This action also implements two administrative updates to the Class D legal description. The second line of the text header is updated from “Indian Springs Air Force Auxiliary Field, NV” to “Creech AFB Airport, NV”, to match the FAA database. Additionally, the third line of the text header is updated from “(lat. 36°35’14” N, long. 115°40’24” W)” to “(lat. 36°35’11” N, long. 115°40’39” W)”, to match the FAA database.

FAA Order JO 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial, and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures,” paragraph 5–6.5a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant the preparation of an environmental assessment.

SUPPLEMENTARY INFORMATION: We are adopting an updated EDGAR Filer Manual, Volume I: “General Information,” Version 39 (September 2021) and Volume II: “EDGAR Filing,” Version 59 (September 2021), amendments to 17 CFR 232.301 (“Rule 301 of Regulation S–T”); and amendments to Form ID (referenced in 17 CFR 239.63, 17 CFR 269.7, and 17 CFR 274.402). The updated Filer Manual volumes are incorporated by reference into the Code of Federal Regulations.

I. Background

The Filer Manual contains technical specifications needed for filers to make submissions on EDGAR. Filers must comply with the applicable provisions of the Filer Manual in order to assure

the timely acceptance and processing of filings made in electronic format.¹ Filers should consult the Filer Manual in conjunction with our rules governing mandated electronic filings when preparing documents for electronic submission.

II. Amendments to Volume I of the Filer Manual and Form ID

Volume I of the EDGAR Filer Manual provides that new filers must request EDGAR access by submitting Form ID.² Form ID will be revised to include a privacy notice that will supplement the general Privacy Act Notice available at *SEC.gov* by providing more detailed information tailored to Form ID.³

Form ID will also be revised to clarify that information provided on the form may become publicly available. Form ID requires new filers to provide mailing, business, and contact addresses; telephone numbers for those addresses; and their email address. It is not uncommon for individual filers or small business owners to list personal telephone numbers and home addresses on Form ID. Although Form ID submissions are not publicly posted, some information from Form ID is made public and some information may be automatically incorporated in other filings.⁴

Separately, Volume I will be amended to alert filers that the staff may request that filers provide relevant documents to support requests to change a company name. Currently, Volume I requires that filers maintain current company information in EDGAR. Changes to a filer's company name are manually reviewed by SEC staff. Requesting that filers provide documents supporting name changes will further the integrity of EDGAR by helping assure that company names on accounts are accurate.

¹ See Rule 301 of Regulation S-T.

² Form ID, uniform application for access codes to file on EDGAR (referenced in 17 CFR 239.63, 249.446, 269.7, and 274.402). Form ID requests limited identity information regarding the applicant, e.g., name, address and telephone number.

³ See the SEC's Privacy Act Notice available at www.sec.gov/privacy.htm. Among other things, the privacy notice in Form ID will include the authority that authorizes the solicitation of information, the principal purpose for which the information is to be used, the routine uses which may be made of the information, and the effects of not providing the requested information.

⁴ In particular, the filer's mailing and business addresses are generally posted on EDGAR as header information for most filings.

III. EDGAR System Changes and Associated Modifications to Volume II of the EDGAR Filer Manual

EDGAR is being updated in Release 21.3, and corresponding amendments to Volume II of the Filer Manual will be made to reflect these changes, as described below.⁵

On April 8, 2020, the Commission adopted rules to modify the registration, communications, and offering processes for business development companies ("BDCs") and other closed-end investment companies under the Securities Act of 1933.⁶ As part of the rulemaking, the Commission amended 17 CFR 230.424, 230.456, and 230.457 (Securities Act rules 424, 456, and 457), as well as Forms S-1, S-3, F-1, and F-3 to permit issuers of certain continuously offered, exchange-traded products that share a number of similarities to exchange-traded funds, but are not registered under the Investment Company Act, to elect to register an offering of an indeterminate amount of securities and to pay registration fees in a manner consistent with mutual funds and exchange-traded funds. Accordingly, EDGAR Release 21.3 will add new submission form type 424I to permit these filers to register an offering of "Exchange-Traded Vehicle Securities," with registration fees due annually on a net basis.

As part of that same rulemaking, the Commission adopted a requirement that filings on Form 24F-2 be submitted in a structured format. EDGAR Release 21.3 will introduce a Pilot phase for filing Form 24F-2 in a structured format.

