easier to identify the nature of the complaint

and to route the customer or business inquiry to the appropriate FDIC contact. There is no change in the method or substance of the collection. The overall reduction in burden hours is the result of economic fluctuation.

**Request for Comment**

*Comments are invited on:* (a) Whether the collection of information is necessary for the proper performance of the FDIC’s functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collection, including the validity of the

methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.
