ACTION: Extension of limited, conditional waiver of the minimum slot usage requirement for international operations only.

SUMMARY: The FAA has determined to extend through March 26, 2022, the Coronavirus (COVID–19)-related limited, conditional waiver of the minimum slot usage requirement at John F. Kennedy International Airport (JFK), New York LaGuardia Airport (LGA), and Ronald Reagan Washington National Airport (DCA) that the FAA has already made available through October 30, 2021, for international operations only. Similarly, the FAA has determined to extend through March 26, 2022, its COVID–19-related limited, conditional policy for prioritizing flights canceled at designated International Air Transport Association (IATA) Level 2 airports in the United States, for purposes of establishing a carrier’s operational baseline in the next corresponding season, for international operations only. These IATA Level 2 airports include Chicago O’Hare International Airport (ORD), Newark

Liberty International Airport (EWR), Los Angeles International Airport (LAX), and San Francisco International Airport (SFO). This relief is limited to slots and approved operating times used by any carrier for international operations only, through March 26, 2022, and will be subject to the same terms and conditions, with minor modifications, that the FAA has already applied to the relief that remains available through October 30, 2021.

Background

On March 16, 2020, the FAA granted a limited waiver of the minimum slot usage requirements¹ to carriers operating at all slot-controlled airports in the United States (DCA, JFK, and LGA)² and related relief to carriers operating at designated IATA Level 2 airports in the United States (EWR, LAX, ORD, SFO) due to the extraordinary impacts on the demand for air travel resulting from the COVID–19 pandemic.³ Since the initial slot usage waiver and related relief was

¹ The FAA has authority for developing “plans and policy for the use of the navigable airspace” and for assigning “by regulation or order the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace.” 49 U.S.C. 40103(b)(1). The FAA manages slot usage requirements under the authority of 14 CFR 93.227 at DCA and under the authority of Orders at JFK and LGA. See Operating Limitations at John F. Kennedy International Airport, 85 FR 58258 (Sep. 18, 2020); Operating Limitations at New York LaGuardia Airport, 85 FR 58255 (Sep. 18, 2020).

² Although DCA and LGA are not designated as IATA Level 3 slot-controlled airports given that these airports primarily serve domestic destinations, the FAA limits operations at these airports via rules at DCA and an Order at LGA that are equivalent to IATA Level 3. See FN 1. The FAA reiterates that the relief provided in the March 16, 2020, notice (85 FR 15018), the April 17, 2020, notice (85 FR 21500), the October 7, 2020, notice (85 FR 63335), and this policy statement, extends to all allocated slots, including slots allocated by exemption.