On November 2, 2020, the Commission adopted a new rule and amended an existing rule and forms to provide an updated, comprehensive approach to the regulation and use of derivatives and certain other transactions by mutual funds (other than money market funds), exchange-traded funds, registered closed-end funds, and BDCs (collectively "funds").⁷ To implement these changes, EDGAR Release 21.3 will add new submission form types N-RN and N-RN/A (formerly known as N-LIQUID and N-LIQUID/A) to allow funds to report certain information confidentially to the Commission. EDGAR Release 21.3 will

also revise submission form types N-CEN, N-CEN/A, NPORT-P, NPORT-P/A, NPORT-NP, and NPORT-NP/A to allow funds to report certain information regarding derivatives and other transactions.

On September 19, 2019, the Commission adopted recordkeeping, reporting, and notification requirements applicable to security-based swap dealers ("SBSDs") and major security-based swap participants ("MSBSPs"), securities count requirements applicable to certain SBSDs, and additional recordkeeping requirements applicable to broker-dealers to account for their security-based swap and swap activities.⁸ Accordingly, EDGAR Release 21.3 will update EDGAR to allow reports on Form X-17A-5 to be filed by two new categories of registrants (SBSDs and MSBSPs).

On December 18, 2019, the Commission adopted rules requiring the application of specific risk mitigation techniques to portfolios of uncleared security-based swaps.⁹ To implement one of these rules, which relates to the requirement to reconcile outstanding securities-based swap transactions, EDGAR Release 21.3 will add new submission form types SBS DISPUTE NOTICE and SBS DISPUTE NOTICE/A to allow SBSDs and MSBSPs to provide the Commission with notices of certain valuation disputes with their counterparties.

On November 2, 2020, the Commission amended rules and forms to simplify, harmonize, and improve certain aspects of the exempt offering framework to promote capital formation while preserving or enhancing important investor protections.¹⁰ To implement these rules, EDGAR Release 21.3 will increase the Total Offering Amount in "Item 13: Offering and Sales Amounts" from a maximum of \$5 million to \$10 million if any "Rule 504" (17 CFR 230.504) item is selected on submission form types D and D/A.

Also, the following updates will be made to Volume II of EDGAR Filer Manual:

- EDGAR will no longer accept the IFRS-2019 Taxonomy. Please see <https://www.sec.gov/info/edgar/>

- EDGAR will no longer use the description “Taiwan, Province of China” for Taiwan and will only use the term “Taiwan” without a following modifier, in compliance with the U.S. Government’s Geopolitical Entities, Names, and Codes Standard. The state/country list of values for all XML Schemas will be updated to reflect this change.

- EDGAR will be updated to accept the SBSE-C Certification form immediately after receiving the SBSE registration forms SBSE, SBSE-A and SBSE-BD.

EDGAR Release 21.3 will also make general functional updates that do not require changes to the Filer Manual. In particular:

- The EDGAR Filer Management, EDGAR Filing, and EDGAR Online Forms Management websites will be updated to eliminate support for Internet Explorer and add support for Microsoft Edge, in accord with the SEC’s move to Edge generally.

- The three websites will also be revised to include a general privacy notice, similar to the more detailed privacy notice that will be included in Form ID discussed in Section II.¹² The general privacy notice will link to the Privacy Act Notice available at *SEC.gov* and to guidance for filers regarding how to remove personally identifiable information (PII) inadvertently included in EDGAR filings.¹³

IV. Amendments to Rule 301 of Regulation S-T

Along with the adoption of the updated Filer Manual, we are amending Rule 301 of Regulation S-T to provide for the incorporation by reference into the Code of Federal Regulations of the current revisions. This incorporation by reference was approved by the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR part 51.

The updated EDGAR Filer Manual is available at <https://www.sec.gov/edgar/filer-information/current-edgar-filer-manual>. Typically, the EDGAR Filer Manual is also available for website viewing and printing in the

V. Administrative Law Matters

Because the Filer Manual, and form and rule amendments, relate solely to agency procedures or practice and do not substantially alter the rights and obligations of non-agency parties, publication for notice and comment is not required under the Administrative Procedure Act (“APA”).¹⁴ It follows that the amendments do not require analysis under requirements of the Regulatory Flexibility Act¹⁵ or a report to Congress under the Small Business Regulatory Fairness Act.¹⁶

The effective date for the updated Filer Manual and related rule amendments is October 7, 2021. In accordance with the APA,¹⁷ we find that there is good cause to establish an effective date less than 30 days after publication of these rules. The Commission believes that establishing an effective date less than 30 days after publication of these rules is necessary to coordinate the effectiveness of the updated Filer Manual with the related system upgrades.

