SUPPLEMENTARY INFORMATION:**I. Abstract**

The United States Patent System uses a 'first to file' system, as introduced by the Leahy-Smith America Invents Act (AIA) which was enacted into law on September 16, 2011. To determine the first inventor to file, information is needed in order to identify the inventorship and ownership, or obligation to assign ownership, of each claimed invention on its effective filing date. Section 3 of the AIA, *inter alia*, amended 35 U.S.C. 102 and 103 consistent with the objectives of the AIA, including the conversion of the United States patent system from a "first to invent" system to a "first inventor to file" system. The changes in section 3 of the AIA went into effect on March 16, 2013, but apply only to certain applications filed on or after March 16, 2013.

This information collection covers information required by 37 CFR 1.55(k), 1.78(a)(6), and 1.78(d)(6) to assist the USPTO in determining whether an application is subject to 35 U.S.C. 102 and 103 as amended by Section 3 of the AIA, or 35 U.S.C. 102 and 103, in effect on March 15, 2013.
