FOR FURTHER INFORMATION CONTACT: Elizabeth Gauthier, 202-821-6620, NSTAC@cisa.dhs.gov.

SUPPLEMENTARY INFORMATION: The NSTAC was established by Executive Order (E.O.) 12382, 47 FR 40531 (September 13, 1982), as amended and continued under the authority of E.O. 13889, dated September 27, 2019. Notice of this meeting is given under FACA, 5 U.S.C. Appendix (Pub. L. 92-463). The NSTAC advises the President on matters related to national security and emergency preparedness (NS/EP) telecommunications and cybersecurity policy.

Agenda: The NSTAC will meet in an open session on Thursday, November 2, 2021, to discuss current NSTAC activities and the Government's ongoing cybersecurity and NS/EP communications initiatives. This open session will include: (1) A keynote address on fortifying the Nation's cybersecurity posture; (2) an update on Administration actions to NSTAC and joint NS/EP communications; (3) a deliberation and vote on the *NSTAC Report to the President on Software Assurance in the Information and Communications Technology and Services Supply Chain*; and (4) a status update from the NSTAC Zero-Trust and Trusted Identity Management Subcommittee.

The committee will also meet in a closed session from 10:00 a.m. to 12:00 p.m. during which time senior Government intelligence officials will provide a threat briefing concerning threats to NS/EP communications and engage NSTAC members in follow-on discussion.

Basis for Closure: In accordance with section 10(d) of FACA and 5 U.S.C. 552b(c)(9)(B), *The Government in the Sunshine Act*, it has been determined that a portion of the agenda requires closure, as the disclosure of the information that will be discussed would not be in the public interest.

This agenda item is the classified threat briefing and discussion, which will provide NSTAC members the opportunity to discuss information concerning threats to NS/EP communications with senior Government intelligence officials. The briefing is anticipated to be classified at

the top secret/sensitive compartmented information level. Disclosure of these threats during the briefing, as well as vulnerabilities and mitigation techniques, is a risk to the Nation's cybersecurity posture, since adversaries could use this information to compromise commercial and Government networks.

Therefore, this portion of the meeting is required to be closed pursuant to section 10(d) of FACA and 5 U.S.C. 552b(c)(9)(B).

Elizabeth Gauthier,

Alternate Designated Federal Officer, NSTAC, Cybersecurity and Infrastructure Security Agency, Department of Homeland Security.
