

*Abstract:* The Promise Neighborhoods program aims to build on existing community services and strengths to provide a comprehensive and coordinated pipeline of educational and developmental services from “cradle to career” to benefit children and families in the country’s most distressed neighborhoods. Congress has invested \$506 million in Promise Neighborhoods grants and mandated an evaluation of the program.

This package requests approval to conduct a survey of Promise Neighborhoods grantees and to collect multiple years of administrative school records from districts. These data will be used to study the implementation and outcomes of the Promise Neighborhoods program.

Dated: September 28, 2021

## ELECTION ASSISTANCE COMMISSION

### Sunshine Act Meetings

**AGENCY:** U.S. Election Assistance Commission.

**ACTION:** Sunshine Act notice; notice of public meeting agenda

**SUMMARY:** Public Meeting: U.S. Election Assistance Commission Technical Guidelines Development Committee.

**DATES:** October 13, 2021 1:00 p.m.–4:00 p.m. Eastern.

**ADDRESSES:**

Virtual via Zoom:

The meeting is open to the public and will be livestreamed on the U.S. Election Assistance Commission YouTube Channel: <https://www.youtube.com/channel/UCpN6i0g2rlF4ITWhwvBwwZw>.

**FOR FURTHER INFORMATION CONTACT:**

Jonathon Panek, Telephone: (202) 805–4613, Email: [jpanek@eac.gov](mailto:jpanek@eac.gov).

**SUPPLEMENTARY INFORMATION:**

*Purpose:* In accordance with the Government in the Sunshine Act (Sunshine Act), Public Law 94–409, as amended (5 U.S.C. 552b), the U.S. Election Assistance Commission (EAC) will conduct a virtual meeting of the EAC Technical Guidelines Development Committee (TGDC) to assist the Executive Director of the Commission in the development of the Voluntary Voting System Guidelines (VVSG), with

technical support provided from the National Institute of Standards and Technology (NIST), including intramural research and development in areas to support the development of the voluntary voting system guidelines, pursuant to Title 1, Part 3, Section 221 of the Help America Vote Act (HAVA).

*Agenda:* The EAC and TGDC members will hold a virtual meeting to discuss a few specific topics related to implementation of the VVSG 2.0 standard; the VVSG Lifecycle policy and a process to evaluate and approve protocols for End-to-End (E2E) verifiable voting systems. The agenda also includes an overview of items beyond VVSG such as the e-pollbook pilot program, election support technology, and voter registration infrastructure. There will also be an update on promoting access to voting and the status and timeline on executive order 14019 from NIST.

*Background:* On February 10th, 2021 the EAC Commissioners unanimously voted to adopt VVSG 2.0. This vote represents the official approval of years of work by EAC staff in conjunction with the NIST, the EAC’s advisory boards, VVSG working groups, and input from the public on the content in the latest iteration of the VVSG.

To help facilitate migration to the new VVSG 2.0 standard, the EAC is currently drafting a VVSG Lifecycle policy. This policy will provide guidance on deprecation of obsolete VVSG standards, establishing a periodic review and update timeline for new standards going forward, and versioning of future standards. The EAC will be requesting feedback from the TGDC on the parameters of the policy.

The EAC and NIST are working in collaboration to establish a process to evaluate and approve protocols for End-to-End (E2E) verifiable voting systems. This is a key element in conformance to VVSG 2.0 requirements for software independence. Currently, few examples of this type of protocol exist. Guidance on establishing this process will be discussed.

The EAC will discuss recent work on developing standards for an e-pollbook evaluation pilot program and will request feedback on the feasibility of similar efforts for other types of election support technology.

NIST will present on election infrastructure work for voter registration cyber security framework profiles.

Finally, NIST will give a presentation on the status of their response to the Executive Order on *Promoting Access to Voting, Section 7: Ensuring Equal Access for Voters with Disabilities*.

The full agenda will be posted in advance on the EAC website: <https://www.eac.gov>.

*Status:* This meeting will be open to the public.

**Nichelle Williams,**

*Director of Research, U.S. Election Assistance Commission.*

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. OR21–11–000]

#### Fundare Resources Operating Company, LLC; Notice of Request for Temporary Waiver

Take notice that on September 23, 2021, Fundare Resources Operating Company, LLC filed a petition seeking a temporary waiver of the tariff filing and reporting requirements of sections 6 and 20 of the Interstate Commerce Act and parts 341 and 357 of the Federal Energy Regulatory Commission’s regulations (Commission), all as more fully explained in the petition.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission’s Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Petitioner.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission’s Home Page (<http://ferc.gov>) using the “eLibrary” link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission’s Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID–19), issued by the President on March 13, 2020. For assistance, contact FERC at
