

proposed to address the impacts to the covered species. Pursuant to NEPA, the EA analyzes the impacts the ITP issuance would have on the covered species and the environment.

### National Environmental Policy Act

The issuance of an ITP is a Federal action that triggers the need for compliance with NEPA. We prepared a draft EA that analyzes the environmental impacts on the human environment resulting from three alternatives: A no-action alternative, the applicant's proposed action, and a more restrictive alternative consisting of feathering at a rate of wind speed that results in less impacts to bats.

### Next Steps

The Service will evaluate the permit application and the comments received to determine whether the application meets the requirements of section 10(a) of the ESA. We will also conduct an intra-Service consultation pursuant to section 7 of the ESA to evaluate the effects of the proposed take. After considering the above findings, we will review public comments on the draft EA, complete the NEPA process, and determine whether the permit issuance criteria of section 10(a)(1)(B) of the ESA have been met. If met, the Service will issue the requested ITP to the applicant.

### Request for Public Comments

The Service invites comments and suggestions from all interested parties during a 30-day public comment period (see **DATES**). In particular, information and comments regarding the following topics are requested:

1. The direct, indirect, or cumulative effects that implementation of any alternative could have on the human environment;
2. Whether or not the significance of the impact on various aspects of the human environment has been adequately analyzed; and
3. Any other information pertinent to evaluating the effects of the proposed action on the human environment.

### Availability of Public Comments

You may submit comments by one of the methods shown under **ADDRESSES**. We will post on <http://regulations.gov> all public comments and information received electronically or via hardcopy. All comments received, including names and addresses, will become part of the administrative record associated with this action. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire

comment—including your personal identifying information—may be made publicly available at any time. While you can request in your comment that we withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public disclosure in their entirety.

### Authority

We provide this notice under section 10(c) of the ESA (16 U.S.C. 1531 *et seq.*) and its implementing regulations (50 CFR 17.22) and the NEPA (42 U.S.C. 4321 *et seq.*) and its implementing regulations (40 CFR 1500–1508 (2020); 43 CFR part 46).

### National Indian Gaming Commission

#### Fee Rate and Fingerprint Fees

**AGENCY:** National Indian Gaming Commission, Interior.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that the National Indian Gaming Commission has adopted its annual fee rates of 0.00% for tier 1 and 0.08% (.0008) for tier 2. These rates shall apply to all assessable gross revenues from each gaming operation under the jurisdiction of the Commission. If a tribe has a certificate of self-regulation, the fee rate on Class II revenues shall be 0.04% (.0004) which is one-half of the annual fee rate. The annual fee rates being adopted here are effective November 1, 2021 and will remain in effect until new rates are adopted. The National Indian Gaming Commission

has also adopted its fingerprint processing fee of \$35 per card which represents a decrease of \$10 per card from the current fee of \$45. The fingerprint processing fee being adopted here is effective November 1, 2021 and will remain in effect until the Commission adopts a new rate.

#### **FOR FURTHER INFORMATION CONTACT:**

Yvonne Lee, National Indian Gaming Commission, 1849 C Street NW, Mail Stop #1621, Washington, DC 20240; telephone (202) 632-7003; fax (202) 632-7066.

**SUPPLEMENTARY INFORMATION:** The Indian Gaming Regulatory Act (IGRA) established the National Indian Gaming Commission, which is charged with regulating gaming on Indian lands.

Commission regulations (25 CFR 514) provide for a system of fee assessment and payment that is self-administered by gaming operations. Pursuant to those regulations, the Commission is required to adopt and communicate assessment rates and the gaming operations are required to apply those rates to their revenues, compute the fees to be paid, report the revenues, and remit the fees to the Commission. All gaming operations within the jurisdiction of the Commission are required to self-administer the provisions of these regulations, and report and pay any fees that are due to the Commission. Based on the Commission's fee calculation structure, FY20's gaming revenue will be the basis for the tribes to calculate their FY22 quarterly fee payment to the NIGC. As a result of the COVID-19 pandemic impact on FY20's gaming revenue, raising the fee rate to 0.08% is necessary to ensure the continuous funding of the agency's operations throughout FY22.

Pursuant to 25 CFR 514, the Commission must also review annually the costs involved in processing fingerprint cards and set a fee based on fees charged by the Federal Bureau of Investigation and costs incurred by the Commission. Commission costs include Commission personnel, supplies, equipment costs, and postage to submit the results to the requesting tribe. The fingerprint processing fee decrease this year is a result of the one-time capital investment on updating the NIGC's fingerprint system and network for which the fund has been committed in FY21 and the system is currently in its design stage. FY22 costs allocated for processing fingerprint continue to reflect the Commission's commitment on taking additional measures necessary to ensure compliance with Federal Bureau of Investigation (FBI) requirements including funding

compliance efforts by hiring new Criminal Justice Information Services (CJIS) Auditors/Officers in FY22 to meet FBI CJIS requirements and to remediate findings from an FBI CJIS audit. Taking these necessary measures are not only required but critical to ensure the NIGC and participating tribes can continue to utilize the FBI's criminal history report information (CHRI) to determine a key employee or primary management official's eligibility for a gaming license.
