SUPPLEMENTARY INFORMATION:

I. Summary and Explanation

OSHA published three final rules containing inadvertent errors in the Incorporation by Reference section for Maritime, § 1915.5. The final rules were Updating OSHA Standards Based on National Consensus Standards, Personal Protective Equipment, published September 9, 2009 (74 FR 46350); Updating OSHA Standards Based on National Consensus Standards, Eye and Face Protection, published March 25, 2016 (81 FR 16085); and Standards Improvement Project-Phase IV, published May 14, 2019 (84 FR 21416).

The agency is submitting this document to correct errors in these three final rules that included numerical and typographical errors, as well as move paragraph § 1915.5 (c) to paragraph (b)(3), so that all incorporation by reference (IBR) approval and contact language is contained in one paragraph (see 1 CFR part 51 and the Office of the Federal Register's (OFR's) IBR Handbook). In addition, this document updates the contact information for the National Archives and Records Administration (NARA) in former § 1915.5(c), National Safety Council in § 1915.5(d)(4) and (5), IHS Standards Store in § 1915.5(d)(6)(ii), (7)(ii) and (8)(ii), TechStreet Store in § 1915.5(d)(6)(iii), (7)(iii) and (8)(iii), International Safety Equipment Association (ISEA) in § 1915.5(d)(9) to (11), and American Society of Mechanical Engineers (ASME) in § 1915.5(e), American Conference of Governmental Industrial Hygienists (ACGIH) in § 1915.5(f), National Fire Protection Association (NFPA) in former § 1915.5(f)(1)(i), and ASTM International in § 1915.5(g). Paragraphs § 1915.5 (d)(7) and (d)(8) incorrectly cross-referenced part 1910 instead of part 1915. All of paragraph (f)(1)(i) was out of sequence and renumbered as paragraph (i). Table 1 summarizes the errors, omission, and updates by paragraph for § 1915.5. Additional revisions to meet Office of the Federal Register requirements, such as the removal of full paragraph citations for outlying sections, are included in the revision and republishing of § 1915.5.

II. Exemption From Notice-and-Comment Procedures

OSHA has determined that these corrections are not subject to the procedures for public notice and comment specified in the Administrative Procedures Act (5 U.S.C. 553), and Section 6(b) of the Occupational Safety and Health Act of 1970 (29 U.S.C. 655(b)). This rulemaking only corrects minor errors and makes non-substantive codification changes. No stakeholder is likely to object to these corrections. Therefore, the agency finds good cause that public notice and comment are unnecessary within the meaning of 5 U.S.C. 553(b)(3)(B), 29 U.S.C. 655(b), and 29 CFR 1911.5.

SUPPLEMENTARY INFORMATION:

I. Background

a. This final rule revises the Department of the Army's (DA) regulation, 32 Code of Federal Regulations (CFR) part 507, for implementing the Army Heraldic Quality Control Program which was last published on May 18, 1998 (63 FR 27208). The revisions being finalized include a procedural change to manufacturer certification and insignia authorizations which add a five-year renewal period for manufacturer certification and insignia authorizations. This change insures the manufacturing base is current and insignia is periodically examined for quality. The second change is to the approving authority for the use of insignia images in commercial items. Pursuant to Title 10 U.S.C. 2260, Licensing of intellectual property: Retention of fees, the Secretary of the Army established the Army Trademark Licensing Program in 2006, formalizing the process for the licensing of marks owned by the Department of the Army, including heraldic insignia and other collective marks.

The authorities for this rule are 10 U.S.C. 7594; 15 U.S.C. 1051 *et seq.*; 10 U.S.C. 2260; 18 U.S.C. 701, 704; 36 U.S.C. 901. Title 10 U.S.C. 7594 grants the Secretary of the Army the authority to design flags, insignia, badges, medals, seals, decorations, guidons, streamers, finial pieces for flagstaves, buttons, buckles, awards, trophies, marks, emblems, rosettes, scrolls, braids, ribbons, knots, tabs, cords and similar

items for other military departments and to advise other Federal departments and agencies on matters of heraldry. Title 15 U.S.C. 1051 *et seq.* is the statutory basis for the ownership and control of trademarks, service marks, certification marks, and collective marks. Title 10 U.S.C. 2260 grants the Secretary of the Army the authority to license trademarks, service marks, certification marks, and collective marks owned or controlled by the Secretary of the Army. Title 18 U.S.C. 701 states manufacturing, selling and possession of any badge, identification card or insignia prescribed by the head of any department or agency of the United States is unlawful unless authorized by regulations made pursuant to law. Title 18 U.S.C. 704, also known as the “Stolen Valor Act” makes it illegal for a person to fraudulently claim having received a valor award specified in the Act, with the intention of obtaining money, property, or other tangible benefit by convincing another that he or she received the award. Title 36 U.S.C. 901 grants authority to the Secretary of Defense to approve a service flag and lapel button for display by members of the immediate family of an individual serving in the Armed Forces of the United States during any period of war or hostilities in which the armed forces are engaged. Persons must apply to the Secretary of Defense for a license to manufacture and sell the approved service flag. That authority was delegated in DoD Manual 1348.33 to the Secretary of the Army.
