**FOR FURTHER INFORMATION CONTACT:** Elke Reuning-Elliott at (202) 268–4063 or Garry Rodriguez at (202) 268–7281.

**SUPPLEMENTARY INFORMATION:** Currently, postage for Periodicals pending authorization is calculated by completing a PS Form 3541, *Postage Statement-Periodicals*, and charging the price for the applicable class of mail determined by the eligibility of the mailpiece. Based on the numerous pricing differences in Periodicals and other classes of mail, this process is labor intensive and does not provide exact pricing.

The Postal Service is proposing to revise the process and calculate pending postage by assigning the existing applicable class of mail prices based upon common characteristics of shape and weight. Each applicable class of mail price will be expressed as a percentage from the corresponding Periodicals price. This new process will simplify the calculation process during the authorization review period, and the refund process when a Periodicals publication is approved.

Although exempt from the notice and comment requirements of the Administrative Procedure Act (5 U.S.C. 553(b), (c)) regarding proposed rulemaking by 39 U.S.C. 410(a), the Postal Service invites public comment on the following proposed revisions to *Mailing Standards of the United States*

*Postal Service, Domestic Mail Manual (DMM)*, incorporated by reference in the Code of Federal Regulations. See 39 CFR 111.1.

The Postal Service is proposing to implement this change effective January 2022.

We believe this proposed revision will provide customers with a more efficient and easier process.

**Approval of State Underground Storage Tank Program Revisions; Nevada**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed action.

**SUMMARY:** Pursuant to the Resource Conservation and Recovery Act, as amended, the Environmental Protection Agency (EPA) proposes to take direct final action to approve revisions to the State of Nevada’s Underground Storage Tank (UST) program since the previous authorization on July 17, 1998. This action is based on the EPA’s determination that these revisions satisfy all requirements needed for program approval. In the “Rules and Regulations” section of this **Federal Register**, the EPA is approving the changes by direct final authorization because we believe this action is not controversial and do not expect comments that oppose it.

**DATES:** Send written comments by November 1, 2021.

**ADDRESSES:** Submit any comments, identified by EPA–R09–UST–2021–0597, by one of the following methods:

1. *Federal eRulemaking Portal:* <https://www.regulations.gov>. Follow the on-line instructions for submitting comments.

2. *Email:* [platurkyte.simona@epa.gov](mailto:platurkyte.simona@epa.gov).  
*Instructions:* Direct your comments to Docket ID No. EPA–R09–UST–2021–0597. The EPA’s policy is that all comments received will be included in the public docket without change and may be available online at <https://www.regulations.gov>, including any personal information provided, unless

the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through <https://www.regulations.gov>, or email. The Federal <https://www.regulations.gov> website is an “anonymous access” system, which means the EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email comment directly to the EPA without going through <https://www.regulations.gov>, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the internet. If you submit an electronic comment, the EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If the EPA cannot read your comment due to technical difficulties, and cannot contact you for clarification, the EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

The EPA encourages electronic submittals, but if you are unable to submit electronically, please reach out to the EPA contact person listed in the notice for assistance with additional submission methods.

You can view and copy the documents that form the basis for this action and associated publicly available materials through [www.regulations.gov](http://www.regulations.gov).

Out of an abundance of caution for members of the public and our staff, the EPA Region 9 office will be closed to the public to reduce the risk of transmitting COVID-19. We encourage the public to submit comments via <https://www.regulations.gov>, as no mail, courier, or hand deliveries will be accepted. Please call or email the contact listed above if you need alternative access to material indexed but not provided in the docket.

**SUPPLEMENTARY INFORMATION:** In the “Rules and Regulations” section of this **Federal Register**, the EPA is approving the State’s UST program submittal as a direct authorization without prior proposal because the Agency views this

as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final authorization. If no relevant adverse comments are received in response to this action, no further activity is contemplated. If the EPA receives relevant adverse comments, the direct final authorization will be withdrawn, and all public comments received will be addressed in a subsequent final authorization based on this proposed authorization. The EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time. For additional information, see the direct final authorization published in the “Rules and Regulations” section of this **Federal Register**.

**Authority:** This proposed authorization is issued under the authority of sections 2002(a), 9004, and 7004(b) of the Solid Waste Disposal Act, as amended, 42 U.S.C. 6912, 6991c, 6991d, and 6991e.

Dated: September 19, 2021.

## FEDERAL COMMUNICATIONS COMMISSION

### 47 CFR Part 73

[MB Docket No. 21-123; RM-11890; DA 21-1162; FR ID 49528]

### Television Broadcasting Services Fort Bragg, California

**AGENCY:** Federal Communications Commission.

**ACTION:** Proposed rule.

**SUMMARY:** The Commission has before it a petition for rulemaking filed by One Ministries, Inc. (Petitioner), requesting the allotment of reserved noncommercial educational channel \* 4 at Fort Bragg, California, as the community’s second local service in the DTV Table of Allotments and its first local NCE television service.

**DATES:** Comments must be filed on or before November 1, 2021 and reply comments on or before November 15, 2021.

**ADDRESSES:** Federal Communications Commission, Office of the Secretary, 45 L Street NE, Washington, DC 20554. In addition to filing comments with the FCC, interested parties should serve the Petitioner as follows: Keith Leitch, One

Ministries, Inc., P.O. Box 1118, Santa Rosa, California 95402.

**FOR FURTHER INFORMATION CONTACT:** Joyce Bernstein, Media Bureau, at (202) 418-1647; or Joyce Bernstein, Media Bureau, at [Joyce.Bernstein@fcc.gov](mailto:Joyce.Bernstein@fcc.gov).

**SUPPLEMENTARY INFORMATION:** In support of its channel allotment request, the Petitioner states that Fort Bragg is a community deserving of a new television broadcast service. According to the Petitioner, Fort Bragg (pop. 7,179/2010 Census) has a mayor, vice mayor, city manager, and two council members; police, public works, and utility departments; and a library, numerous businesses and places of worship, and its own ZIP Code. In addition, channel 8 (KQSL(TV)) is already allotted to Fort Bragg. The Petitioner states its intention to file an application for channel \* 4, if allotted, and take all necessary steps to obtain a construction permit. The Commission concludes the request to amend the Post-Transition Table of DTV Allotments warrants consideration. The Petitioner’s proposal would result in a second local service to Fort Bragg consistent with the Commission’s television allotment policies. Channel \* 4 can be allotted to Fort Bragg, consistent with the minimum geographic spacing requirements for new DTV allotments in section 73.623(d) of the Commission’s rules, at 39°41’38.4” N and 123°34’46.7” W. In addition, the allotment point complies with section 73.625(a)(1) of the rules as the entire community of Ft. Bragg is encompassed by the 35 dBμ contour.

This is a synopsis of the Commission’s *Notice of Proposed Rulemaking*, MB Docket No. 21-123; RM-11890; DA 21-1162, adopted September 15, 2021, and released September 16, 2021.
