

Document,” “Study Requests,” “Comments on Scoping Document 1,” “Request for Cooperating Agency Status,” or “Communications to and from Commission Staff.” Any individual or entity interested in submitting study requests, commenting on the PAD or SD1, and any agency requesting cooperating status must do so by November 29, 2021.

p. The Commission’s scoping process will help determine the required level of analysis and satisfy the National Environmental Policy Act (NEPA) scoping requirements, irrespective of whether the Commission prepares an environmental assessment or environmental impact statement.

Scoping Meetings

Due to on-going concerns with large gatherings related to COVID-19, we do not intend to hold in-person public scoping meetings or an in-person environmental site review. Rather, we will hold virtual public scoping meetings and a virtual environmental site review. The daytime scoping meeting will focus on resource agency, Indian tribes, and non-governmental organization (NGO) concerns, while the evening scoping meeting will focus on receiving input from the public. We invite all interested agencies, Native American tribes, NGOs, and individuals to attend one of these meetings to assist us in identifying the scope of environmental issues that should be analyzed in the NEPA document. These meetings will also cover the Beaver River Hydroelectric Project (P-2645), as this project has the same applicant who filed a PAD and NOI simultaneously with these projects.

The dates and times of these meetings are as follows:

Date and Time

Virtual site tour for all stakeholders:
Wednesday, October 27, 2021
9:00 a.m.–11:00 a.m. EDT
WebEx meeting details provided by
HDR staff

Meeting for resource agencies, Tribes, and NGOs:

Thursday, October 28, 2021
9:00 a.m.–12:00 p.m. EDT

Call in number: 888-604-9359,
Participant passcode: 8998724

Meeting for the general public:
Thursday, October 28, 2021
6:30 p.m.–8:30 p.m. EDT

Call in number: 888-604-9359,
Participant passcode: 8998724

The individuals and entities on the Commission’s mailing list were notified, via electronic notification, of the availability of SD1 on the web. SD1,

which outlines the subject areas to be addressed in the environmental document, was mailed to the individuals and entities on the Commission’s mailing list and Erie’s distribution list. Copies of SD1 may be viewed on the web at <http://www.ferc.gov>, using the “eLibrary” link. Follow the directions for accessing information in paragraph n. Based on all oral and written comments, a Scoping Document 2 (SD2) may be issued. SD2 may include a revised process plan and schedule, as well as a list of issues, identified through the scoping process.

Environmental Site Review

Erie and Commission staff will hold a virtual environmental site review of the Black River and Beebe Island projects on October 27, 2021, starting at 9 a.m. Please contact Kelsey Scott of HDR, Inc. at (315) 414-2206 or kelsey.scott@hdrinc.com, by October 26, 2021, if you plan to attend. WebEx meeting details will be provided by HDR staff once attendance is confirmed.

Meeting Objectives

At the scoping meetings, staff will: (1) Initiate scoping of the issues; (2) review and discuss existing conditions and resource management objectives; (3) review and discuss existing information and identify preliminary information and study needs; (4) review and discuss the process plan and schedule for pre-filing activity that incorporates the time frames provided for in Part 5 of the Commission’s regulations and, to the extent possible, maximizes coordination of federal, state, and tribal permitting and certification processes; and (5) discuss the appropriateness of any federal or state agency or Indian tribe acting as a cooperating agency for development of an environmental document. Meeting participants should come prepared to discuss their issues and/or concerns. Please review the PAD in preparation for the scoping meetings. Directions on how to obtain a copy of the PAD and SD1 are included in item n. of this document.

Meeting Procedures

The meetings will be recorded by a stenographer and will be filed in the public records of the projects.

Dated: September 28, 2021.

Kimberly D. Bose,

Secretary.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OAR-2021-0654; FRL-9095-01-OAR]

Clean Air Act Advisory Committee (CAAAC): Notice of Meeting

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of meeting.

SUMMARY: Pursuant to the Federal Advisory Committee Act (FACA), the Environmental Protection Agency (EPA) is announcing a public meeting of the Clean Air Act Advisory Committee (CAAAC) to be conducted via remote/virtual participation only. The EPA renewed the CAAAC charter on November 19, 2020 to provide independent advice and counsel to EPA on economic, environmental, technical, scientific and enforcement policy issues associated with implementation of the Clean Air Act of 1990.

DATES: The CAAAC will hold its next public meeting remotely/virtually on Monday, October 18, 2021 from 1:00 p.m. to 4:00 p.m. (EST) and Tuesday, October 19, 2021 from 1:00 p.m. to 4:00 p.m. (EST). Members of the public may register to listen to the meeting or provide comments, by emailing caaac@epa.gov by 5:00 p.m. (EST) October 16, 2021.

FOR FURTHER INFORMATION CONTACT: Lorraine Reddick, Designated Federal Official, Clean Air Act Advisory Committee (6103A), Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: 202-564-1293; email address: reddick.lorraine@epa.gov. Additional information about this meeting, the CAAAC, and its subcommittees and workgroups can be found on the CAAAC website: <http://www.epa.gov/oar/caaac/>.