VI. Statutory Basis

We are adopting the amendments to Regulation S-T and Form ID under the authority in Sections 6, 7, 8, 10, and 19(a) of the Securities Act of 1933,¹⁸ Sections 3, 12, 13, 14, 15, 15B, 23, and 35A of the Securities Exchange Act of 1934,¹⁹ Section 319 of the Trust Indenture Act of 1939,²⁰ and Sections 8, 30, 31, and 38 of the Investment Company Act of 1940.²¹

DEPARTMENT OF STATE

22 CFR Part 41

[Public Notice: 11458]

RIN 1400–AE82

Visas: Documentation of Nonimmigrants Under the Immigration and Nationality Act; Validity of Visa

AGENCY: Department of State.

ACTION: Final rule.

SUMMARY: This final rule replaces an outdated form name and number with a revised form name and number used for processing exchange visitor visas and updates the agency responsible for maintaining the form.

DATES: This final rule is effective November 8, 2021.

FOR FURTHER INFORMATION CONTACT:

Andrea B. Lage, Acting Regulatory Coordinator, U.S. Department of State, Bureau of Consular Affairs, Visa Services, 600 19th Street NW, Washington, DC 20522, 202–485–7586, VisaRegs@state.gov.

SUPPLEMENTARY INFORMATION: This rule makes a technical update to replace an outdated reference to Form IAP–66, Certificate of Eligibility for Exchange Visitor Status, with the updated name of Form DS–2019, Certificate of Eligibility for Exchange Visitor Status (J–NONIMMIGRANT) (hereinafter, Form DS–2019), which the Department of State has maintained since 2001.

Effective October 1, 1999, in accordance with sections 301 and 312 of the Foreign Affairs Reform and Restructuring Act of 1998, as amended,¹ the United States Information Agency, which administered the Exchange Visitor Program, was abolished and its functions were transferred to the Department of State. Following the transfer, the Department of State’s Bureau of Educational and Cultural Affairs (ECA) assumed responsibility for the Exchange Visitor Program. On October 11, 2001, the Office of Management and Budget approved ECA’s request to replace the Form IAP–66 with Form DS–2019. Then, on April 11, 2002, ECA published an interim final rule that replaced the outdated Form IAP–66 with the new Form DS–2019 in several sections of 22 CFR part 62,² but no corresponding changes were made in 22 CFR part 41 at the time.

Exchange Visitor Program sponsors issue Forms DS–2019 to prospective exchange visitors. The Form DS–2019 identifies the exchange visitor and his

or her designated sponsor, and provides a brief description of the exchange visitor’s program, including the start and end date, category of exchange, and an estimate of the cost of the exchange program. The prospective exchange visitor must provide a properly executed Form DS–2019 to a consular officer to be issued a J–1 nonimmigrant visa. See 22 CFR 41.62(a)(1). After being admitted to the United States, a responsible officer extending the program of an exchange visitor is required to provide the exchange visitor a duly executed Form DS–2019 reflecting the extension and provide a notification copy of such form to the Department of State. 22 CFR 62.43(b).

By amending 22 CFR 41.112, this rule will update the Department’s regulations governing the process through which the validity of an expired nonimmigrant visa may be automatically extended to the date of application for readmission under certain circumstances. Certain exchange visitors may apply with DHS for readmission after an absence of 30 days or less solely in a contiguous territory or adjacent islands other than Cuba by presenting a current Form DS–2019 and a valid passport.³ 22 CFR 41.112(d)(2)(ii). Additionally, in cases where DHS has changed the original nonimmigrant classification to another nonimmigrant classification, the validity of the expired or unexpired nonimmigrant visa may be considered to be automatically extended to the date of application for admission, and the visa may be converted as necessary to that changed classification. 22 CFR 41.112(d)(1)(ii).
