

largest hospital will report an estimated 60,000 cases, with a burden of about 4,500 hours.

The total costs to NEISS respondents for CY 2023 are estimated at \$6.5 million. NEISS respondents enter into contracts with CPSC and are compensated for these costs. The average cost per respondent is estimated to be \$41,000. The average cost per burden hour is estimated to be \$50 per hour (including wages and overhead). However, the actual cost to each respondent varies, due to the type of respondent (hospital versus CPSC contractor), size of hospital, and regional differences in wages and overhead. Therefore, the actual annual cost for any given respondent may vary from \$3,000 for a small rural hospital, up to \$450,000 for the largest metropolitan hospital.

C. Other Burden Hours

In cases that require more information regarding product-related incidents or injuries, CPSC staff conducts face-to-face interviews with approximately 375 persons each year. On average, an on-site interview takes about 4.5 hours. CPSC staff also conducts about 2,000 in-depth investigations (IDIs) by telephone annually using a Computer Assisted Telephone Interview (CATI) or self-administered Computer Assisted internet Interview (CAII) questionnaires. Each CATI or CAII IDI requires about 20 minutes. CPSC staff estimates 2,355 annual burden hours on these respondents: 1,688 hours for face-to-face interviews; 667 hours for in-depth telephone or internet interviews. CPSC's staff estimates the value of the time required for reporting is \$38.60 an hour (U.S. Bureau of Labor Statistics, "Employer Costs for Employee Compensation," March 2021). At this valuation, the estimated annual cost to the public is about \$90,903. The cost to the government for the collection of this NEISS information is estimated to be about \$8.9 million a year. However, this estimate includes \$6.5 million in compensation to NEISS respondents, as described above.

This information collection request excludes the burden associated with other publicly available Consumer Product Safety Information Databases, such as internet complaints, Hotline, and Medical Examiners and Coroners Alert Project (MECAP) reports, which are approved under OMB control number 3041-0146. This information collection request also excludes the burden associated with follow-up

investigations conducted by other federal agencies.

Abstract: Under the current unprecedented national health emergency, the legislative and executive branches of government have come together to offer relief to those individuals and industries affected by the COVID–19 virus under the Coronavirus Aid, Relief, and Economic Security (CARES) Act (Pub. L. 116–136) authorized on March 27, 2020 and expanded through the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act, and the American Rescue Plan.

The Department awards Governor's Emergency Education Relief (GEER) grants to Governors (States) and analogous grants to Outlying Areas for the purpose of providing local educational agencies (LEAs), institutions of higher education (IHEs), and other education related entities with emergency assistance as a result of the coronavirus pandemic. The Department has awarded these grants to States (Governor's offices) based on a formula stipulated in the legislation. The grants are also awarded to Outlying Areas based on the same formula: (1) 60% on the basis of the State's or Outlying Area's relative population of individuals aged 5 through 24. (2) 40% on the basis of the State's relative number of children counted under section 1124(c) of the Elementary and Secondary Education Act of 1965 (ESEA). The grants are awarded to Outlying Areas based on the same formula. Data collected through this information collection will inform Department monitoring and oversight, and public reporting.

This information collection requests approval for a revision to a previously approved collection that includes annual reporting requirements to comply with the requirements of the GEER program and obtain information on how the funds were used. The revisions reflect a streamlining of the approved collection form requests for additional reporting under CRSSA. In accordance with the Recipient's Funding Certification and Agreements executed by GEER grantees, the Secretary may specify additional forms of reporting.