SUPPLEMENTARY INFORMATION: Pursuant to 5 U.S.C. App. 2 section 10(a)(2), notice is hereby given that the Clean Air Act Advisory Committee will hold its next public meeting remotely/virtually on Monday, October 18, 2021 from 1:00 p.m. to 4:00 p.m. and Tuesday, October 19, 2021 from 1:00 p.m. to 4:00 p.m. (EST).

The committee agenda and any documents prepared for the meeting will be publicly available on the CAAAC website at <http://www.epa.gov/caaac/> prior to the meeting. Thereafter, these documents, together with CAAAC meeting minutes, will be available on the CAAAC website or by contacting the Office of Air and Radiation Docket and requesting information under docket

EPA-HQ-OAR-2021-0654. The docket office can be reached by email at: *a-and-r-Docket@epa.gov* or FAX: 202-566-9744.

For information on access or services for individuals with disabilities, please contact Lorraine Reddick at *reddick.lorraine@epa.gov*, preferably at least 7 days prior to the meeting to give EPA as much time as possible to process your request.

Dated: September 28, 2021.

Jonathan Lubetsky,
Group Leader, Office of Air Policy and Program Support, Environmental Protection Agency.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OAR-2003-0085; FRL-8946-01-OAR]

Proposed Information Collection Request; Comment Request; NESHAP for Radionuclides (40 CFR Part 61, Subparts B, K, R and W) and NESHAP for Radon Emissions From Operating Mill Tailings (40 CFR Part 61, Subpart W) (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) is planning to submit an information collection request (ICR), “NESHAP for Radionuclides (40 CFR part 61, subparts B, K, R and W) (Renewal)” (EPA ICR No. 1100.16, OMB Control No. 2060-0191) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. Before doing so, the EPA is soliciting public comments on specific aspects of the proposed information collection as described below. In addition to being a proposed extension of the ICR, which is currently approved through May 31, 2022, the Agency seeks to consolidate this ICR with EPA ICR Number 2464.03, OMB Control Number 2060-0706, which was established to address the information collection requirements created by the revision to NESHAP subpart W in 2017. All information collection required under 40 CFR part 61, subpart W would then be included in a single ICR, together with the information collection requirements of subparts B, K, and R. An Agency may not conduct, or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Comments must be submitted on or before December 3, 2021.

ADDRESSES: Submit your comments, referencing Docket ID No. EPA-HQ-OAR-2003-0085, online using *www.regulations.gov* (our preferred method), by email to [*a-and-r-Docket@epa.gov*], or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460.

EPA’s policy is that all comments received will be included in the public docket without change, including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT: Jonathan P. Walsh, Radiation Protection Division, Office of Radiation and Indoor Air, Mail Code 6608T, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: 202-343-9238; fax number: 202-343-2304; email address: *walsh.jonathan@epa.gov*.

SUPPLEMENTARY INFORMATION: Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at *www.regulations.gov* or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. Please visit *http://www.epa.gov/dockets* for more information.

Pursuant to section 3506(c)(2)(A) of the Paperwork Reduction Act, EPA is soliciting comments and information to enable it to: (i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (ii) evaluate the accuracy of the Agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) enhance the quality, utility, and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. EPA will consider the comments received and amend the ICR

as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, EPA will issue another **Federal Register** notice to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

Abstract: On December 15, 1989, pursuant to Section 112 of the Clean Air Act as amended in 1977 (42 U.S.C. 1857), the Environmental Protection Agency (EPA) promulgated National Emission Standards for Hazardous Air Pollutants (NESHAP) regulations to control radionuclide emissions from several source categories. The regulations are codified at 40 CFR part 61. Of the eight subparts (B, H, I, K, Q, R, T and W) included in the 1989 rule, as currently amended, four apply to privately-operated facilities. In addition to requiring operational practices that limit emissions, subparts B, K, R, and W impose radionuclide dose and/or emission limits, respectively, to underground uranium mines, elemental phosphorous plants, phosphogypsum stacks, and uranium mill tailings impoundments. Facilities must inspect impoundments, measure radionuclide emissions, perform analyses or calculations per EPA procedures, and report the results to the EPA.

Information collected is used by the EPA to ensure that public health and the environment continue to be protected from the hazards of airborne radionuclides by compliance with these standards. Compliance is demonstrated through emissions testing and dose calculation when appropriate.

Form Numbers: None.

Respondents/affected entities: The North American Industry Classification System (NAICS) codes of facilities associated with the activity of the respondents are: (1) Elemental Phosphorous—325180, (2) Phosphogypsum Stacks—212392, (3) Underground Uranium Mines—212291, and (4) Uranium Mill Tailings—212291.

Respondent’s obligation to respond: mandatory (CAA, Sec. 112; 40 CFR part 61).

Estimated number of respondents: 25 (total).

Frequency of response: Monthly, annual, or one-time depending on the source category and respondent activity.

Total estimated burden: 4,146 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$632,392 (per year), which includes \$338,600 annualized capital or operation and maintenance costs.

Changes in Estimates: Total estimated respondent hours increased from 1,898 hours in the previous approved version
