Availability

Electronic copies of SCWA's application and separate monitoring plan may be obtained online at www.fisheries.noaa.gov/national/marine-mammal-protection/incidental-take-authorizations-construction-activities. In case of problems accessing these documents, please call the contact listed above.

Background

Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce (as delegated to NMFS) to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed authorization is provided to the public for review.

An authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s), will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant), and if the permissible methods of taking and requirements pertaining to the mitigation, monitoring and reporting of such takings are set forth.

NMFS has defined "negligible impact" in 50 CFR 216.103 as an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival.

The MMPA states that the term "take" means to harass, hunt, capture, kill or attempt to harass, hunt, capture, or kill any marine mammal.

Except with respect to certain activities not pertinent here, the MMPA defines "harassment" as: Any act of pursuit, torment, or annoyance which (i) has the potential to injure a marine mammal or marine mammal stock in the wild (Level A harassment); or (ii) has

the potential to disturb a marine mammal or marine mammal stock in the wild by causing disruption of behavioral patterns, including, but not limited to, migration, breathing, nursing, breeding, feeding, or sheltering (Level B harassment).

Summary of Request

On September 2, 2021, NMFS received an adequate and complete application from SCWA requesting authorization for take of marine mammals incidental to Russian River estuary management activities in Sonoma County, California. The requested regulations would be valid for five years, from April 21, 2022, through April 20, 2027. The proposed action requires the use of heavy equipment (e.g., bulldozer, excavator) and increased human presence, as well as the use of small boats. As a result, pinnipeds hauled out on the beach or at peripheral haul-outs in the estuary may exhibit behavioral responses that indicate incidental take by Level B harassment under the MMPA. Therefore, SCWA requests authorization to incidentally take marine mammals.

NMFS has previously issued incidental take regulations and a subsequent Letter of Authorization (LOA) to SCWA for take of marine mammals incidental to similar specified activities (82 FR 13765; March 15, 2017). Prior to issuing the 5-year LOA, NMFS issued multiple one-year incidental harassment authorizations (IHA) to SCWA, for take of marine mammals incidental to similar specified activities. Monitoring reports submitted to NMFS as a condition of previously-issued incidental take authorizations are available online at: www.fisheries.noaa.gov/action/incidental-take-authorization-sonoma-county-water-agencys-estuary-management-activities.

Specified Activities

SCWA plans to manage the naturally-formed barrier beach at the mouth of the Russian River in order to minimize potential for flooding adjacent to the estuary and to enhance habitat for juvenile salmonids, as well as to conduct biological and physical monitoring of the barrier beach and estuary. Flood control-related breaching of barrier beach at the mouth of the river may include artificial breaches, as well as construction and maintenance of a lagoon outlet channel. The latter activity, an alternative management technique conducted to mitigate impacts of flood control on rearing habitat for Endangered Species Act (ESA)-listed salmonids, occurs only

from May 15 through October 15 (the "lagoon management period"). Artificial breaching and monitoring activities may occur at any time during the period of validity of the proposed regulations.

Information Solicited

Interested persons may submit information, suggestions, and comments concerning SCWA's request (see **ADDRESSES**). NMFS will consider all information, suggestions, and comments related to the request during the development of proposed regulations governing the incidental taking of marine mammals by SCWA, if appropriate.

DEPARTMENT OF EDUCATION

[Docket No.: ED-2021-SCC-0099]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; ESEA Fiscal Waiver Requests

AGENCY: Office of Postsecondary Education (OPE), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is proposing an extension without change of a currently approved collection.

DATES: Interested persons are invited to submit comments on or before October 29, 2021.

ADDRESSES: Written comments and recommendations for proposed information collection requests should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this information collection request by selecting "Department of Education" under "Currently Under Review," then check "Only Show ICR for Public Comment" checkbox. Comments may also be sent to ICDocketmgr@ed.gov.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Todd Stephenson, 202-205-1645.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general

public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: ESEA Fiscal Waiver Requests.

OMB Control Number: 1810-0760.

Type of Review: An extension without change of a currently approved collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 53.

Total Estimated Number of Annual Burden Hours: 53.

Abstract: Due to the extraordinary circumstances created by the COVID-19 pandemic and unprecedented obstacles students, educators, and schools faced during the 2020-2021 school year, the U.S. Department of Education (the Department) offered each State educational agency (SEA) the opportunity to request waivers that will afford additional fiscal flexibility for certain funds received under the Elementary and Secondary Education Act of 1965 (ESEA), pursuant to the Department's authority under section 8401 of the ESEA. Specifically, the Department offered a waiver for an SEA to be able to approve a local educational agency (LEA) to carry over more than 15 percent of its fiscal year (FY) 2020 Title I, Part A funds (i.e., the Title I, Part A funds that will become carryover funds on October 1, 2021), even if the LEA has received a waiver from its SEA to exceed this limitation for its FY 2018 or FY 2019 Title I, Part A funds. Second, we also offered flexibility to each SEA

to be able to extend for itself and its subgrantees the period of availability of FY 2019 funds for programs included in the State's consolidated State plan to allow additional time to obligate those funds. This extension request is for the Title I fiscal waiver template the Department created for grantees to request those waivers.
